Burford Capital Reports Record 2023 Results

Burford Capital Limited (“Burford”), the leading global finance and asset management firm focused on law, today announces its fourth quarter and full year 2023 results.

In addition, Burford has made available an accompanying fourth quarter and full year 2023 results presentation, a shareholder letter and capital provision-direct and capital provision-indirect asset data tables on its website at <http://investors.burfordcapital.com>.

Christopher Bogart, Chief Executive Officer of Burford Capital, commented:

“Burford had an extraordinary year. Our earnings per share rose 19x to \$2.74, driven by a tripling of consolidated total revenues to \$1.1 billion in 2023 due to significant growth in capital provision income, with and without our YPF-related assets. We achieved a Burford-only net income margin of 63%. With the courts fully back in business, we had an active year and we anticipate further substantial levels of activity in 2024 and 2025. Increased portfolio velocity was reflected in record core legal finance realizations, cash receipts and realized gains, as well as sizeable unrealized gains arising from the portfolio moving forward. Our ROTE soared to 32% in 2023 from 2% in 2022, and we increased tangible book value by 34% to \$9.85.”

Group-wide (non-GAAP) (\$ in thousands)	December 31, 2023	December 31, 2022	% change
Total portfolio	7,170,308	6,146,871	17%

- Realized gains in FY23 up 40% to \$186 million from the prior year (FY22: \$133 million), with no contribution from the YPF-related assets
- Realizations in FY23 up 42% to \$496 million (FY22: \$350 million)
 - Continued strength in realizations in FY23 reflects increased portfolio velocity, as the case backlog in the courts continues to clear
- Cash receipts in FY23 up 49% to \$489 million (FY22: \$328 million)
 - Cash receipts in FY23 meaningfully exceeded total operating expenses and finance costs
- Deployments in FY23 down 16% to \$382 million (FY22: \$457 million)
 - Current vintage year Burford-only capital provision-direct deployments were ~40% of 2023 total compared to ~60% in 2022 - this is simply a business mix variation as 2022 had more monetizations and the rapid settlement of a large 2023 matter, producing 37% IRR, meant there was a \$100 million of available commitment not deployed
- New commitments in FY23 up 4% to \$1.2 billion on a group-wide basis (FY22: \$1.2 billion)
 - However, capital provision-direct new commitments on Burford-only basis down 5% to \$691 million as BOF-C took a larger share of new commitments (FY22: \$726 million)
- Group-wide total portfolio increased 17% to \$7.2 billion at December 31, 2023 (December 31, 2022: \$6.1 billion), due to significant fair value gains and growth in deployments and undrawn commitments

- Total revenues in FY23 of \$977 million (FY22: \$251 million) were a driver of significant earnings growth
 - Realized gains on total capital provision assets of \$187 million in FY23 driven by capital provision-direct assets, representing our highest returning core legal finance strategy
 - Unrealized gains, excluding YPF-related assets, on capital provision assets increased 120% in FY23 to \$158 million (FY22: \$72 million), due to portfolio progress
 - YPF-related assets generated \$543 million of unrealized gains in FY23, due mainly to favorable summary judgment in the first quarter of 2023 and favorable final judgment in the third quarter of 2023
- Operating income in FY23 of \$708 million (FY22: \$128 million), attributable principally to growth of 290% in total revenues
 - Operating expenses in FY23 of \$269 million (FY22: \$123 million), reflecting strong portfolio performance
 - Total operating expenses in 2023 include almost \$130 million of non-cash accruals and one-time or case expenses
 - Strong revenue growth caused total operating expenses (including all non-cash accruals) as a percentage of total revenues to decline to 27% in 2023 from 49% in 2022
 - Increase in portfolio value, including unrealized gains on the YPF-related assets, drove increase in accrued compensation expense associated with carried interest
 - Long-term incentive compensation includes accrued expenses and related employee benefits and are only paid out upon receipt of cash proceeds from net realized gains of capital provision assets
- Net income in FY23 of \$611 million (FY22: \$31 million) amounted to 63% of total revenues
 - Net income per diluted share in FY23 of \$2.74 (FY22: \$0.14 per diluted share)
- Tangible book value attributable to Burford Capital Limited of \$2.2 billion at December 31, 2023 (December 31, 2022: \$1.6 billion)
 - Tangible book value attributable to Burford Capital Limited per ordinary share increased 34% to \$9.85 at December 31, 2023 (December 31, 2022: \$7.36), primarily reflecting strong earnings
- Burford-only ROTE for FY23 of 32% (FY22: 2%)

 - Leverage decreased in FY23, primarily driven by asset and equity growth and remains well below covenant ceiling levels
 - In June 2023, Moody's revised its outlook on its Ba2 rating to positive from stable
 - In October 2023, S&P revised its outlook on its BB- rating to positive from stable
- Declared dividend of 6.25¢ per ordinary share payable, subject to shareholder approval at the annual general meeting to be held in May 2024, on June 14, 2024 to shareholders of record on May 24, 2024, with an ex-dividend date of May 23, 2024

SEC Reporting

We anticipate filing our annual report on Form 20-F with the US Securities and Exchange Commission within the next 30 days. We expect that to be our last filing on Form 20-F, used by foreign private issuers. Even if we do not lose foreign private issuer status by having more than 50% US investors on June 30, 2024, we nevertheless intend to move to reporting as a full US issuer and using Form 10-K for the 2024 fiscal year.

In our forthcoming Form 20-F, we will be reporting a material weakness in our internal control over financial reporting and that our disclosure controls and procedures were not effective in the aftermath of the adoption of our new valuation policy. That material weakness and corresponding controls' determinations relate to the lack of documented available evidence demonstrating the precision of management's application of the process to determine certain assumptions used in the measurement of the fair value of capital provision assets. To be clear, this is an issue of internal documentation of a management process; no material accounting errors were identified as a result.

Definitions and use of non-GAAP financial measures and alternative performance measures

Burford reports its consolidated financial results in accordance with US GAAP. US GAAP requires us to present financial statements that consolidate some of the limited partner interests in private funds we manage as well as assets held on our balance sheet where we have a partner or minority investor. We therefore refer to various presentations of our consolidated financial results as follows:

- *Consolidated* refers to assets, liabilities and activities that include those third-party interests, partially owned subsidiaries and special purpose vehicles that we are required to consolidate under US GAAP. At the date of this announcement, the major entities where there is also a third-party partner in, or owner of, those entities include Burford Opportunity Fund C LP, Burford Advantage Master Fund LP, Colorado Investments Limited ("Colorado") and several other entities in which Burford holds investments where there is also a third-party partner in, or owner of, those entities.
- *Burford-only* refers to assets, liabilities and activities that pertain only to Burford on a proprietary basis, excluding any third-party interests and the portions of jointly owned entities owned by others.
- *Group-wide* refers to the totality of assets managed by Burford, including those portions of the private funds owned by third parties and including private funds that are not consolidated within Burford's consolidated financial statements. Group-wide is therefore the sum of Burford-only and non-controlling interests in consolidated and non-consolidated private funds. Group-wide does not include third-party interests in capital provision assets, the economics of which have been sold to those third parties, which do not meet the criteria to be recognized as a sale under US GAAP. This includes the third-party interests in Colorado and other capital provision asset subparticipations.

We subdivide our capital provision assets into two categories:

- *Direct*, which includes all of our capital provision assets that we have originated directly (*i.e.*, not through participation in a private fund) from our balance sheet. We also include direct (*i.e.*, not through participation in a private fund) complex strategies assets in this category.
- *Indirect*, which includes our balance sheet's participations in one of our private funds (*i.e.*, Burford Advantage Master Fund LP).

We also use certain unaudited alternative performance measures, including:

- *Internal rate of return* ("IRR") is a discount rate that makes the net present value of a series of cash flows equal to zero and is expressed as a percentage figure. We compute IRR on concluded (including partially concluded) legal finance assets by treating that entire portfolio (or, when noted, a subset thereof) as one undifferentiated pool of capital and measuring actual and, if necessary, estimated inflows and outflows from that pool, allocating costs appropriately. IRRs do not include unrealized gains or losses.
- *Return on invested capital* ("ROIC") from a concluded asset is the absolute amount of realizations from such asset in excess of the amount of expenditure incurred in financing such asset divided by the amount of expenditure incurred, expressed as a percentage figure. ROIC is a measure of our ability to generate absolute returns on our assets. Some industry participants express returns on a multiple of invested capital ("MOIC") instead of a ROIC basis. MOIC includes the return of capital and, therefore, is 1x higher than ROIC. In other words, 70% ROIC is the same as 1.70x MOIC.

Other unaudited alternative performance measures and terms we use include:

- *Commitment* is the amount of financing we agree to provide for a legal finance asset. Commitments can be definitive (requiring us to provide financing on a schedule or, more often, when certain expenses are incurred) or discretionary (allowing us to provide financing after reviewing and approving a future matter). Unless otherwise indicated, commitments include deployed cost and undrawn commitments.
- *Deployment* refers to the financing provided for an asset, which adds to our deployed cost in such asset.
- *Deployed cost* is the amount of financing we have provided for an asset at the applicable point in time.
- *Fair value adjustment* is the amount of unrealized gain or loss recognized in our consolidated statements of operations in the relevant period and added to or subtracted from, as applicable, the asset or liability value in our consolidated statements of financial position.
- *Portfolio* includes deployed cost, net unrealized gains or losses and undrawn commitments.
- *Realization*: A legal finance asset is realized when the asset is concluded (*i.e.*, when litigation risk has been resolved). A realization will result in us receiving cash or, occasionally, non-cash assets, or recognizing a due from settlement receivable, reflecting what we are owed on the asset.
- *Realized gain / loss* reflects the total amount of gain or loss, relative to cost, generated by a legal finance asset when it is realized, calculated as realized proceeds less deployed cost, without regard for any previously recognized fair value adjustment.
- *Unrealized gain / loss* represents the fair value of our legal finance assets over or under their deployed cost, as determined in accordance with the requirements of the applicable US GAAP standards, for the relevant financial reporting period (consolidated statements of operations) or cumulatively (consolidated statements of financial position).
- *YPF-related assets* refers to our Petersen and Eton Park legal finance assets, which are two claims relating to the Republic of Argentina's nationalization of YPF S.A., the Argentine energy company.

We also use certain non-GAAP financial measures, including:

- *Book value per ordinary share* is calculated by dividing total Burford Capital Limited equity by the number of ordinary shares issued and outstanding.
- *Cash receipts* provide a measure of the cash that our capital provision and other assets generate during a given period as well as cash from certain other fees and income. In particular, cash receipts represent the cash generated from capital provision and other assets, including cash proceeds from realized or concluded assets and any related hedging assets, and cash received from asset management income, services and/or other income, before any deployments into financing existing or new assets. Cash receipts are a non-GAAP financial measure and should not be considered in isolation from, as a substitute for, or superior to, financial measures calculated in accordance with US GAAP. The most directly comparable measure calculated in accordance with US GAAP is proceeds from capital provision assets as set forth in our consolidated statements of cash flows. We believe that cash receipts are an important measure of our operating and financial performance and are useful to management and investors when assessing the performance of our Burford-only capital provision assets.
- *Return on tangible equity* ("ROTE") is Burford-only net income/(loss) divided by the average of tangible equity at the beginning and end of the relevant period, with tangible equity calculated as total Burford Capital Limited equity less goodwill. ROTE is a non-GAAP financial measure and should not be considered in isolation from, as a substitute for, or superior to, financial measures calculated in accordance with US GAAP. The most directly comparable measure calculated in accordance with US GAAP is net income/(loss) attributable to Burford Capital Limited shareholders as set forth in our consolidated statements of operations. We believe ROTE is an important measure of our operating and financial performance and is useful

to management and investors when assessing the performance of our Burford-only capital provision assets.

- *Tangible book value attributable to Burford Capital Limited* is calculated by subtracting intangible assets (such as goodwill) from total Burford Capital Limited equity. *Tangible book value attributable to Burford Capital Limited per ordinary share* is calculated by dividing tangible book value attributable to Burford Capital Limited by the total number of outstanding ordinary shares. Each of tangible book value attributable to Burford Capital Limited and tangible book value attributable to Burford Capital Limited per ordinary share is a non-GAAP financial measure and should not be considered in isolation from, as a substitute for, or superior to, financial measures calculated in accordance with US GAAP. The most directly comparable measure calculated in accordance with US GAAP is total Burford Capital Limited equity as set forth in our consolidated statements of financial position. We believe that tangible book value attributable to Burford Capital Limited per ordinary share is an important measure of our financial condition and is useful to management and investors when assessing capital adequacy and our ability to generate earnings on tangible equity invested by our shareholders.

Non-GAAP financial measures should not be considered in isolation from, as substitutes for, or superior to, financial measures calculated in accordance with US GAAP.

Forward-looking statements

This announcement contains “forward-looking statements” within the meaning of Section 21E of the US Securities Exchange Act of 1934, as amended, regarding assumptions, expectations, projections, intentions and beliefs about future events. These statements are intended as “forward-looking statements”. In some cases, predictive, future-tense or forward-looking words such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “forecast”, “guidance”, “intend”, “may”, “plan”, “potential”, “predict”, “projected”, “should” or “will” or the negative of such terms or other comparable terminology are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. In addition, Burford and its representatives may from time to time make other oral or written statements that are forward-looking, including in its periodic reports that Burford files with, or furnishes to, the US Securities and Exchange Commission, other information made available to Burford’s security holders and other written materials. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future. Burford cautions that forward-looking statements are not guarantees of future performance and are based on numerous assumptions, expectations, projections, intentions and beliefs and that Burford’s actual results of operations, including its financial position and liquidity, and the development of the industry in which it operates, may differ materially from (and be more negative than) those made in, or suggested by, the forward-looking statements contained in this announcement. Significant factors that may cause actual results to differ from those Burford expects include, among others, those

discussed under “Risk Factors” in Burford’s annual report on Form 20-F for the year ended December 31, 2022 filed with the US Securities and Exchange Commission on May 16, 2023 and other reports or documents that Burford files with, or furnishes to, the US Securities and Exchange Commission from time to time. In addition, even if Burford’s results of operations, including its financial position and liquidity, and the development of the industry in which it operates are consistent with the forward-looking statements contained in this announcement, those results of operations or developments may not be indicative of results of operations or developments in subsequent periods.

Except as required by applicable law, Burford undertakes no obligation to update or revise the forward-looking statements contained in this announcement, whether as a result of new information, future events or otherwise.

The 2023 financial information contained in this release and the accompanying earnings presentation is unaudited; our final audited numbers could vary materially from the information contained herein.
