KB Home Announces the Grand Opening of Its Newest Community in Popular Georgetown, Texas

8/16/2023

Retreat at San Gabriel offers personalized, spacious, new homes near Georgetown ISD schools and a variety of outdoor recreation, shopping and dining, priced from the \$340,000s.

AUSTIN, Texas--(BUSINESS WIRE)-- KB Home (NYSE: KBH) today announced the grand opening of Retreat at San Gabriel, its latest new-home community in Georgetown. These new homes are designed for the way people live today, with popular design features like modern kitchens overlooking large great rooms, expansive bedroom suites with walk-in closets, and ample storage space. The community's one- and two-story floor plans feature up to five bedrooms and three-and-a-half baths.

What sets KB Home apart is the company's focus on building strong, personal relationships with every customer, so they have a real partner in the homebuying process. Every KB home is uniquely built for each customer, so no two KB homes are the same. Homebuyers have the ability to personalize their new home, from floor plans to exterior styles to where they live in the community. Their home comes to life in the KB Home Design Studio, a one-of-a-kind experience where customers get both expert advice and the opportunity to select from a wide range of design choices that fit their style and their budget. Reflecting the company's commitment to creating an exceptional homebuying experience, KB Home is the #1 customer-ranked national homebuilder based on homebuyer satisfaction surveys from a leading third-party review site.

"We are pleased to offer homebuyers in Georgetown spacious new one- and two-story homes that live bigger for less," said Chemise McCain, President of KB Home's Austin division. "Families will appreciate the community's

desirable location near Georgetown ISD schools, close to a variety of outdoor recreation and shopping and dining at historic Georgetown Square and Wolf Ranch Town Center. At KB Home, we're here to help you achieve your dream with a personalized new home built uniquely for you and your life."

Innovative design plays an essential role in every home KB builds. The company's floor plans inspire contemporary living, with a focus on roomy, light-filled spaces that have easy indoor/outdoor flow. KB homes are engineered to be highly energy and water efficient and include features that support healthier indoor environments. Thanks to quality construction techniques and materials, every home KB builds is designed to be ENERGY STAR® certified — a standard that fewer than 10% of new homes nationwide meet — to deliver greater comfort, well-being and utility cost savings than new homes without certification.

Retreat at San Gabriel's commuter-friendly location offers homebuyers an exceptional lifestyle. Situated off State Highway 29, the community provides easy access to Interstate 35, Highway 183 and Ronald Reagan Boulevard. Residents will also enjoy the community's proximity to a variety of outdoor recreation, including Lake Georgetown, Cedar Breaks, Blue Hole Park and Inner Space Cavern. The community is zoned for Georgetown Independent School District.

The Retreat at San Gabriel sales office and model homes are open for walk-in visits and private in-person tours by appointment. Homebuyers also have the flexibility to arrange a live video tour with a sales counselor. Pricing begins from the \$340,000s.

About KB Home

KB Home is one of the largest and most recognized homebuilders in the U.S., operating in 47 markets from coast to coast, and building over 670,000 quality homes in our more than 65-year history. What sets KB Home apart is our focus on building strong, personal relationships with every customer — from those buying their first home to experienced buyers — so they have a real partner in the homebuying process. No two KB homes are the same. That's because every home is uniquely built for each customer, at a price that fits their budget. As the leader in energy-efficient homebuilding, KB Home was the first builder to commit to build every home to be ENERGY STAR® certified, a standard that fewer than 10% of new homes nationwide meet and has built more ENERGY STAR certified homes than any other builder. An energy-efficient KB home helps lower the cost of ownership and is designed to deliver greater comfort and well-being than new homes without certification. Reflecting the company's commitment to creating an exceptional homebuying experience, KB Home is the #1 customer-ranked national homebuilder based on homebuyer satisfaction surveys from a leading third-party review site.
