DISCLOSURES

Forward-Looking Statements

Except for historical information, the matters discussed may include "forward-looking statements." Those statements are subject to material risks and uncertainties. 1st Source cautions readers not to place undue reliance on any forward-looking statements, which speak only as of the date made. The audience is advised that various important factors could cause 1st Source's actual results or circumstances for future periods to differ materially from those anticipated or projected in such forward-looking statements. Please refer to our press releases, Form 10-Qs, and 10-Ks concerning factors that could cause actual results to differ materially from any forward-looking statements of which we undertake no obligation to publicly update or revise.

Non-GAAP Financial Measures

The accounting and reporting policies of 1st Source conform to generally accepted accounting principles ("GAAP") in the United States and prevailing practices in the banking industry. However, certain non-GAAP performance measures are used by management to evaluate and measure the Company's performance. Although these non-GAAP financial measures are frequently used by investors to evaluate a financial institution, they have limitations as analytical tools, and should not be considered in isolation, or as a substitute for analyses of results as reported under GAAP. These include taxable-equivalent net interest income (including its individual components), net interest margin (including its individual components), the efficiency ratio, tangible common equity-to-tangible assets ratio, pre-tax pre-provision income and tangible book value per common share. Management believes that these measures provide users of the Company's financial information a more meaningful view of the performance of the interest-earning assets and interest-bearing liabilities and of the Company's operating efficiency. Other financial holding companies may define or calculate these measures differently. See the slides titled "Reconciliation of Non-GAAP Financial Measures" for a reconciliation of certain non-GAAP financial measures used by the Company with their most closely related GAAP measures.

CORPORATE OVERVIEW

$8.4 billion Community Bank with International Reach headquartered in South Bend, Indiana

Community Banking

- Locations throughout northern Indiana and southwestern Michigan
- Business and personal banking, payment services, lending, mortgage, and leasing
- Investment management, wealth advisory, estate planning, and retirement planning services
- Business and consumer insurance sales

Renewable Energy Financing

- National footprint
- Construction loans, permanent loans and tax equity investments
- Community solar, commercial and industrial, small utility scale, university and municipal projects

Specialty Finance

- National and international footprint
- Construction machinery
- Corporate and personal aircraft
- Auto rental and leasing
- Truck rental and leasing

MISSION & VISION

Mission

To help our clients achieve security, build wealth and realize their dreams by offering straight talk, sound advice and keeping their best interests in mind for the long-term.

Vision

- Offer our clients the highest quality service
- Support a proud family of colleagues who personify the 1st Source spirit of partnership
- Be the financial institution of choice in each market we serve
- Remain independent and nurture pride of ownership among all 1st Source colleagues
- Achieve long-term, superior financial results

RENEWABLE ENERGY FINANCING

Our Renewable Energy Financing Division provides sponsors and developers with one-stop-shop financing by providing construction loans, permanent loans, and tax equity investments to community solar, commercial & industrial, small utility scale, university, and municipal solar projects. Loans and investments are made across the contiguous United States with a focus in the Northeast and Midwest.

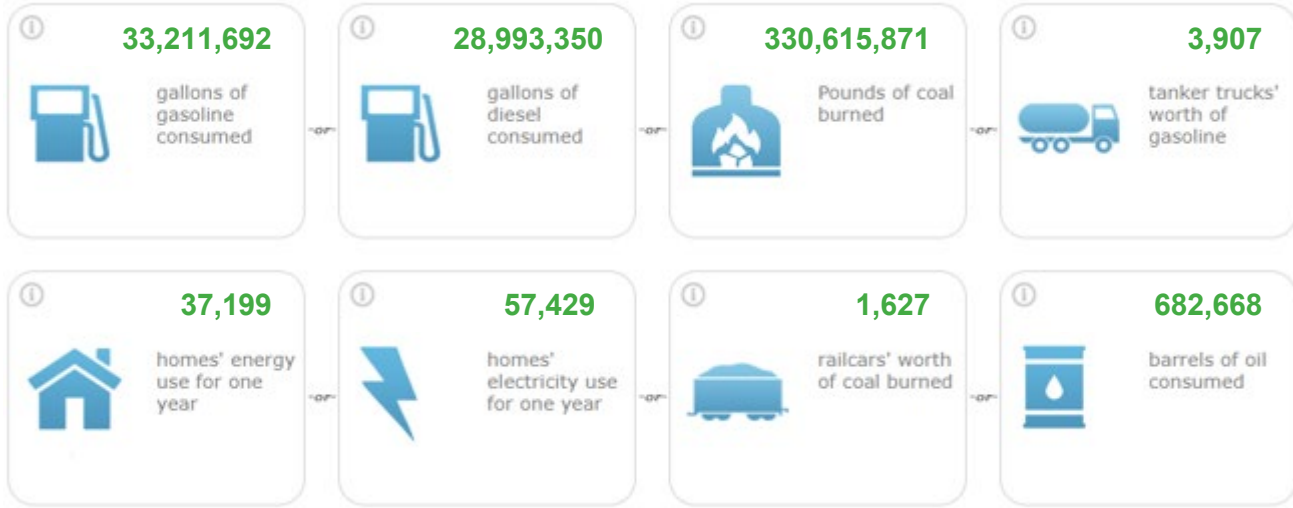
Financed solar projects positively impact communities across our growing portfolio through energy cost savings and renewable energy generation.

Environmental Impact

The estimated aggregate power capacity of financed projects avoids 295,152 metric tons of carbon greenhouse emissions annually.*

- Approximately $377 million in loans and leases outstanding as of June 30, 2023
- Over $127 million invested to date in tax equity partnership investments as of June 30, 2023

Equivalent Emissions Avoided Annually*



* Source: https://www.epa.gov/energy/greenhouse-gas-equivalencies-calculator as of July 7, 2023

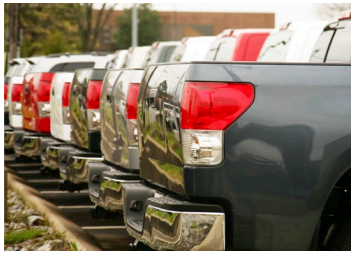
SPECIALTY FINANCE GROUP

Aircraft Division

Aircraft division provides financing primarily for new and pre-owned general aviation aircraft (including helicopters) for private and corporate users, some for aircraft distributors and dealers, air charter operators, air cargo carriers, and other aircraft operators. See Appendix for NAICS industry detail.

Construction Equipment Division

Construction equipment division provides financing for infrastructure projects (i.e., asphalt and concrete plants, bulldozers, excavators, cranes, and loaders, etc.)



Auto and Light Truck Division

Auto/light truck division provides financing for automobile rental and commercial auto leasing companies, and light truck rental and leasing companies.

Medium and Heavy Duty Truck Division

The medium and heavy duty truck division finances highway tractors and trailers and delivery trucks for the commercial trucking industry and trash and recycling equipment for municipalities and private businesses as well as equipment for landfills.
