TYLER TECHNOLOGIES TO SUPPLY DOUGLAS, ARIZONA, WITH FINANCIAL MANAGEMENT SOFTWARE SOLUTION

Dallas, October 29. 2008 -- Tyler Technologies, Inc. (NYSE: TYL) will provide its financial management solution to the City of Douglas, Arizona, based on a recently signed contract. The agreement, which was awarded through Mohave Educational Services Cooperative, Inc., includes software licenses, as well as corresponding professional services, ongoing maintenance and support.

"Tyler is pleased to offer a financial management solution that responds to the unique needs of the City of Douglas. Our software system is recognized for delivering improvements to an agency's overall operating efficiency—something we look forward to extending to Douglas. Tyler is confident the City will realize these benefits," said Brett Cate, president of Tyler's INCODE solutions.

Under the contract, Douglas will implement a comprehensive suite of Tyler's INCODE financial management software. The City has invested in financial and human resource applications, as well as citizen services modules such as Work Orders, Building Projects, Business Licenses, Utility Billing, Call Center and GIS Mapping. Additionally, Douglas will employ several Tyler document management products. These include Report Writer, Forms Overlay, Secure Signatures and Laserfiche® integration.

"Tyler's financial management solution is a workhorse as software goes—it's extremely reliable and requires little or no maintenance. The user-friendly solution is well supported by Tyler's knowledgeable staff of professionals. The system is easy to learn and operate, with a Help option that teaches users how to maneuver the basic elements of a program without any training. It is the best financial software I've seen in my 10-year municipal finance experience," commented Jorge Trevino, Douglas finance director and treasurer.

A culturally rich community, Douglas is located in southern Arizona along the U.S.-Mexico border. Home to 17,000 residents, the city covers approximately eight square miles of land in Cochise County.

Based in Dallas, Tyler Technologies is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to make local government more accessible to the public, more responsive to needs of citizens, and more efficient. Tyler's client base includes more than 7,000 local government offices throughout all 50 states, Canada, Puerto Rico and the United Kingdom. Tyler has been named one of "America's 200 Best Small Companies" by *Forbes* Magazine and one of "America's 100 Most Trustworthy Companies" by Audit Integrity, an independent research firm.
