Astec Industries, Inc. Announces the Company's First Quarter 2026 Conference Call on May 6, 2026, at 8:30 A.M. Eastern Time

2026-04-15

CHATTANOOGA, Tenn., April 15, 2026 (GLOBE NEWSWIRE) -- You are invited by Astec Industries, Inc. (NASDAQ: ASTE) to participate in a conference call to review the company's first quarter 2026 financial results.

Astec Industries, Inc. will be releasing the company's first quarter results to the wire service on Wednesday, May 6, 2026, at approximately 7:00 a.m. Eastern Time.

The live call will begin on Wednesday, May 6, 2026, at 8:30 a.m. Eastern Time.

Jaco van der Merwe, President and Chief Executive Officer, Brian Harris, Chief Financial Officer, and Steve Anderson, Senior Vice President of Administration and Investor Relations, will host the call.

To access the call, dial (800) 715-9871 on Wednesday, May 6, 2026, at least 10 minutes prior to the scheduled time for the call. International callers should dial +1 (646) 307-1963. You may also access a live webcast of the call by using the following link: <https://events.q4inc.com/attendeer/207358450>

Webcast URL:

You will need to give your name and company affiliation and reference Astec. An archived webcast will be available for ninety days at www.astecindustries.com.

A replay of the call can be accessed through May 20, 2026, by dialing (800) 770-2030, or +1(609) 800-9909 for

international callers, Conference ID# 2593169. A transcript of the conference call will be made available under the Investor Relations section of the Astec Industries Inc. website within 5 business days after the call.

About ASTEC

Astec is a manufacturer of specialized equipment for asphalt road building, aggregate processing and concrete production. Astec's manufacturing operations are divided into two primary business segments: Infrastructure Solutions, which includes road building, asphalt and concrete plants, thermal and storage solutions; and Materials Solutions, which includes aggregate processing equipment. Astec also operates a line of controls and automation products designed to deliver enhanced productivity through improved equipment performance.
