"Skyview at Ponte Vista is a new, gated community in a prime Los Angeles South Bay location, tucked between Palos Verdes and Long Beach, and just minutes away from popular beaches, golf courses, parks, and waterfront

shopping, dining and entertainment,” said Keltie Cole, President of KB Home’s Los Angeles and Ventura County division. “The community will offer customers a rare opportunity to purchase and personalize a new home in an area with limited new and resale inventory.”

KB Home stands out from other homebuilders as the company gives homebuyers exceptional choice and control. KB Home starts by offering a wide variety of homes at an affordable price. From there, the builder gives buyers the ability to personalize their homes from floor plans to exterior elevations, from design options to where they live in the community. The KB Home team works hand in hand with homeowners every step of the way so they have a real partner in the process.

Every KB home is designed to be ENERGY STAR® certified thanks to the quality construction techniques and materials utilized that ultimately deliver significant savings on utility bills compared to used homes. Additionally, all new KB homes are designed to deliver an enhanced indoor environment and include high performance ventilation systems, low- or zero-VOC products and other features guided by the Environmental Protection Agency’s (EPA) Indoor airPLUS standards.

The Skyview at Ponte Vista sales office and model homes are open for private in-person tours by appointment, and walk-in visits are welcome. Homebuyers also have the flexibility to arrange a live video tour with a sales counselor. Pricing begins from the low \$1M.
