KB Home is one of the largest and most recognized homebuilders in the United States and has built over 650,000 quality homes in our more than 60-year history. Today, KB Home operates in 45 markets from coast to coast. What sets KB Home apart is the exceptional personalization we offer our homebuyers—from those buying their first home to experienced buyers—allowing them to make their home uniquely their own, at a price that fits their budget. As the leader in energy-efficient homebuilding, KB Home was the first builder to make every home it builds ENERGY STAR® certified, a standard of energy performance achieved by fewer than 10% of new homes in America, and has built more ENERGY STAR certified homes than any other builder. An energy-efficient KB home helps lower the cost of ownership and is designed to be healthier, more comfortable and better for the environment than new homes without certification.
