TYLER TECHNOLOGIES NAMED ONE OF TEXAS' FASTEST GROWING TECHNOLOGY COMPANIES

Dallas, October 8, 2003 — Tyler Technologies was recently honored as one of the 50 fastest growing technology companies in Texas by Deloitte & Touche LLP. The Texas Crescent Technology Fast 50 is the only awards program that ranks technology companies located throughout Texas by revenue growth over a five-year period. Tyler Technologies' increase in revenues of 471% from 1998 to 2002 resulted in the 28th ranking overall in the Fast 50 for Texas.

To qualify for the Technology Fast 50, companies must have had operating revenues of at least $50,000 in 1998 and $1,000,000 in 2002, must be public or private companies headquarted in Texas, and be a "technology company" defined as owning proprietary technology that contributes to a significant portion of the company's operating revenues (using other companies' technology in a unique way does not qualify); and/or devoting a significant portion of revenues to research and development of technology.

"To rank on the Deloitte & Touche Technology Fast 50, companies must have phenomenal revenue growth over five years," said Donna Epps of Deloitte & Touche's Technology, Media & Telecommunications Practice in Dallas. "Tyler Technologies has proven to be one of the fast-growth success stories in Texas, and we applaud their success and vision."

Winners of the 20 regional Technology Fast 50 programs in the United States and Canada are automatically entered in the Deloitte & Touche Technology Fast 500 program, which ranks North America's top 500 fastest growing technology companies. For more information on the Deloitte & Touche Fast 50 or Fast 500 programs, visit www.fast500.com.

Based in Dallas, Tyler Technologies is a leading provider of end-to-end information management solutions and services to local governments. Tyler partners with clients to make local government more accessible to the public, more responsive to needs of citizens, and more efficient. Tyler's client base includes nearly 6,000 local government offices throughout all 50 states, Canada and Puerto Rico. More information about Tyler Technologies can be found on the World Wide Web at www.tylerworks.com.
