

2020 Second Quarter Earnings

11:00 a.m. ET, July 30, 2020

NYSE: CDE

> Cautionary Statements

This presentation contains forward-looking statements within the meaning of securities legislation in the United States and Canada, including statements involving strategic priorities and company strategies, expectations regarding environmental, social and governance (“ESG”) initiatives, anticipated production, costs and expenses, exploration and development efforts, crushing, grades, throughput, recoveries, COVID-19 planning and response measures, operations, initiatives at the Palmarejo, Rochester, Kensington, Wharf and Silvertip mines, including mill expansion, completion of a pre-feasibility study, exploration plans and expectations regarding Silvertip, the impact of the new crushing circuit at Rochester, expectations regarding the expansion and timing of publishing a new technical report at Rochester, post-expansion free cash flow expectations at Rochester, the impact of a new stacking plan at Rochester, the impact of Jualin on Kensington operations, debt repayment plans and hedging strategies. Such forward-looking statements involve known and unknown risks, uncertainties, and other factors which may cause Coeur's actual results, performance, or achievements to be materially different from any future results, performance, or achievements expressed or implied by the forward-looking statements. Such factors include, among others, the risk that the strategies, initiatives and expectations described in this presentation are not achieved on a timely basis or at all, the risks and hazards inherent in the mining business (including risks inherent in developing large-scale mining projects, environmental hazards, industrial accidents, weather, or geologically related conditions), changes in the market prices of gold, silver, zinc, and lead, and a sustained lower price or higher treatment and refining charge environment, the uncertainties inherent in Coeur's production, exploratory and developmental activities, including risks relating to permitting and regulatory delays (including the impact of government shutdowns), ground conditions, grade variability, any future labor disputes, or work stoppages, the uncertainties inherent in the estimation of mineral reserves and resources, changes that could result from Coeur's future acquisition of new mining properties or businesses, the loss or insolvency of any third-party smelter to which Coeur markets its production, the potential effects of the COVID-19 pandemic, including impacts to the availability of our workforce, continued access to financing sources, government orders that may require temporary suspension of operations at one or more of our sites and effects on our suppliers or the refiners and smelters to whom the Company markets its production, the effects of environmental and other governmental regulations and government shut-downs, the risks inherent in the ownership or operation of or investment in mining properties or businesses in foreign countries, Coeur's ability to raise additional financing necessary to conduct its business, make payments or refinance its debt as well as other uncertainties and risk factors set out in filings made from time to time with the United States Securities and Exchange Commission, and the Canadian securities regulators, including, without limitation, Coeur's most recent reports on Forms 10-K and 10-Q. Actual results, developments, and timetables could vary significantly from the estimates presented. Readers are cautioned not to put undue reliance on forward looking statements. Coeur disclaims any intent or obligation to update publicly such forward-looking statements, whether as a result of new information, future events, or otherwise. Additionally, Coeur undertakes no obligation to comment on analyses, expectations, or statements made by third parties in respect of Coeur, its financial or operating results or its securities.

Christopher Pascoe, Coeur's Director, Technical Services and a qualified person under Canadian National Instrument 43-101, reviewed and approved the scientific and technical information concerning Coeur's mineral projects in this presentation. Mineral resources are in addition to mineral reserves and do not have demonstrated economic viability. Inferred mineral resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of mineral reserves, and there is no certainty that the inferred mineral resources will be realized. For a description of the key assumptions, parameters and methods used to estimate mineral reserves and resources, as well as data verification procedures and a general discussion of the extent to which the estimates may be affected by any known environmental, permitting, legal, title, taxation, socio-political, marketing or other relevant factors, Canadian investors should see the Technical Reports for each of Coeur's properties as filed on SEDAR at www.sedar.com.

Cautionary Note to U.S. Investors - The United States Securities and Exchange Commission permits U.S. mining companies, in their filings with the SEC, to disclose only those mineral deposits that a company can economically and legally extract or produce. We may use certain terms in public disclosures, such as “measured,” “indicated,” “inferred” and “resources,” that are recognized by Canadian regulations, but that SEC guidelines generally prohibit U.S. registered companies from including in their filings with the SEC. U.S. investors are urged to consider closely the disclosure in our Form 10-K which may be secured from us, or from the SEC's website at <http://www.sec.gov>.

Non-U.S. GAAP Measures - We supplement the reporting of our financial information determined under United States generally accepted accounting principles (U.S. GAAP) with certain non-U.S. GAAP financial measures, including adjusted net income (loss), operating cash flow excluding changes in working capital, adjusted EBITDA, adjusted EBITDA margin, total leverage, net leverage, free cash flow and adjusted costs applicable to sales per ounce/pound. We believe that these adjusted measures provide meaningful information to assist management, investors and analysts in understanding our financial results and assessing our prospects for future performance. We believe these adjusted financial measures are important indicators of our recurring operations because they exclude items that may not be indicative of, or are unrelated to our core operating results, and provide a better baseline for analyzing trends in our underlying businesses. We believe adjusted net income (loss), adjusted EBITDA, adjusted EBITDA margin, total leverage, net leverage, free cash flow and adjusted costs applicable to sales per ounce/pound are important measures in assessing the Company's overall financial performance. This presentation does not represent an offer of any securities for sale.

> Welcome Mick Routledge: New Chief Operating Officer

Michael ("Mick") Routledge
Senior Vice President and Chief Operating Officer

- ✓ Vice President of Major Projects and Studies at Alacer Gold Corp. (2019-2020)
- ✓ Senior Director of Operational Excellence at Anagold Madencilik (2017-2019)
- ✓ Chief Operating Officer of Asahi Refining (2015-2017)
- ✓ Over twenty years of experience with Rio Tinto Group, including Chief Operating Officer (2011-2012) and Vice President HSE, Projects & Operational Value (2012-2014) of the Kennecott Utah Copper mine
- ✓ Undergraduate degree from the University of Sunderland, England in Electrical and Control Engineering
- ✓ Masters in Business Administration from Henley Management College in England, focusing on business and strategic transformation

DELIVER

Impactful Results Through Teamwork

> Second Quarter 2020 Highlights

- ✓ Successful Palmarejo restart post-suspension, expecting strong 2H 2020
- ✓ Strong operating and financial results drove meaningful cash flow improvements at Kensington and Wharf
- ✓ Aggressive investment in exploration (~60% increase Q-o-Q/~2x Y-o-Y); update to be provided next month
- ✓ Construction at Rochester for POA11 expansion scheduled to begin in early August
- ✓ Extended hedging to underpin expected strong cash flow and support POA11 expansion funding
- ✓ Repaid 90% of precautionary revolver draw from April; anticipate further deleveraging during 2H 2020
- ✓ ~\$71 million of cash at quarter-end (34% higher Q-o-Q)

> Financial Summary

(\$M, except metal sales, adj. EBITDA margin and per share amounts)	2Q 2020	1Q 2020	QoQ Δ	2Q 2019	YoY Δ
Metal Sales					
Gold ounces sold (oz)	77,933	85,635	(9%)	86,385	(10%)
Silver ounces sold (M oz)	1.6	2.7	(40%)	3.0	(47%)

Adjusted net income (loss) per share ¹	\$0.01	\$0.00	NM	(\$0.11)	NM

Note: "NM" means not meaningful. Percentages may differ due to rounding.

(1) See non-GAAP reconciliation tables in the appendix to this presentation.

(2) Free cash flow is defined as cash flow from operating activities less capital expenditures and gold production royalty payments. See reconciliation tables in the appendix to this presentation.

> Production Summary

	2Q 2020	YTD	Full-Year Guidance ¹ (Original Guidance ²)	YTD Progress ³	Implied 2H 2020	
Gold Production (oz)						
Palmarejo	15,223	46,801	95,000 – 105,000 (95,000 – 110,000)	47%	48,199 – 58,199	• Ramped up operations in June 2020 post suspension • Throughput expected to average ~4,630 tpd during 2H 2020 due to government-imposed workforce restrictions related to COVID-19 • Anticipating higher grades and improved recoveries to partially offset lower throughput
Rochester	5,159	11,095	27,000 – 33,000 (27,000 – 33,000)	37%	15,905 – 21,905	• 1H 2020 production affected by increased depths to liner for inventory under leach • See comments under Silver Production for additional details
Kensington	33,058	65,080	125,000 – 135,000 (115,000 – 130,000)	50%	59,920 – 69,920	• Solid 2Q 2020 results due to positive grade reconciliation and increased throughput from Jualin • Jualin expected to account for ~15-20% of Kensington's total production in 2020
Wharf	24,789	40,330	80,000 – 90,000 (80,000 – 90,000)	47%	39,670 – 49,670	• Improved weather, higher grades and better crusher performance drove stronger 2Q 2020 gold production • Production expected to remain strong during 2H 2020
Total Gold Production	78,229	163,306	327,000 – 363,000 (317,000 – 363,000)	47%	163,694 – 199,694	
Silver Production (k oz)						
Palmarejo	867	2,702	6,000 – 7,000 (6,300 – 7,800)	42%	3,298 – 4,298	• See comments under Gold Production for additional details
Rochester	728	1,415	3,500 – 4,500 (4,000 – 5,500)	35%	2,085 – 3,085	• Expecting strong crushing rates to continue in 2H 2020 • Executing inter-lift liner to reduce depths to liner and accelerate recoveries on HPGR-crushed ore
Wharf	25	40	NA	NA	NA	• NA
Total Silver Production⁴	1,620	4,157	9,500 – 11,500 (10,300 – 13,300)	40%	5,343 – 7,343	

Note: Percentages may differ due to rounding.

(1) Guidance as published by Coeur on July 29, 2020.

(2) Original guidance as published by Coeur on February 19, 2020; withdrawn on April 7, 2020 in conjunction with the announcement of the temporary suspension of Palmarejo.

(3) Percentage progress figures based on midpoint of guidance ranges.

(4) Excludes silver production from Silvertip, which temporarily suspended active mining and processing in February 2020 (unrelated to COVID-19).

> U.S. Assets & Gold Remain Largest Share of Revenue

Coeur's revenue mix reflects its strategy of operating a balanced portfolio of precious metals operations in attractive jurisdictions. Gold sales and U.S. operations continued to represent the largest share of the Company's revenue in 2Q 2020

2Q 2020 Revenue by Asset
(% of revenue)

... by Geography
(% of revenue)

... by Metal
(% of revenue)

Note: Percentages may differ due to rounding.
(1) As of December 31, 2019.

> Rochester: Updated 2020 Stacking Plan

At the end of 2Q 2020, Coeur began executing a new stacking plan at Rochester aimed at maximizing silver recoveries on HPGR-crushed ore. Production levels are expected to steadily increase and reach sustainable levels during 2H 2020

- ✓ Updated stacking plan in place from June to December 2020
- ✓ Targeting the placement of ~11.2 million tons
 - ~1.2 million tons on the north expansion collection system
 - ~8.0 million tons on the west expansion collection system
 - ~2.0 million tons on the historic collection system
- ✓ Current HPGR-crushed material to rotate off

> Rochester: Advancing Efforts on Upcoming Expansion

Coeur expects to begin initial construction activities for POA 11 in 3Q 2020, beginning with early-stage earthworks and project-specific infrastructure. Major construction projects are scheduled to begin in early 2021 and be largely completed by late 2022

(1) Includes ancillary facilities.

> Coeur's Capital Allocation Framework

Mining is capital intensive and requires a disciplined approach to capital allocation with a view toward long-term reserve replacement and growth

Investment	Illustrative Return	Key Benefits	Key Considerations
Safety/Environment/ Sustainability	–	✓ Reflects the Company's values ✓ Mitigates risk for stakeholders ✓ Establishes and sustains social license	
Asset Optimization/ Enhancements	25% +	✓ Highest returns ✓ Quickest impact ✓ Low capital intensity ✓ Lowest risk	✗ Finite opportunity set
Brownfield Exploration	20% +	✓ High success / lowest risk exploration ✓ Low average discovery cost ✓ Quick payback given existing infrastructure	✗ Returns dependent on specific deposit ✗ All deposits eventually come to an end
Opportunistic M&A	15% +	✓ Opportunity to meaningfully impact company ✓ Scale and liquidity can be differentiators	✗ Limited number of opportunities meet criteria ✗ Requires significant organizational commitment ✗ Challenging social dynamics
10% - 15% estimated cost of capital			
Greenfield Exploration	Can vary widely	✓ Potential to create substantial value from new discoveries	✗ Low success rate ✗ Requires long-term, sustained financial and organizational commitment
Debt Repayment	5% - 6%	✓ Eliminates/reduces interest expense ✓ Improves balance sheet flexibility ✓ Mitigates downside metal price risk	✗ Low ROI ✗ Reduces cash liquidity levels ✗ Bond buybacks can be expensive
Dividends/ Repurchases	–	✓ Reflects Board and management confidence in long-term outlook ✓ Provides discipline ✓ Offers opportunity to differentiate among peers	✗ Industry's cyclical and capital intensity ✗ Not a key driver for most investors ✗ Limited under indenture and credit agreement

> Balance Sheet and Hedging Summary

Liquidity Profile

(\$M)

Debt and Leverage Summary^{1,2}

(\$M)

Summary of Metal Sales Hedges

Strategy	- Opportunistically executing hedges to support funding of POA 11 - Targeting up to 50% of expected gold production through 2022
Instrument	- Zero-cost collar gold hedge - No upfront costs “Guarantees” price floor and provides upside price participation up to a specified ceiling
Settlement	Financially, against monthly average LBMA³ pricing

Snapshot of Metal Sales Hedges

	3Q	4Q	Total 2H 2020	2021	2022
Ounces Hedged	49,500	55,500	105,000	158,700	126,000
Avg. Ceiling (\$/oz)	\$1,826	\$1,823	\$1,825	\$1,875	\$2,030
Avg. Floor (\$/oz)	\$1,441	\$1,471	\$1,457	\$1,600	\$1,626

(1) See non-GAAP reconciliation tables in the appendix to this presentation.

(2) Net debt equals total debt less cash and cash equivalents.

(3) London Bullion Market Association.

> Looking Ahead: Delivering Consistent Operating & Financial Results COEUR MINING®

- ✔ Maintain rigorous health and safety protocols across the Company
- ✔ Sustain increased investment in success-based exploration programs
- ✔ Continue steadily increasing production at Palmarejo
- ✔ Execute new stacking plan and begin POA 11 construction at Rochester
- ✔ Increase high-grade contributions from Jualin at Kensington
- ✔ Maximize crushed tons and ounces placed on leach pad at Wharf
- ✔ Complete internal pre-feasibility study for mill expansion at Silvertip
- ✔ Further de-lever the balance sheet and build cash position

Production Outlook

	Gold (oz)	Silver (K oz)
Palmarejo	95,000 – 105,000	6,000 – 7,000
Rochester	27,000 – 33,000	3,500 – 4,500
Kensington	125,000 – 135,000	-
Wharf	80,000 – 90,000	-
Consolidated	327,000 – 363,000	9,500 – 11,500

CAS Outlook²

	Gold (\$/oz)	Silver (\$/oz)
Palmarejo (co-product)	\$785 - \$885	\$9.50 - \$10.50
Rochester (co-product)	\$1,250 - \$1,400	\$12.75 - \$14.00
Kensington	\$900 - \$1,000	-
Wharf (by-product)	\$950 - \$1,000	-

Capital, Exploration and G&A

(\$M)

Capital Expenditures, Sustaining ³	\$70 – \$85
Capital Expenditures, Growth	\$40 – \$45
Exploration, Expensed	\$37 – \$43
Exploration, Capitalized	\$7 – \$11
General & Administrative Expenses	\$32 – \$36

Note: The Company's guidance figures assume \$1,650/oz gold and \$16.50/oz silver as well as CAD of 1.36 and MXN of 21.00.

(1) Guidance as published by Coeur on July 29, 2020.

(2) See non-GAAP reconciliation tables in the appendix to this presentation.

(3) Sustaining capital expenditures exclude capital leases.

ESG Highlights

> Committed to Diversity and Inclusion

“The tragic death of George Floyd and other horrific events over the past month serve as stark reminders that, as a society, much work remains to be done to address racism and the conscious and unconscious biases that enable its existence. At Coeur, we are committed to fostering diversity and inclusion at our company and in our communities.”

– Mitchell J. Krebs, President & CEO

CEO **ACT!ON** FOR DIVERSITY & INCLUSION

- ✓ First and only precious metals mining CEO to sign the CEO ACTION for Diversity & Inclusion pledge
- ✓ Hosted a Day of Understanding in early 2020
 - Created platform for open dialogue and meaningful conversations on diversity and inclusion

- ✓ Designed to highlight and engage members of the military
- ✓ Allows service members to use the special skills developed during their time of service to help make a difference at Coeur's operations
 - Provided 87 career opportunities to current and former U.S. Military personnel

- ✓ Coeur sponsored 'reading playoffs' event for four consecutive years
- ✓ Expanding partnership to include: COVID-19 response and staff diversity training
- ✓ Developing STEM After-school program for graduating Seniors

- ✓ Creating relationship with My Block, My Hood, My City
 - Providing transportation after school to Coeur's headquarters in Chicago for an afternoon of exploring precious metals mining
 - Goal of exposing Chicago's Black youth to our industry and career opportunities

> Precious Metals Are Coeur to Everyday Life

Coeur is an important part of the supply chains for gold and silver. Due to their unique properties, gold and silver have countless innovative uses that shape the way we live today and enable a more sustainable, healthier tomorrow

> Recent Environmental, Social and Governance Accomplishments COEUR MINING®

Coeur is committed to being an industry leader in its environmental, social and governance practices, exemplified by the Company's accomplishments for protecting its people, places and planet

Winner of *cfi.co*, Best Miner Governance, North America 2020

#1

Ranked Among Peer Group by Sustainalytics, May 2020

Finalist for S&P Global Platts Mining and Metals Award 2020, CSR

Published Responsibility Report

ISS QualityScore of "1" for Governance (Highest Possible)

> COVID-19 Response and Decision-Making Approach

Coeur's principal objective to help combat COVID-19 is to safeguard the health, safety and well-being of its workforce, their families and the communities where the Company operates

PROTECT

Our People, Places, Planet

> Activities to Protect People and Places During COVID-19 COEUR MINING®

People

- ✓ Social distancing and enhanced cleaning
- ✓ Multilayered testing strategy
- ✓ Traditional contact tracing complemented by wearable technology pilot
- ✓ Remote work for office employees
- ✓ Only essential business travel
- ✓ Pre-work and on-site health screenings
- ✓ Regular CEO communications; talking points for local leaders
- ✓ Sick leave policies cover bonus payments to camp employees affected by extended schedules and quarantine

Places

- ✓ Partner with communities in communication and response efforts
- ✓ Greatly reduced travel, limiting community risk of exposure
- ✓ Implementing company-provided testing and contact tracing organization-wide
- ✓ Donations, including PPE and supplies for vulnerable community members
- ✓ Palmarejo clinic open to the public

> Active Involvement in Protecting Our Communities

Health tent at Wharf used for screening temperatures and completing questionnaire forms

Food distribution at Palmarejo

Rochester team showcasing completed drive-through testing center donated to Pershing County Hospital

> Industry-Leading Safety Performance

Coeur has held the National Mining Association CORESafety certification since 2017

Coeur's injury frequency rate remains significantly below industry averages

Lost-Time Injury Frequency Rate

Total Reportable Injury Frequency Rate

(3) Coeur YTD 2020 information through June 30, 2020.

> Demonstrating Our Commitment

Best-in-Class Governance Practices

Board Refreshment and Succession Planning	• Three new independent directors added to the Board since early 2018 and six directors – more than 50% of the Board – added in last seven years • Active Board succession planning and refreshment
Robust Board and Committee Evaluations	• Annual evaluations promote Board and Board committee effectiveness • Chairman's one-on-one meetings with each director promote candor, effectiveness and accountability
No Related Party Transactions	• No related person transactions with directors or executive officers
Board-Level Risk Oversight	• The Board and Board committees take an active role in the Company's risk oversight and risk management processes
Active Stockholder Engagement	• During 2019, Coeur continued its proactive and robust stockholder outreach efforts on governance, executive compensation and other matters, contacting all institutional stockholders of 0.15% or more
Clawback Policy	• Added officer misconduct to the scope of clawback policy in addition to financial restatement-driven events

Stockholder Rights

Annual Election of Directors	• All directors are elected annually for one-year terms
Majority Voting for Director Elections	• Majority voting in uncontested director elections with a resignation policy
Proxy Access	• Proactively adopted proxy access in March 2019
Stockholder Right to Call Special Meetings	• Stockholders owning 20% or more of Coeur's common stock have the right to call a special meeting of the stockholders
No Poison Pill	• Coeur does not have a poison pill or similar anti-takeover defenses in place

> Significantly Improved Corporate Governance Profile

Corporate Governance Enhancements Since 2010	2010	2020
Independent Board Chairman	✗	✓
Entire Board of Directors is independent other than CEO	✗	✓
Gender diversity on the Board	✗	✓
Majority voting standard for uncontested Director elections	✗	✓
Proxy access allowing certain stockholders to nominate directors	✗	✓
Robust Board and Committee self-evaluation (including 1:1 discussions with Chairman and third-party participation)	✗	✓
Executive and Director stock ownership guidelines	✗	✓
No excise tax gross-up on executive severance	✗	✓
All incentive awards subject to double-trigger change-in-control vesting	✗	✓
60% of executive equity awards are performance shares and 40% are time-vesting restricted stock	✗	✓
Independent executive compensation consultant to compensation committee	✗	✓
No executive employment agreements other than CEO	✗	✓
No "related person transactions" with Directors or executive officers	✗	✓
Robust executive compensation clawback policy covering officer misconduct	✗	✓

> 2019 CEO Compensation Tied to Stockholder Returns

> 2020 Incentive Plan

Aligned with Strategic Objectives & Purpose Statement

PROTECT		TRIFR % Reduction	AIP ¹ 20%
		% Decline in Permit Exceedances	
DEVELOP		Three-Year Growth in Reserves and Resources from Continuing Operations	PSUs ^{2,3} 35%
		Achievement of Milestones for Strategically Critical Long-Term Projects ⁴	PSUs ^{2,3} 30%

(2) Excludes third-party refining charges.

(3) Excludes management fee allocated from corporate.

> Review of HPGR Technology

HPGR technology is relatively new to precious metals mining, although it has been proven in processing other materials. The implementation of HPGR at Rochester is expected to improve silver recoveries and lower operating costs

HPGR Schematic¹

Selected Commentary

- Feed material is subjected to high compressive force exerted by the floating roll, which is regulated by hydraulic pistons
- Counter rotating rolls draw in a bed of material, which is crushed via inter-particle comminution
- Creates micro-fractures in crushed material, allowing cyanide to flow more freely
 - Increases silver recoveries when compared to other crushers

Key Advantages

- ✓ Low operational and maintenance costs due in large part to limited moving parts
- ✓ Limited downtime for wear part replacement
- ✓ Comparatively higher comminution efficiency
- ✓ Accommodates greater mineral variability

HPGR crushing unit at Rochester

Notes to 2019 mineral reserves and resources:

- (1) Effective December 31, 2019.
- (2) Assumed metal prices for Mineral Reserves were \$17.00 per ounce of silver, \$1,350 per ounce of gold, \$1.15 per pound zinc, \$0.95 per pound lead.
- (3) Assumed metal prices for estimated Mineral Resources were \$20.00 per ounce of silver, \$1,500 per ounce of gold, \$1.30 per pound zinc, \$1.05 per pound lead, except Lincoln Hill and Wilco at \$1,350 per ounce gold and \$22.00 per ounce silver, and Sterling at \$1,200 per ounce of gold.
- (4) Mineral Resources are in addition to Mineral Reserves and do not have demonstrated economic viability. Inferred Mineral Resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of Mineral Reserves, and there is no certainty that the Inferred Mineral Resources will be realized. The preliminary economic assessment for the re-scoped mine plan at Kensington is preliminary in nature and includes Inferred Mineral Resources, and does not have as high a level of certainty as a plan that was based solely on proven and probable reserves and there is no certainty that the results from the preliminary economic assessment will be realized.
- (5) Rounding of tons and ounces, as required by reporting guidelines, may result in apparent differences between tons, grade, and contained metal content.
- (6) For details on the estimation of mineral resources and reserves, including the key assumptions, parameters and methods used to estimate the Mineral Resources and Mineral Reserves, Canadian investors should refer to the NI 43-101 Technical Reports for Coeur's properties on file at www.sedar.com.

Notes to 2018 mineral reserves and resources:

- (1) Effective December 31, 2018.
- (2) Assumed metal prices for Mineral Reserves were \$17.00 per ounce of silver, \$1,250 per ounce of gold, \$1.25 per pound zinc, \$1.00 per pound lead.
- (3) Assumed metal prices for estimated Mineral Resources were \$20.00 per ounce of silver, \$1,400 per ounce of gold, \$1.30 per pound zinc, \$1.05 per pound lead, except Lincoln Hill and Wilco at \$1,350 per ounce gold and \$22.00 per ounce silver, and Sterling at \$1,200 per ounce of gold.
- (4) Mineral Resources are in addition to Mineral Reserves and do not have demonstrated economic viability. Inferred Mineral Resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of Mineral Reserves, and there is no certainty that the Inferred Mineral Resources will be realized. The preliminary economic assessment for the re-scoped mine plan at Kensington is preliminary in nature and includes Inferred Mineral Resources, and does not have as high a level of certainty as a plan that was based solely on proven and probable reserves and there is no certainty that the results from the preliminary economic assessment will be realized.
- (5) Rounding of tons and ounces, as required by reporting guidelines, may result in apparent differences between tons, grade, and contained metal content.
- (6) For details on the estimation of mineral resources and reserves, including the key assumptions, parameters and methods used to estimate the Mineral Resources and Mineral Reserves, Canadian investors should refer to the NI 43-101 Technical Reports for Coeur's properties on file at www.sedar.com.

Figures exclude mining properties previously divested by Coeur.

Notes to 2015 mineral reserves and resources:

- (1) Effective December 31, 2015.
- (2) Assumed metal prices for estimated mineral reserves were \$17.50 per ounce of silver and \$1,250 per ounce of gold, except for lower 76 underground deposits at Palmarejo at \$15.50 per ounce of silver and \$1,150 per ounce of gold, and Wharf at \$1,275 per ounce of gold.
- (3) Mineral resources are in addition to mineral reserves and do not have demonstrated economic viability. Inferred mineral resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of mineral reserves, and there is no certainty that the inferred mineral resources will be realized.
- (4) Rounding of tons and ounces, as required by reporting guidelines, may result in apparent differences between tons, grade, and contained metal content.
- (5) For details on the estimation of mineral resources and reserves, including the key assumptions, parameters and methods used to estimate the Mineral Resources and Mineral Reserves, Canadian investors should refer to the NI 43-101 Technical Reports for Coeur's properties on file at www.sedar.com.

Mitchell J. Krebs – President and Chief Executive Officer. During his twenty-year tenure with Coeur, Mr. Krebs has led nearly \$2 billion in capital raising and debt restructuring activities and has facilitated over \$2 billion of acquisitions and divestitures. Mr. Krebs was previously Coeur's Chief Financial Officer and held various positions in the corporate development department, including Senior Vice President of Corporate Development. Mr. Krebs is a Director of Kansas City Southern and the National Mining Association, is on the Board of World Business Chicago, and was formerly President of the Silver Institute.

Thomas S. Whelan – Senior Vice President and Chief Financial Officer. Prior to joining Coeur, Mr. Whelan served as CFO of Arizona Mining Inc. from September 2017 to August 2018, when the company was acquired from South32 Limited. Previously, Mr. Whelan served as CFO for Nevsun Resources Ltd. from January 2014 to August 2017. He is a chartered professional accountant and was previously a partner with the international accounting firm Ernst & Young ("EY") LLP where he was the EY Global Mining & Metals Assurance sector leader, the leader of the EY Assurance practice in Vancouver and previously EY's Canadian Mining & Metals sector leader. Mr. Whelan graduated with a Bachelor of Commerce from Queen's University.

Michael "Mick" Routledge – Senior Vice President and Chief Operating Officer. Mr. Routledge has over twenty years of experience with Rio Tinto Group in various roles beginning in 1992, including as the Chief Operating Officer (2011-2012) and Vice President HSE, Projects & Operational Value (2012-2014) of the Kennecott Utah Copper mine and served as the Chief Operating Officer of Asahi Refining from 2015 to 2017. As the Senior Director of Operational Excellence at Anagold Madencilik from 2017 to 2019, Mr. Routledge designed and implemented an operational excellence program for the Copler District in Turkey. Since 2019, Mr. Routledge served as the Vice President of Major Projects and Studies of Alacer Gold Corp. He received an undergraduate degree from the University of Sunderland, England in Electrical and Control Engineering and received his MBA with a focus on business and strategic transformation from Henley Management College in England.

Terry F.D. Smith. – Senior Vice President and Chief Development Officer. Mr. Smith joined Coeur in 2013 as the Vice President of North American Operations. Prior to joining Coeur, he served as Vice President of Project Development and Assessments of Hunter Dickenson Inc. Mr. Smith has managed projects ranging from scoping to the feasibility level, coordinated field investigations, metallurgy laboratory testing, and engineering design. He also has significant experience in strategic project planning and due diligence reviews for potential acquisitions including environmental, metallurgical, geotechnical and mining inputs. Mr. Smith has also served as Manager of Operations Support for Barrick Gold Corporation in Toronto and as Senior Mining Engineer for Teck Cominco Ltd. in Vancouver. Mr. Smith holds a Bachelor of Mining Engineering from Laurentian University in Sudbury, Ontario.

Casey M. Nault – Senior Vice President, General Counsel, and Secretary. Mr. Nault has over 20 years of experience as a corporate and securities lawyer, including prior in-house positions with Starbucks Corporation and Washington Mutual, Inc. and law firm experience with Gibson, Dunn & Crutcher. His experience includes securities compliance and SEC reporting, corporate governance and compliance, mergers and acquisitions, public and private securities offerings, other strategic transactions, general regulatory compliance, cross-border issues, land use and environmental issues, and overseeing complex litigation.

Hans J. Rasmussen – Senior Vice President, Exploration. Mr. Rasmussen has 30 years of experience in the mining business, 16 years of which were with senior producers Newmont Mining and Kennecott/Rio Tinto; as well as serving as a consultant for senior producers such as BHP, Teck-Cominco, and Quadra Mining. From 2004 to 2013, he was an officer or served on the Board of Directors of several junior public exploration companies with gold and silver projects in Quebec, Nevada, Argentina, Chile, Colombia, Peru, and Bolivia, including serving on the Board of Directors of Atex Resources Inc. (formerly known as Columbia Crest Gold Corp.) since 2006.

Emilie C. Schouten – Senior Vice President, Human Resources. Ms. Schouten has 15 years of experience in Human Resources, starting her career in General Electric, where she graduated from GE's Human Resources Leadership Program. After 6 years as an HR Manager with GE, her division was acquired by the world's largest electrical distribution company, Rexel, and Ms. Schouten went on to become the Director of Training and Development. Ms. Schouten has her B.A. in Sociology from Michigan State University and her M.S. in Industrial Labor Relations from University of Wisconsin-Madison.

Robert E. Mellor – Former Chairman, Chief Executive Officer, and President of Building Materials Holding Corporation (distribution, manufacturing, and sales of building materials and component products) from 1997 to January 2010, director from 1991 to January 2010; member of the board of directors of Monro Muffler/Brake, Inc. (auto service provider) since August 2010 as independent Chairman of the board of directors since June 2017 and as lead independent director from April 2011 to June 2017; member of the board of directors of CalAtlantic Group, Inc. (national residential home builder) from October 2015 to February 2018, when CalAtlantic was acquired by Lennar Corporation; member of the board of directors of The Ryland Group, Inc. (national home builder, merged with another builder to form CalAtlantic) from 1999 until October 2015; and former member of the board of directors of Stock Building Supply Holdings, Inc. (lumber and building materials distributor) from March 2010 until December 2015, when it merged with another company.

Mitchell J. Krebs – President and Chief Executive Officer. See prior slide.

Linda L. Adamany – Member of the board of directors of Jefferies Financial Group (formerly known as Leucadia National Corporation), a diversified holding company engaged in a variety of businesses, since March 2014, and a member of the board of directors of Jefferies Group Inc., a wholly-owned subsidiary of Jefferies Financial Group Inc., since November 2018; non-executive director of BlackRock Institutional Trust Company since March 2018; non-executive director of the Wood plc from October 2017 to May 2019; non-executive director of Amec Foster Wheeler plc, an engineering, project management, and consultancy company, from October 2012 until the Company was acquired by Wood plc in October 2017; member of the board of directors of National Grid plc, an electricity and gas generation, transmission, and distribution company, from November 2006 to November 2012. Served at BP plc in several capacities from July 1980 until her retirement in August 2007, most recently from April 2005 to August 2007 as a member of the five-person Refining & Marketing Executive Committee responsible for overseeing the day-to-day operations and human resource management of BP plc's Refining & Marketing segment, a \$45 billion business at the time. She was recently selected as one of Women Inc. Magazine's 2018 Most Influential Corporate Directors.

Sebastian Edwards – Henry Ford II Professor of International Business Economics at the Anderson Graduate School of Management at the University of California, Los Angeles (UCLA) from 1996 to present; Co-Director of the National Bureau of Economic Research's Africa Project from 2009 to present; taught at IAE Universidad Austral in Argentina and at the Kiel Institute from 2000 to 2004; Chief Economist for Latin America at the World Bank Group from 1993 to 1996. Currently a Member of the Board of Moneda Asset Management, an investment management firm in Chile, and Centro de Estudios Públicos, Chile.

Randolph E. Gress – Retired Chairman (November 2006 until January 2016 and director from August 2004 until January 2016) and Chief Executive Officer (from 2004 until December 2015) of Innophos Holdings, Inc., a leading international producer of performance-critical and nutritional specialty ingredients for the food, beverage, dietary supplements, pharmaceutical, and industrial end markets. Mr. Gress was with Innophos since its formation in 2004, when Bain Capital purchased Rhodia SA's North American specialty phosphate business. Prior to his time at Innophos, Mr. Gress was with Rhodia since 1997 and held various positions including Global President of Specialty Phosphates (with two years based in the U.K.) and Vice-President and General Manager of the NA Sulfuric Acid and Regeneration businesses. From 1982 to 1997, Mr. Gress served in various roles at FMC Corporation including Corporate Strategy and various manufacturing, marketing, and supply chain positions.

Eduardo Luna – Chairman of the Board of Rochester Resources Ltd., a junior natural resources company with assets in Mexico. Member of the Boards of Directors of Wheaton Precious Metals Corp., Chairman of the Advisory Board of the Faculty of Mines at the University of Guanajuato, and Mexico Mining Hall of Fame inductee. Mr. Luna is the former President of the Mexican Mining Chamber and a former President of the Silver Institute and previously held senior executive and board positions at several companies including Industrial Peñoles, Goldcorp Inc., Luismin SA de CV, Wheaton River Minerals Ltd., Alamos Gold Inc., and Primero Mining Corp.

> Board of Directors (cont.)

Jessica L. McDonald – Chair (former Interim CEO) of Canada Post Corporation and member of Board of Directors of Hydro One Limited. Ms. McDonald is also a Mentor at the Trudeau Foundation, was a visiting fellow at the Steyer-Taylor Center for Energy Policy and Finance at Stanford University from 2017 to 2018, was recently appointed to the Member Council of Sustainable Development Technology Canada and was named to Canada's Top 100 Most Powerful Women Hall of Fame. Ms. McDonald previously served as the President and Chief Executive Officer of BC Hydro and Power Authority, a clean energy utility with over \$5.5 billion in annual revenues and more than 5,000 employees, and previously served on the Board of Directors, including Chair, of Trevali Mining Corporation, a global base-metals mining company. Ms. McDonald has also held numerous senior positions in the British Columbia provincial government, including Deputy Minister to the Premier, Cabinet Secretary and Head of the BC Public Service.

John H. Robinson – Chairman of Hamilton Ventures LLC (consulting and investment) since founding the firm in 2006; Chief Executive Officer of Nowa Technology, Inc. (development and marketing of environmentally sustainable wastewater treatment technology) from 2013 to 2014; Chairman of EPC Global, Ltd. (engineering staffing company) from 2003 to 2004; Executive Director of Amey plc (British business process outsourcing company) from 2000 to 2002; Vice Chairman of Black & Veatch Inc. (engineering and construction) from 1998 to 2000. Mr. Robinson began his career at Black & Veatch and was managing partner prior to becoming Vice Chairman. He is a member of the board of directors of Alliance Resource Management GP, LLC (coal mining) and Olsson Associates (engineering consulting). He was a member of the Board of Directors of Federal Home Loan Bank of Des Moines (financial services) from 2007 to 2019.

Brian E. Sandoval – Served as President of Global Gaming Development for MGM Resorts International from January 2019 to April 2020, Nevada's first Hispanic Governor from 2011 to January 2019, Chairman of the National Governors Association from 2017 to 2018, National Council of State Governments in 2015, Western Governors Association in 2014 and the Education Commission of the States from 2013 to 2014; he focused on international outreach, hosting multiple international delegations in Nevada, and led over 18 trade missions to 16 countries on six continents. Earlier in his career, Mr. Sandoval was elected to the Nevada Assembly in 1994, serving on the Judiciary, Taxation, Labor and Management and Natural Resource Committees, and was appointed to the Nevada Gaming Commission in 1998 and became the Commission's youngest Chairman in state history the following year. In 2002, he was elected Nevada Attorney General, and in 2005, was nominated by President George W. Bush to serve as a federal judge on the U.S. District Court for the District of Nevada, and confirmed unanimously by the U.S. Senate, a position he held until resigning to run for Governor in 2009.

J. Kenneth Thompson – Chairman of Pioneer Natural Resources Company (oil and gas) and member of the board of directors of Alaska Air Group, Inc. (parent company of Alaska Airlines, Virgin America Airlines and Horizon Air), presiding (Lead) Director of Tetra Tech, Inc. (engineering consulting). President and Chief Executive Officer of Pacific Star Energy LLC (private energy investment firm in Alaska) from September 2000 to present, with a principal holding in Alaska Venture Capital Group LLC (private oil and gas exploration company) from December 2004 to present; Executive Vice President of ARCO's Asia Pacific oil and gas operating companies in Alaska, California, Indonesia, China, and Singapore from 1998 to 2000.
