Forward-Looking Statements

WSFS Financial Corporation

This presentation contains estimates, predictions, opinions, projections and other "forward-looking statements" as that phrase is defined in the Private Securities Litigation Reform Act of 1995. Such statements include, without limitation, references to the Company's predictions or expectations of future business or financial performance as well as its goals and objectives for future operations, financial and business trends, business prospects, and management's outlook or expectations for earnings, revenues, expenses, capital levels, liquidity levels, asset quality or other future financial or business performance, strategies or expectations. Such forward-looking statements are based on various assumptions (some of which may be beyond the Company's control) and are subject to risks and uncertainties (which change over time) and other factors which could cause actual results to differ materially from those currently anticipated. Such risks and uncertainties include, but are not limited to, those related to difficult market conditions and unfavorable economic trends in the United States generally, and particularly in the market areas in which the Company operates and in which its loans are concentrated, including the effects of declines in housing markets, an increase in unemployment levels and slowdowns in economic growth; the Company's level of nonperforming assets and the costs associated with resolving any problem loans including litigation and other costs; changes in market interest rates may increase funding costs and reduce earning asset yields thus reducing margin; the impact of changes in interest rates and the credit quality and strength of underlying collateral and the effect of such changes on the market value of the Company's investment securities portfolio; the credit risk associated with the substantial amount of commercial real estate, construction and land development, and commercial and industrial loans in our loan portfolio; the extensive federal and state regulation, supervision and examination governing almost every aspect of the Company's operations including changes in regulations affecting financial institutions, including the Dodd-Frank Wall Street Reform and Consumer Protection Act and the rules and regulations being issued in accordance with this statute and potential expenses associated with complying with such regulations; possible additional loan losses and impairment of the collectability of loans; the Company's ability to comply with applicable capital and liquidity requirements (including the finalized Basel III capital standards), including our ability to generate liquidity internally or raise capital on favorable terms; possible changes in trade, monetary and fiscal policies, laws and regulations and other activities of governments, agencies, and similar organizations; any impairment of the Company's goodwill or other intangible assets; failure of the financial and operational controls of the Company's Cash Connect division; conditions in the financial markets that may limit the Company's access to additional funding to meet its liquidity needs; the success of the Company's growth plans, including the successful integration of past and future acquisitions; negative perceptions or publicity with respect to the Company's trust and wealth management business; system failure or cybersecurity breaches of the Company's network security; the Company's ability to recruit and retain key employees; the effects of problems encountered by other financial institutions that adversely affect the Company or the banking industry generally; the effects of weather and natural disasters such as floods, droughts, wind, tornadoes and hurricanes as well as effects from geopolitical instability and manmade disasters including terrorist attacks; possible changes in the speed of loan prepayments by the Company's customers and loan origination or sales volumes; possible acceleration of prepayments of mortgage-backed securities due to low interest rates, and the related acceleration of premium amortization on prepayments on mortgage-backed securities due to low interest rates; regulatory limits on the Company's ability to receive dividends from its subsidiaries and pay dividends to its shareholders; the effects of any reputational, credit, interest rate, market, operational, legal, liquidity, regulatory and compliance risk resulting from developments related to any of the risks discussed above; and the costs associated with resolving any problem loans, litigation and other risks and uncertainties, discussed in the Company's Form 10-K for the year ended December 31, 2016 and other documents filed by the Company with the Securities and Exchange Commission from time to time. Forward-looking statements are as of the date they are made, and the Company does not undertake to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Company.

Non-GAAP Information

This presentation contains financial information and performance measures determined by methods other than in accordance with accounting principles generally accepted in the United States ("GAAP"). The Company's management uses these non-GAAP measures to measure the Company's performance and believes that these non-GAAP measures provide a greater understanding of ongoing operations, enhance comparability of results of operations with prior periods and show the effects of significant gains and charges in the periods presented without the impact of unusual items or events that may obscure trends in the Company's underlying performance. These disclosures should not be viewed as a substitute for financial measures determined in accordance with GAAP. For a reconciliation of these non-GAAP to their comparable GAAP measures, see Appendix 3. The following are the non-GAAP measures used in this presentation:

- Core net income is a non-GAAP measure that adjusts net income determined in accordance with GAAP to exclude the impact of securities gains (losses), corporate development expenses, debt extinguishment costs, and other extraordinary items
- Core noninterest income, also called core fee income, is a non-GAAP measure that adjusts noninterest income as determined in accordance with GAAP to exclude the impact of securities gains (losses)
- Core earnings per share (EPS) is a non-GAAP measure that divides (i) core net income by (ii) weighted average shares of common stock outstanding for the applicable period
- Core net revenue is a non-GAAP measure that is determined by adding core net interest income plus core noninterest income
- Core noninterest expense is a non-GAAP measure that adjusts noninterest expense as determined in accordance with GAAP to exclude corporate development expenses and debt extinguishment costs
- Core efficiency ratio is a non-GAAP measure that is determined by dividing core noninterest expense by the sum of core interest income and core noninterest income
- Core fee income to total revenue is a non-GAAP measure that divides (i) core non interest income by (ii) (tax equivalent) core net interest income and core noninterest income
- Core return on assets (ROA) is a non-GAAP measure that divides (i) core net income by (ii) average assets for the applicable period
- Core and Sustainable ROA is a non-GAAP measure that divides (i) net income determined in accordance with GAAP and adjusting it by taking core net income and normalizing for long-term credit costs, non-recurring accretion from purchased credit impaired loans ("PCI"), and a normal tax rate by (ii) average assets for the applicable period
- Tangible common equity is a non-GAAP measure and is defined as total average stockholders' equity less goodwill, other intangible assets and preferred stock
- Return on average tangible common equity (ROTCE) is a non-GAAP measure and is defined as net income allocable to common stockholders divided by tangible common equity

Reported Financial Results

2Q 2017 Reported Results:

• EPS	$0.64	• NIM	3.93%
• ROA	1.23%	• Fee Income / Total Revenue	36.5%
• ROTCE	16.12%	• Efficiency Ratio	60.8%

- Reported net income was $20.6 million, or $0.64 per diluted common share for 2Q 2017 compared to net income of $17.5 million, or $0.58 per share for 2Q 2016 and net income of $18.9 million, or $0.59 per share for 1Q 2017
- Net revenues were $86.0 million an increase of $14.1 million, or **20%** from 2Q 2016
- Net interest income was $54.3 million, an increase of $7.9 million, or **17%** from 2Q 2016 and noninterest income was $31.7 million, an increase of $6.2 million, or **24%** from 2Q 2016
- Noninterest expenses were $52.7 million, an increase of $8.0 million, or **18%** from 2Q 2016. This resulted in positive operating leverage and an efficiency ratio of 60.8% in 2Q 2017 compared with 61.5% in 2Q 2016

2Q 2017 Highlights

WSFS Financial Corporation

2Q 2017 Highlights

WSFS Financial Corporation

2Q 2017 Core [(1)] Results:

• EPS	$0.63	• NIM	3.93%
• ROA	1.22%	• Fee Income / Total Revenue	36.0%
• ROTCE	15.95%	• Efficiency Ratio	60.9%

Strong Revenue Growth

($ in millions)	2Q 2017	2Q 2016	Change
Core[(1)] Net Revenue	$85.3	$71.4	**+19%**
Net Interest Income	$54.3	$46.4	**+17%**
Net Interest Margin	3.93%	3.90%	**+3bps**
Core[(1)] Fee Income	$31.0	$25.0	**+24%**

- Reflects strong organic and acquisition growth
- Reflects positive effects of both our combination with Penn Liberty and higher short-term interest rates; offset by the additional 6bps of senior debt cost (expect to use proceeds to pay off older, higher cost debt in 3Q 2017)
- Includes 13% organic growth

Continued Expense Management

- Core[(1)] efficiency ratio of **60.9%** in 2Q 2017 improved from 61.2% in 2Q 2016
- One percentage point of **positive operating leverage**

Loan Growth Continues

- Net loans increased $33.6 million, **or 3% annualized,** from 1Q 2017. These results were highlighted by **24% (annualized) growth in consumer loans** and 1% (annualized) growth in commercial loans
- Net loans increased $116.0 million, or **5% annualized**, during the first six months of 2017

(1) These are non-GAAP financial measures and should be considered along with results prepared in accordance with GAAP, and not as a substitute for GAAP results. See Appendix 3 for a reconciliation to GAAP financial information.

2Q 2017 Highlights

Customer Funding

- Total customer funding decreased $448.4 million from 1Q 2017. The decrease included the expected departure of a short-term trust deposit of $352.4 million, $40.7 million of seasonal declines in public funding accounts and the purposeful decrease of higher-cost CDs
  - Core deposits increased $110.3 million, or **5% annualized**, during the first six months of 2017

Credit Costs

- Total credit costs (provision for loan losses, loan workout expenses, OREO expenses, and other credit reserves) were $2.3 million for 2Q 2017, a decrease from $2.8 million during 1Q 2017, and an increase from $1.3 million during 2Q 2016

Asset Quality Trends Improve and Remain Favorable

- **Total problem loans decreased** to $161.7 million or 23.2% of Tier 1 Capital plus ALLL, compared to $184.0 million or 27.1% at 3/31/17
- **Delinquencies (including nonperforming delinquencies) were $23.9 million, a low 0.52% of gross loans,** and a slight decrease from $24.2 million and 0.53% of gross loans at 3/31/17
- Total **NPAs** to total assets were 0.86%, compared to 0.88% at 3/31/17. The past two quarters included the impact of a $9.7 million locally-based C&I participation that was downgraded during 1Q 2017 after a targeted energy sector review
  - This loan relationship has been and continues to be current and well-secured; Positive resolution is expected
- **Net charge offs** were $1.7 million or **only 0.15%** of total net loans on an annualized basis and a decrease of $2.1 million or 0.19% (annualized) in 1Q 2017

2017 Outlook & 2016-2018 Strategic Plan

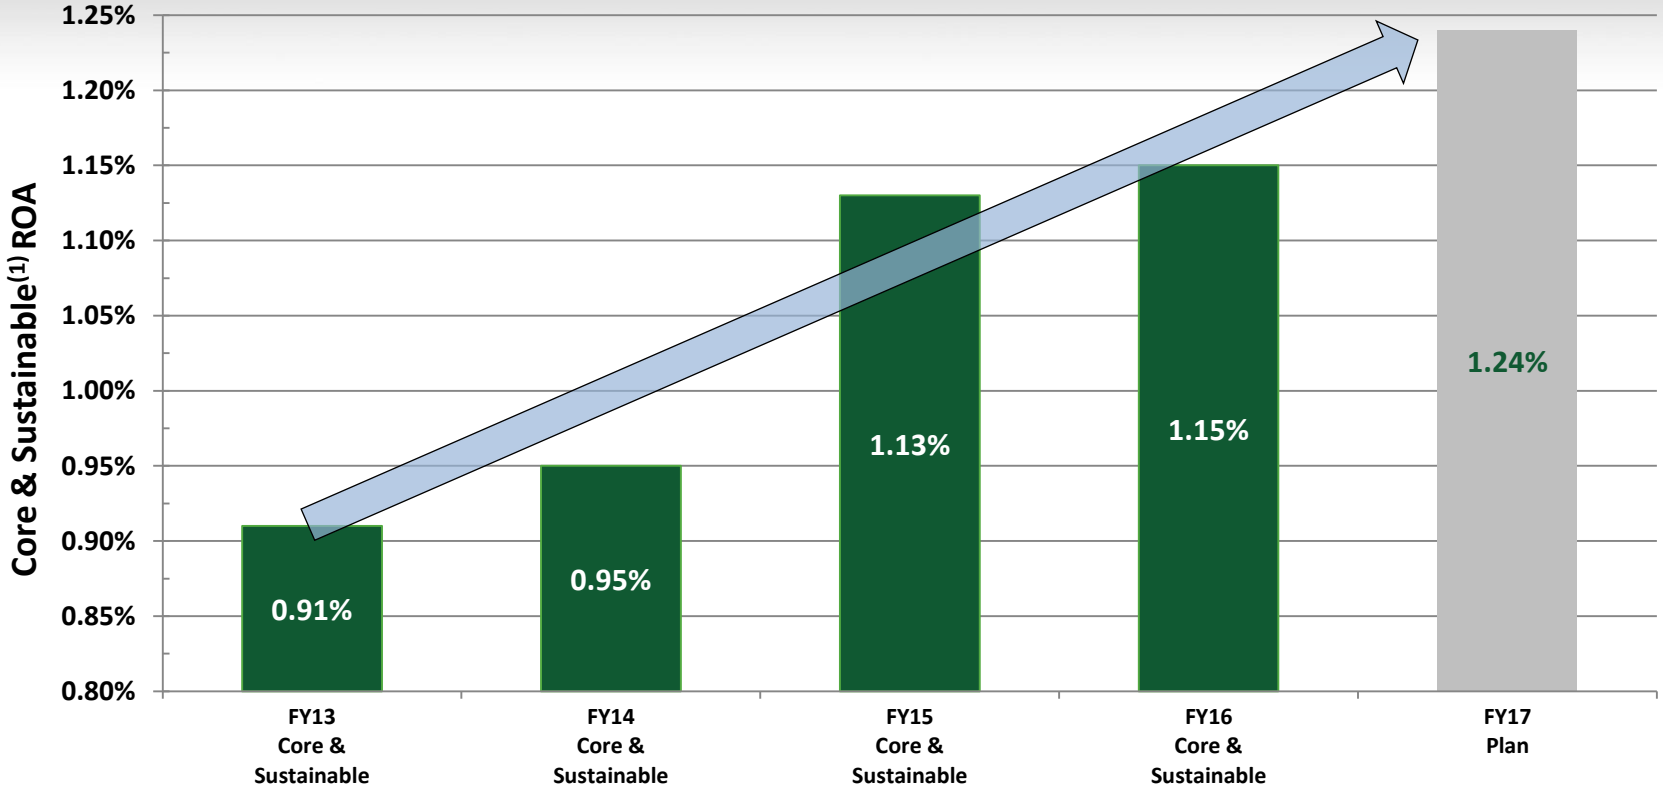
WSFS Financial Corporation

2017 Outlook / "Plan" – Driving Factors

- Mid-to-high single digit loan and core deposit growth
- Net interest margin in the mid 3.90%s
  - Assumes no additional rate hikes in 2017
  - Expected payoff of $55 million in 6.25% senior notes in September 2017 will enhance 4Q 2017 NIM and thereafter
- Total credit costs (provision, loan workout expenses, OREO expenses, and other credit reserves) between $12 – $14 million for the year (can be uneven), up from last year given organic and acquisition growth in franchise
- 20%+ non-interest income growth
  - Organic growth in the mid-teens, supplemented by growth from recent Wealth acquisitions
- Efficiency ratio around 60%
- Effective tax rate of around 35%

2017 Outlook

Core & Sustainable ROA(1)



GAAP ROA	1.07%	1.17%	1.05%	1.06%

(1) Core and Sustainable ROA is a non-GAAP measure and should be considered along with results prepared with in accordance with GAAP, and not as a substitute for GAAP results. See Appendix 3 for a reconciliation to GAAP financial information.

2016 – 2018 Strategic Plan

- Strong organic growth driven by favorable market demographics and competitive disruption
- Selected acquisitions with a focus on increasing fee-based revenue
  - Fee (non-interest) income to total revenue of 40% by 4Q 2018
- Positive operating leverage
  - Mid-to-high single digit organic loan and deposit growth
  - Low teens organic fee income growth
  - Prudent expense management → efficiency ratio ~60%
- Disciplined risk management → NPAs < 1%
- Top quintile performance
  - Core & Sustainable ROA of 1.30% by 4Q 2018

The WSFS Franchise

WSFS Financial Corporation

The WSFS Franchise

Note: Credit Unions hold an additional $1.921B in deposits, including $398.6MM @ Dover FCU and $342.1MM @ Del-One FCU.

The WSFS Franchise – PA Expansion

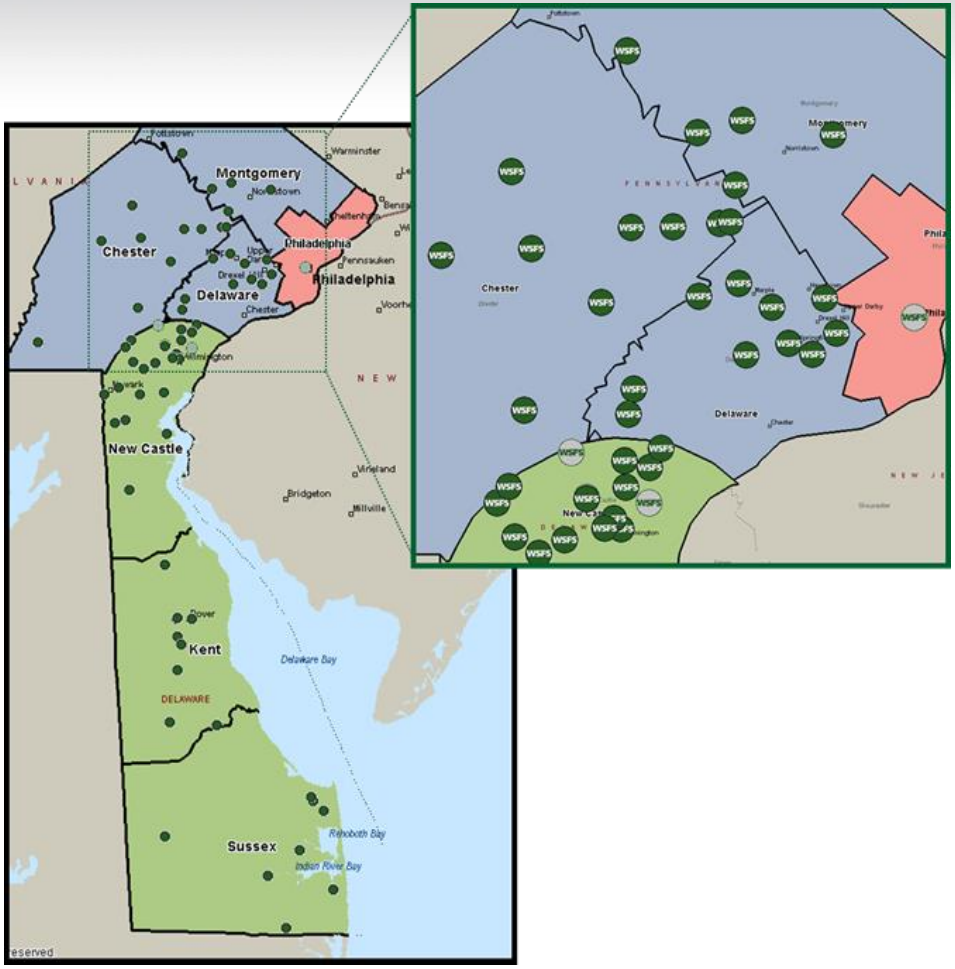
Over the past 5 years, WSFS has successfully expanded its franchise into Pennsylvania through:

- De novo branches; hiring local lenders
- Acquisition of Array / Arrow
- Acquisition of Alliance Bank
- Acquisition of Penn Liberty Bank
- Acquisition of West Capital Management

Strong position as one of the few remaining super-community banks in the attractive and rapidly consolidating southeastern PA markets

- Approximately $5.4 billion[(1)] of potential relationship dislocation in three key southeastern PA counties[(2)] as a result of recent acquisitions (SUSQ, NPBC and FNFG) by large, out-of-state super-regionals

29 total offices in southeastern PA, focused within a very tight geography in Chester, Delaware and Montgomery Counties



Source: SNL Financial.

1) Estimate as of the time of the Penn Liberty acquisition announcement
2) Chester, Delaware and Montgomery. Measured by deposits.

Appendices

WSFS Financial Corporation

Appendix 1 – Management Team

WSFS Financial Corporation

Mark A. Turner, 54, has served as President and Chief Executive Officer since 2007. He was elected Chairman of the Board of Directors in July 2017. Mr. Turner was previously Chief Operating Officer and the Chief Financial Officer for WSFS. Prior to joining WSFS, his experience includes working at CoreStates Bank and Meridian Bancorp. Mr. Turner started his career at the international professional services firm of KPMG, LLP. He received his MBA from the Wharton School of the University of Pennsylvania, his Masters Degree in Executive Leadership from the University of Nebraska and his Bachelor's Degree in Accounting and Management from LaSalle University.

Rodger Levenson, 56, Executive Vice President and Chief Operating Officer since July 2017. Mr. Levenson was previously the Chief Commercial Banking Officer from 2006 to 2015, interim Chief Financial Officer from March 2015 to May 2016 and Chief Corporate Development Officer from May 2016 to July 2017. From 2003 to 2006, Mr. Levenson was Senior Vice President and Manager of the Specialized Banking and Business Banking Divisions of Citizens Bank. Mr. Levenson received his MBA in Finance from Drexel University and his Bachelor's Degree in Finance from Temple University.

Dominic C. Canuso, CFA, 42, recently joined WSFS as Executive Vice President and Chief Financial Officer. From 2006 to 2016, he was Finance Director at Barclays' US Credit Card Business, most recently serving as Line of Business CFO. Prior to Barclays, he was at Advanta Bank and Arthur Andersen Consulting. Mr. Canuso received his Executive MBA and Bachelor's Degree from Villanova University.

Steve Clark, 59, joined WSFS Bank in 2002 and has served as Executive Vice President and Chief Commercial Banking Officer since May 2016. From 2002 thru 2006, Mr. Clark led and managed the establishment of the Middle Market lending unit, and in 2007 became Division Manager of the Business Banking and Middle Market Divisions. Prior to 2002, he spent 23 years in various commercial banking positions at PNC Bank and its predecessor companies. Mr. Clark received his MBA in Finance from Widener University and his Bachelor of Science Degree in Business Administration (Marketing) from the University of Delaware.

Peggy H. Eddens, 61, Executive Vice President, Chief Human Capital Officer since 2007. From 2003 to 2007 she was Senior Vice President for Human Resources and Development for NexTier Bank, Butler PA. Ms. Eddens received a Master of Science Degree in Human Resource Management from La Roche College and her Bachelor of Science Degree in Business Administration with minors in Management and Psychology from Robert Morris University.

Paul D. Geraghty, 63, Executive Vice President and Chief Wealth Officer since 2011. From 2007 to 2010, he was Chief Executive Officer at Harleysville National Corporation, Harleysville, PA. Mr. Geraghty received his Bachelor of Science in Accounting from Villanova University and pursued graduate study in business at Lehigh University.

Appendix 1 – Management Team

Paul S. Greenplate, 59, Executive Vice President and Chief Risk Officer, joined WSFS in 1999 and prior to his leadership role in the Risk Division, he served as Senior Vice President and Treasurer. As Executive Vice President and Chief Risk Officer, Mr. Greenplate oversees all independent Risk Management functions including, Credit Risk Management, Real Estate Services, Asset Recovery, Enterprise Risk Management, Legal, Internal Audit, Loan Review and Regulatory Compliance. Mr. Greenplate graduated from the University of Delaware with a Bachelor of Science in Economics.

Thomas W. Kearney, 69, Executive Vice President and Chief Risk Officer emeritus has been with WSFS since 1998. Mr. Kearney holds a Bachelor's degree in Business Administration (Finance and Accounting) from Drexel University. He also holds the professional designations of Certified Bank Auditor (CBA) and Certified Financial Services Auditor (CFSA).

S. James Mazarakis, 60, Executive Vice President and Chief Technology Officer since 2010. Mr. Mazarakis served in a senior leadership role as Chief Information Officer for T. Rowe Price, and Managing Director and Divisional CIO at JP Morgan Investment Asset Management. He received his Master of Science degree in Management of Technology from Polytechnic Institute of New York University.

Thomas Stevenson, 64, has served as President of Cash Connect Division since 2003. Mr. Stevenson joined WSFS in 1996 as Executive Vice President and Chief Information Officer. Prior to joining WSFS, Mr. Stevenson was the Manager of Quality Assurance at Electronic Payment Services. Mr. Stevenson attended Wayne State University and the Banking and Financial Services program at the University of Michigan's Graduate School of Business Administration.

Patrick J. Ward, 61, joined WSFS in August 2016 as Executive Vice President, Pennsylvania Market President. He also serves on the Board of Directors of WSFS Financial Corporation. Mr. Ward has over 32 years of banking industry experience and previously served as Chairman and CEO of Penn Liberty Bank. He was an EVP of Citizens Bank of Pennsylvania from January 2003 until January 2004. Prior thereto, Mr. Ward served as President and CEO of Commonwealth Bancorp, Inc., the holding company for Commonwealth Bank, until its acquisition by Citizens Bank in January 2003. Mr. Ward is a graduate of Carnegie Mellon University with a Bachelor of Science degree in economics and earned an MBA from the University of Notre Dame.

Richard M. Wright, 64, Executive Vice President and Chief Retail Banking Officer since 2006. From 2003 to 2006, Mr. Wright was Executive Vice President, Retail Banking and Marketing for DNB First in Downingtown, PA. Mr. Wright received his MBA in Management Decision Systems from the University of Southern California and his Bachelor's Degree in Marketing and Economics from California State University.
