<sup>1</sup> Data Center will include two sub-markets, Hyperscale and ACIE, which incorporates AI Clouds, Industrial, and Enterprise. Hyperscale will include revenue from the public clouds and the world's largest consumer internet companies, while ACIE addresses our growth opportunity in diverse AI purpose-built data centers and AI factories across industries and countries.

<sup>2</sup> Edge Computing highlights devices for agentic and physical AI including PCs, game consoles, workstations, AI-RAN base stations, robotics and automotive.

Note: In the first quarter of fiscal year 2027, we changed our presentation of revenue by market platform, and the comparable periods have been recast.
