CITY OF KALAMAZOO, MICHIGAN TO MODERNIZE ERP SYSTEMS WITH EDEN SOFTWARE FROM TYLER TECHNOLOGIES

Dallas, October 13, 2005 -- Tyler Technologies, Inc. (NYSE: TYL) announced today that it has signed a contract to provide the city of Kalamazoo, Michigan with Tyler's EDEN software. Under the agreement, Tyler will deliver financials, payroll and citizen services applications. Tyler will also provide implementation services, training and support for Kalamazoo. The total value of the contract is more than $1.0 million.

Duane Hettinger, the city's Director of Information Technology, said, "The City of Kalamazoo's business process owners (Division Managers) unanimously selected Tyler Technologies' EDEN division as our ERP vendor of choice. Tyler's software functionality, vendor qualities, stability, costs, and technical architecture made it a clear choice for EDEN software to be at the top of our selection list."

The city will also benefit from the openness and flexibility of Tyler's EDEN technology, including seamless integration with the city's asset management tools provided by GBA Master Series, Inc. "We look forward to implementing our powerful EDEN software system to meet the city of Kalamazoo's growing needs," commented Jeff Green, President of Tyler's EDEN division. "Tyler's products will improve the city's information management processes, and will increase the services and transaction options for citizens, including new e-government capabilities."

Strategically located midway between Chicago and Detroit in southwestern Michigan, the city of Kalamazoo has a population of approximately 77,000. More information can be found at www.discoverkalamazoo.com.
