KB Home Announces the Grand Opening of Its Newest Community in Highly Desirable Southwest Las Vegas

1/19/2024

Elliston offers personalized, new homes close to outdoor recreation, priced from the low \$400,000s.

LAS VEGAS--(BUSINESS WIRE)-- KB Home (NYSE: KBH) today announced the grand opening of Elliston, its latest new-home community in southwest Las Vegas. The desirable two-story homes at Elliston are designed for the way people live today, with popular interior features like modern kitchens overlooking large great rooms, expansive bedroom suites with walk-in closets, and ample storage space. The community's floor plans feature up to five bedrooms and four baths.

What sets KB Home apart is the company's focus on building strong, personal relationships with every customer, so they have a real partner in the homebuying process. Every KB home is uniquely built for each customer, so no two KB homes are the same. Homebuyers have the ability to personalize their new home, from floor plans to exterior styles to where they live in the community. Their home comes to life in the KB Home Design Studio, a one-of-a-kind experience where customers get both expert advice and the opportunity to select from a wide range of design choices that fit their style and their budget. Reflecting the company's commitment to creating an exceptional homebuying experience, KB Home is the #1 customer-ranked national homebuilder based on homebuyer satisfaction surveys from a leading third-party review site.

“We are pleased to offer area homebuyers spacious, new homes in a desirable southwest Las Vegas location,” said Aaron Hirschi, President of KB Home’s Las Vegas division. “Homeowners will appreciate the proximity to outdoor recreation, including top-rated golf courses, hiking trails and parks with children’s playgrounds, picnic areas, sports fields and tennis and basketball courts. At KB Home, we’re here to help you achieve your dream with a personalized new home built uniquely for you and your life.”

Innovative design plays an essential role in every home KB builds. The company’s floor plans inspire contemporary living, with a focus on roomy, light-filled spaces that have easy indoor/outdoor flow. KB homes are engineered to be highly energy and water efficient and include features that support healthier indoor environments. They are also designed to be ENERGY STAR® certified — a standard that fewer than 10% of new homes nationwide meet — offering greater comfort, well-being and utility cost savings than new homes without certification.

Elliston is situated in a commuter-friendly location that offers homebuyers an exceptional lifestyle. The new community is located on South Cimarron Road just north of Blue Diamond Highway, providing easy access to Interstate 15, the Las Vegas Strip, Harry Reid International Airport and the area’s major employment centers. The new community is convenient to shopping, dining and entertainment at Town Square Las Vegas and Durango Casino & Resort. Elliston is also minutes to Exploration Park and Mountain’s Edge Regional Park and just a short drive to Red Rock Canyon National Conservation Area.

The Elliston sales office and model homes are open for walk-in visits and private in-person tours by appointment. Homebuyers also have the flexibility to arrange a live video tour with a sales counselor. Pricing begins from the low \$400,000s.

About KB Home

KB Home is one of the largest and most recognized homebuilders in the United States, operating in 47 markets from coast to coast, and building over 680,000 quality homes in our more than 65-year history. What sets KB Home apart is our focus on building strong, personal relationships with every customer — from those buying their first home to experienced buyers — so they have a real partner in the homebuying process. No two KB homes are the same. That’s because every home is uniquely built for each customer, at a price that fits their budget. As the leader in energy-efficient homebuilding, KB Home was the first national builder to make a broad commitment to building ENERGY STAR® certified homes, a standard that fewer than 10% of new homes nationwide meet, and KB Home has built more ENERGY STAR certified homes than any other builder. An energy-efficient KB home helps lower the cost of ownership and is designed to deliver greater comfort and well-being than new homes without certification. Reflecting the company’s commitment to creating an exceptional homebuying experience, KB Home is the #1

customer-ranked national homebuilder based on homebuyer satisfaction surveys from a leading third-party review site. Learn more about how we build homes built on relationships by visiting **kbhome.com**.
