SVB Silicon Valley Bank Acts as Co-Syndication Agent in a

$100 Million Refinance Deal to Netscout Systems

SVB Silicon Valley Bank acted as co-syndication agent in a $100 million refinance deal to Netscout Systems. Netscout Systems, Inc. acquired Network General Central Corporation in November 2007. The sellers of Network General, Silver Lake Partners and Texas Pacific Group, financed a portion of the acquisition with a $100 million seller's note. SVB Silicon Valley Bank committed $23 million to the refinance of the seller's note. The transaction closed and funded on Dec. 21, 2007.
