"As one of more than 400 Diebold suppliers, we are deeply honored to receive these awards from Diebold," said Javier Carral, Executive Vice President for Sanmina's Mexico operations. "The products we produce for Diebold are highly sophisticated electro-mechanical systems with very tight tolerances, requiring a high degree of operator skill. These awards demonstrate the exceptional teamwork at our Sanmina Mexico facilities and our commitment to exceed the expectations of our customers."

"We are very pleased to present some of our most prestigious performance and quality awards to Sanmina," said Linda Parcher, Vice President and Chief Supply Chain Officer at Diebold. "Sanmina has demonstrated high levels of quality for products that are very complex and have demanding requirements for reliability."

Sanmina's **Guadalajara, Mexico** operations produce a broad range of products for the communications networks,

medical, industrial, multimedia and automotive markets. Products include complex communications infrastructure and medical equipment, gaming systems and advanced automotive electronics.

## About Sanmina
