About Green Plains Renewable Energy, Inc.

Green Plains Renewable Energy, Inc. (Nasdaq:GPRE) is North America's fourth largest ethanol producer, operating a total of eight ethanol plants in Indiana, Iowa, Michigan, Nebraska and Tennessee with annual expected operating capacity totaling approximately 657 million gallons. Green Plains also markets and distributes ethanol for third-party ethanol producers with annual expected operating capacity totaling approximately 360 million gallons. Green Plains owns 51% of Blendstar, LLC, a biofuel terminal operator which operates nine blending or terminaling facilities with approximately 495 million gallons per year of total throughput capacity in seven states in the south central United States. Green Plains operates grain storage facilities and complementary agronomy and petroleum businesses in Iowa, southern Minnesota and western Tennessee.
