2020 Third Quarter Earnings

11:00 a.m. ET, October 29, 2020

COEUR MINING®
We pursue a higher standard

NYSE: CDE

Cautionary Statements

This presentation contains forward-looking statements within the meaning of securities legislation in the United States and Canada, including statements involving strategic priorities and company strategies, expectations regarding environmental, social and governance (“ESG”) initiatives, anticipated production, costs and expenses, exploration and development efforts, health and safety protocols, COVID-19 planning and response measures, operations, expectations and initiatives at the Palmarejo, Rochester, Kensington, Wharf and Silvertip mines, the impact of the new crushing circuit at Rochester, the impact of a new stacking plan at Rochester, the impact of Jualin on Kensington operations, debt repayment plans, placement rates, strategies, catalysts, capital allocation, growth, financial flexibility and hedging strategies. Such forward-looking statements involve known and unknown risks, uncertainties, and other factors which may cause Coeur's actual results, performance, or achievements to be materially different from any future results, performance, or achievements expressed or implied by the forward-looking statements. Such factors include, among others, the risk that the strategies, initiatives and expectations described in this presentation are not achieved on a timely basis or at all, the risks and hazards inherent in the mining business (including risks inherent in developing large-scale mining projects, environmental hazards, industrial accidents, weather, or geologically related conditions), changes in the market prices of gold, silver, zinc, and lead, and a sustained lower price or higher treatment and refining charge environment, the uncertainties inherent in Coeur's production, exploratory and developmental activities, including risks relating to permitting and regulatory delays (including the impact of government shutdowns), ground conditions, grade variability, any future labor disputes, or work stoppages, the uncertainties inherent in the estimation of mineral reserves and resources, changes that could result from Coeur's future acquisition of new mining properties or businesses, the loss or insolvency of any third-party smelter to which Coeur markets its production, the potential effects of the COVID-19 pandemic, including impacts to the availability of our workforce, continued access to financing sources, government orders that may require temporary suspension of operations at one or more of our sites and effects on our suppliers or the refiners and smelters to whom the Company markets its production, the effects of environmental and other governmental regulations and government shut-downs, the risks inherent in the ownership or operation of or investment in mining properties or businesses in foreign countries, Coeur's ability to raise additional financing necessary to conduct its business, make payments or refinance its debt as well as other uncertainties and risk factors set out in filings made from time to time with the United States Securities and Exchange Commission, and the Canadian securities regulators, including, without limitation, Coeur's most recent reports on Forms 10-K and 10-Q. Actual results, developments, and timetables could vary significantly from the estimates presented. Readers are cautioned not to put undue reliance on forward looking statements. Coeur disclaims any intent or obligation to update publicly such forward-looking statements, whether as a result of new information, future events, or otherwise. Additionally, Coeur undertakes no obligation to comment on analyses, expectations, or statements made by third parties in respect of Coeur, its financial or operating results or its securities.

Christopher Pascoe, Coeur's Director, Technical Services and a qualified person under Canadian National Instrument 43-101, reviewed and approved the scientific and technical information concerning Coeur's mineral projects in this presentation. Mineral resources are in addition to mineral reserves and do not have demonstrated economic viability. Inferred mineral resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of mineral reserves, and there is no certainty that the inferred mineral resources will be realized. For a description of the key assumptions, parameters and methods used to estimate mineral reserves and resources, as well as data verification procedures and a general discussion of the extent to which the estimates may be affected by any known environmental, permitting, legal, title, taxation, socio-political, marketing or other relevant factors, Canadian investors should see the Technical Reports for each of Coeur's properties as filed on SEDAR at www.sedar.com.

Cautionary Note to U.S. Investors - The United States Securities and Exchange Commission permits U.S. mining companies, in their filings with the SEC, to disclose only those mineral deposits that a company can economically and legally extract or produce. We may use certain terms in public disclosures, such as "measured," "indicated," "inferred” and “resources," that are recognized by Canadian regulations, but that SEC guidelines generally prohibit U.S. registered companies from including in their filings with the SEC. U.S. investors are urged to consider closely the disclosure in our Form 10-K which may be secured from us, or from the SEC's website at http://www.sec.gov.

Non-U.S. GAAP Measures - We supplement the reporting of our financial information determined under United States generally accepted accounting principles (U.S. GAAP) with certain non-U.S. GAAP financial measures, including adjusted net income (loss), operating cash flow excluding changes in working capital, adjusted EBITDA, adjusted EBITDA margin, total leverage, net leverage, free cash flow and adjusted costs applicable to sales per ounce/pound. We believe that these adjusted measures provide meaningful information to assist management, investors and analysts in understanding our financial results and assessing our prospects for future performance. We believe these adjusted financial measures are important indicators of our recurring operations because they exclude items that may not be indicative of, or are unrelated to our core operating results, and provide a better baseline for analyzing trends in our underlying businesses. We believe adjusted net income (loss), adjusted EBITDA, adjusted EBITDA margin, total leverage, net leverage, free cash flow and adjusted costs applicable to sales per ounce/pound are important measures in assessing the Company's overall financial performance. This presentation does not represent an offer of any securities for sale.

Third Quarter 2020 Highlights

COEUR MINING®

- Multi-year high financial results driven by higher prices and a 23% and 58% increase in gold and silver production, respectively
- Well-executed restart at Palmarejo drove strong production increases and robust cash flow
- Record production and cash flow at Wharf
- Commenced construction on schedule at Rochester on POA 11 expansion
- Ongoing success from largest exploration program in Company history
- Materially reduced debt while increased cash and liquidity levels

Note: "NM" means not meaningful. Percentages may differ due to rounding.
(1) See non-GAAP reconciliation tables in the appendix to this presentation.
(2) Free cash flow is defined as cash flow from operating activities less capital expenditures and gold production royalty payments. See reconciliation tables in the appendix to this presentation.

Production Summary

	3Q 2020	YTD	Full-Year Guidance[1] *(Previous Guidance[2])*	YTD Progress[3]	Implied 4Q 2020	
Gold Production (oz)						
Palmarejo	**29,296**	76,097	100,000 – 110,000 *(95,000 – 105,000)*	72%	23,903 – 33,903	• Strong restart following government-mandated temporary suspension in 2Q 2020 • Improved 3Q 2020 results due to higher throughput as well as solid grades and recoveries
Rochester	**6,462**	17,557	27,000 – 33,000 *(27,000 – 33,000)*	59%	9,443 – 15,443	• Higher production in 3Q 2020 due to continued strong crusher performance and run-of-mine campaign • Expect higher placement rates to continue in 4Q 2020 • See comments under Silver Production for additional details
Kensington	**26,797**	91,877	122,500 – 130,000 *(125,000 – 135,000)*	73%	30,623 – 38,123	• 3Q 2020 results affected by lower grades as a result of mine sequencing and processing of surface stockpile material due to COVID-19 impact in August • Anticipating higher sequential production in 4Q 2020 • Jualin expected to account for ~15-20% of Kensington's total production in 2020
Wharf	**33,440**	73,770	85,000 – 95,000 *(80,000 – 90,000)*	82%	11,230 – 21,230	• Strong production in 3Q 2020 driven by higher placement rates and improved grades • Production expected to follow plan during 4Q 2020
Total Gold Production	**95,995**	259,301	334,500 – 368,000 *(327,000 - 363,000)*	74%	75,199 – 108,699	
Silver Production (k oz)						
Palmarejo	**1,784**	4,486	6,000 – 7,000 *(6,000 – 7,000)*	69%	1,514 – 2,514	• See comments under Gold Production for additional details
Rochester	**740**	2,155	3,100 – 3,700 *(3,500 – 4,500)*	63%	945 – 1,545	• 3Q 2020 production benefited from strong placement rates, but was partially offset by dilution on the leach pad and upset conditions in Merrill-Crowe process plant • Executing additional inter-lift liners to help reduce depths to liner and maximize the benefit of HPGR-crushed ore
Wharf	**42**	82	NA	NA	NA	• NA
Total Silver Production[4]	**2,566**	6,723	9,100 – 10,700 *(9,500 - 11,500)*	68%	2,377 – 3,977	

Note: Percentages may differ due to rounding.
(1) Guidance as published by Coeur on October 28, 2020.
(2) Previous guidance as published by Coeur on July 29, 2020.
(3) Percentage progress figures based on midpoint of updated guidance ranges.
(4) Excludes silver production from Silvertip, which temporarily suspended active mining and processing in February 2020 (unrelated to COVID-19).

U.S. Assets & Gold Remain Largest Share of Revenue

COEUR MINING®

Coeur's revenue mix reflects its strategy of operating a balanced portfolio of precious metals operations in attractive jurisdictions. Sales from gold and the Company's U.S. operations continued to represent the largest share of revenue in 3Q 2020

3Q 2020 Revenue by Asset

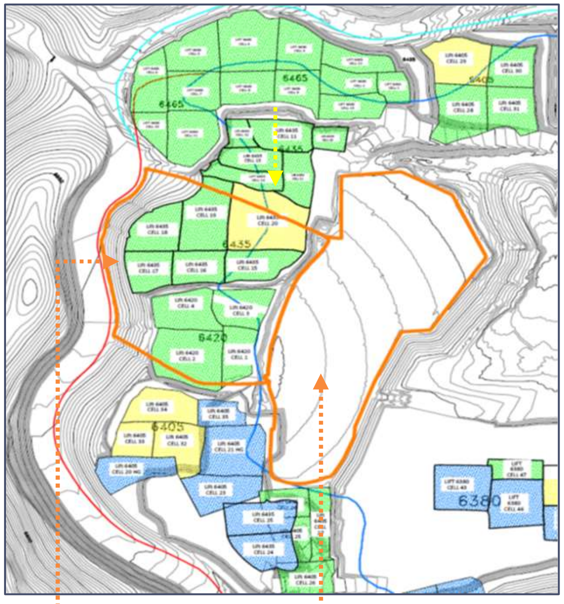
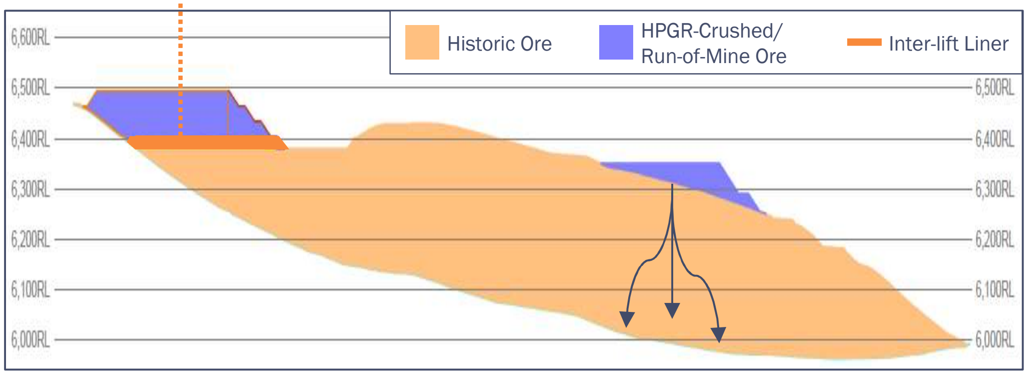
Note: Percentages may differ due to rounding.
(1) As of December 31, 2019.

Rochester: Expanded Scope of Revised Stacking Plan

Late in 3Q 2020, Coeur expanded the scope of its revised stacking plan at Rochester which is aimed at maximizing the placement of HPGR-crushed ore on shallower portions of the Stage IV leach pad



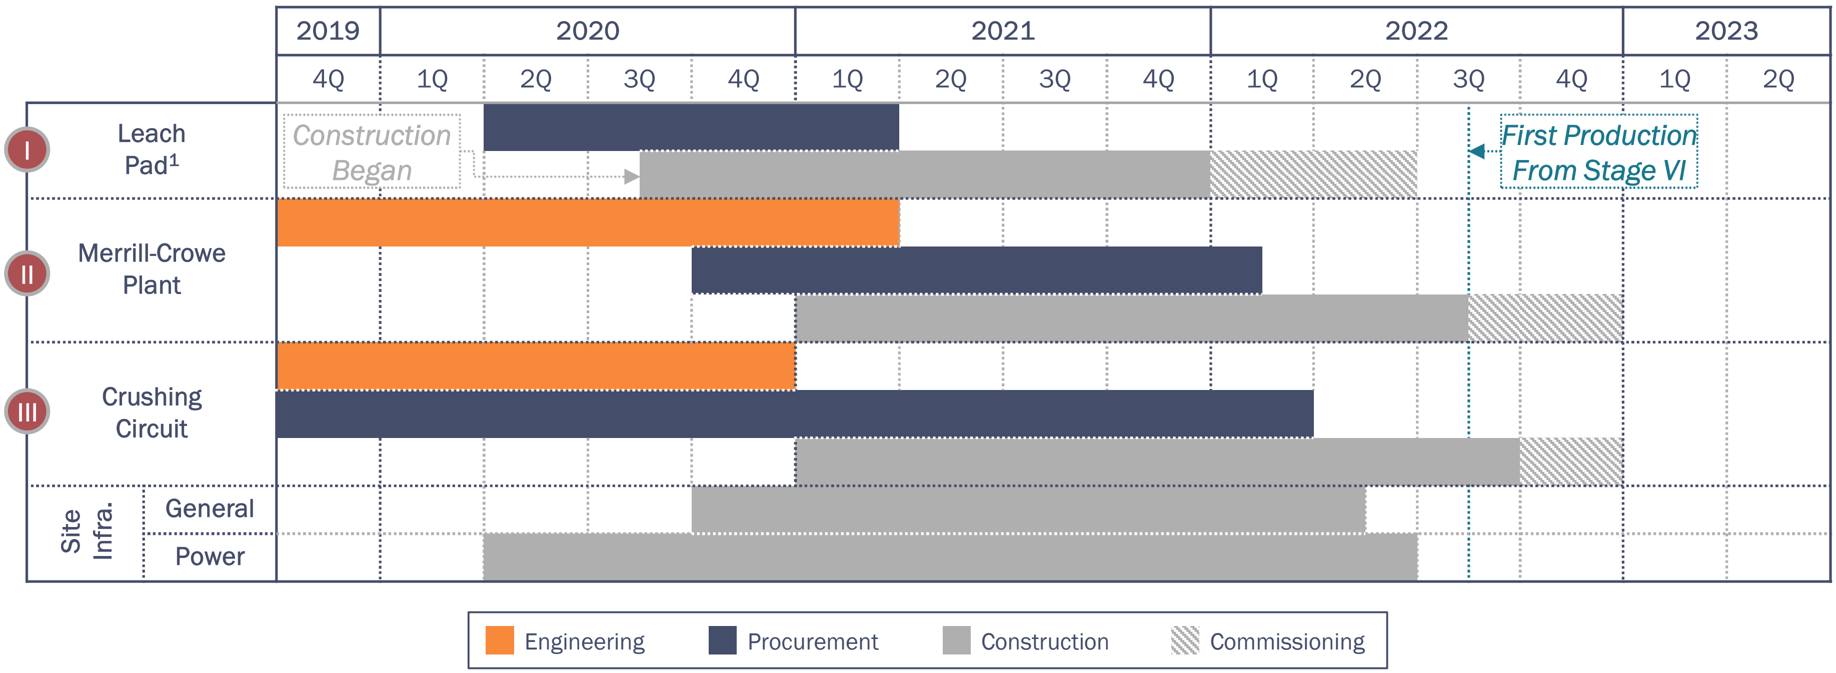
- Expanded scope of revised stacking plan scheduled from September to December 2020
- Targeting the placement of ~6.6 million tons
  - ~4.0 million tons of crushed material to inter-lift liners
  - ~2.0 million tons of run-of-mine material (>180 feet to liner)
  - ~0.6 million tons of crushed material (>100 feet to liner)
- Keeping run-of-mine material off inter-lift liners to help maximize the benefit of HPGR-crushed ore

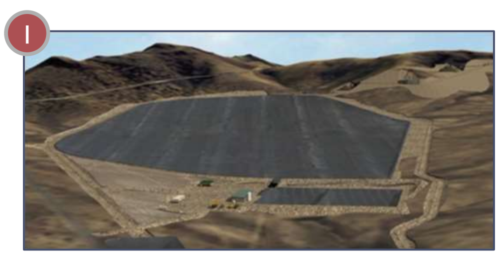


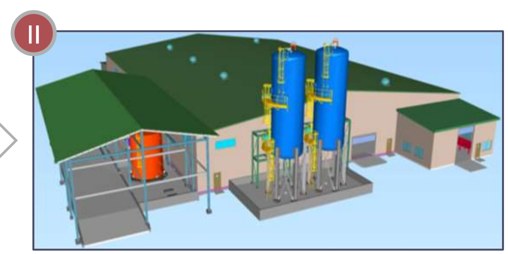
Recently constructed inter-lift liner

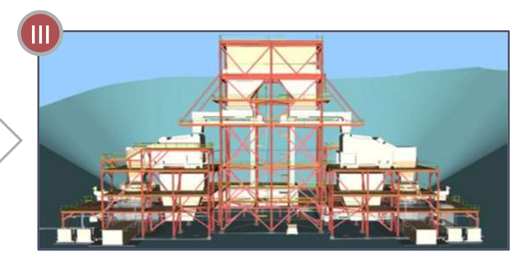
Rochester: Expansion Represents Key Near-Term Catalyst

The Company began initial construction on POA 11 in August 2020, with major construction projects scheduled to begin in 2021 and be largely completed by late 2022. Coeur plans to file an updated technical report in December 2020, providing a detailed economic and technical overview of the expansion project









(1) Includes ancillary facilities.

Coeur's Capital Allocation Framework

COEUR MINING®

Mining is capital intensive and requires a disciplined approach to capital allocation with a view toward long-term reserve replacement and growth

Investment	Illustrative Return	Key Benefits	Key Considerations
Safety/Environment/ Sustainability	–	✓ Reflects the Company's values ✓ Mitigates risk for stakeholders ✓ Establishes and sustains social license	
Asset Optimization/ Enhancements	25% +	✓ Highest returns ✓ Quickest impact ✓ Low capital intensity ✓ Lowest risk	× Finite opportunity set
Brownfield Exploration	20% +	✓ High success / lowest risk exploration ✓ Low average discovery cost ✓ Quick payback given existing infrastructure	× Returns dependent on specific deposit × All deposits eventually come to an end
Opportunistic M&A	15% +	✓ Opportunity to meaningfully impact company ✓ Scale and liquidity can be differentiators	× Limited number of opportunities meet criteria × Requires significant organizational commitment × Challenging social dynamics
10% - 15% estimated cost of capital			
Greenfield Exploration	Can vary widely	✓ Potential to create substantial value from new discoveries	× Low success rate × Requires long-term, sustained financial and organizational commitment
Debt Repayment	5% - 6%	✓ Eliminates/reduces interest expense ✓ Improves balance sheet flexibility ✓ Mitigates downside metal price risk	× Low ROI × Reduces cash liquidity levels × Bond buybacks can be expensive
Dividends/ Repurchases	–	✓ Reflects Board and management confidence in long-term outlook ✓ Provides discipline ✓ Offers opportunity to differentiate among peers	× Industry's cyclicality and capital intensity × Not a key driver for most investors × Limited under indenture and credit agreement

Sustaining a Higher Level of Exploration Investment

Building on the Company's drilling success during 1H 2020, Coeur expects to increase investment in its exploration program by over 80% year-over-year, further advancing its efforts to discover new resources and convert existing resources to reserves in order to extend mine lives and bolster its pipeline of future organic growth opportunities

Total Exploration Investment

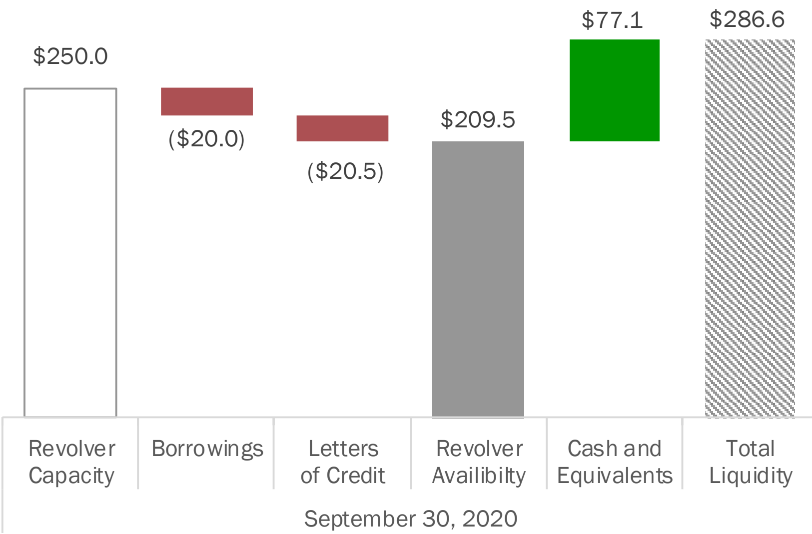
Balance Sheet and Hedging Summary

COEUR MINING®

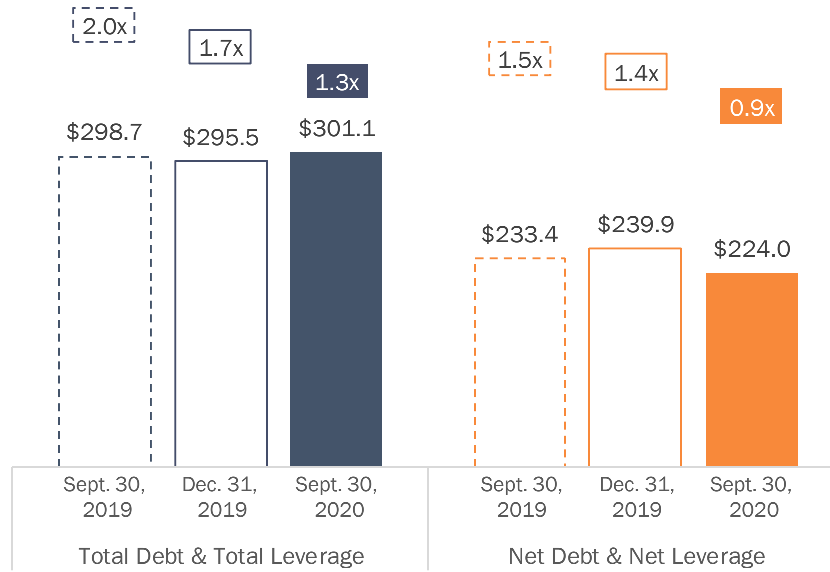
Liquidity Profile

($M)



Debt and Leverage Summary[1,2]

($M)



Summary of Metal Sales Hedges

Strategy	• Opportunistically executing hedges to support funding of POA 11 – Targeting up to 50% of expected gold production through 2022
Instrument	• Zero-cost collar gold hedge – No upfront costs – "Guarantees" price floor and provides upside price participation up to a specified ceiling
Settlement	• Financially, against monthly average LBMA[3] pricing

Snapshot of Metal Sales Hedges

	4Q 2020	2021	2022
Ounces Hedged	55,500	158,700	126,000
Avg. Ceiling ($/oz)	$1,823	$1,875	$2,030
Avg. Floor ($/oz)	$1,471	$1,600	$1,626

Looking Ahead: Delivering Consistent Operating & Financial Results

COEUR MINING®

- Maintain focus on rigorous health and safety protocols
- Sustain strong operating performance at Palmarejo and Wharf
- Continue executing revised stacking plan and advancing early-stage POA 11 construction activities at Rochester
- Increase high-grade contributions from Jualin at Kensington
- Remain committed to a high-level of exploration investment to drive reserve and resource growth
- Adhere to capital allocation framework and prudently invest in high-return growth opportunities
- Further enhance financial flexibility by repaying debt and building cash

2020 Guidance

Production Outlook

	Previous[1]		Updated[2]	
	Gold (oz)	Silver (K oz)	Gold (oz)	Silver (K oz)
Palmarejo	95,000 – 105,000	6,000 – 7,000	100,000 – 110,000	6,000 – 7,000
Rochester	27,000 – 33,000	3,500 – 4,500	27,000 – 33,000	3,100 – 3,700
Kensington	125,000 – 135,000	-	122,500 – 130,000	-
Wharf	80,000 – 90,000	-	85,000 – 95,000	-
Consolidated	**327,000 – 363,000**	**9,500 – 11,500**	**334,500 – 368,000**	**9,100 – 10,700**

CAS Outlook[3]

	Previous[1]		Updated[2]	
	Gold ($/oz)	Silver ($/oz)	Gold ($/oz)	Silver ($/oz)
Palmarejo (co-product)	$785 - $885	$9.50 - $10.50	$650 - $750	$9.50 - $10.50
Rochester (co-product)	$1,250 - $1,400	$12.75 - $14.00	$1,150 - $1,300	$13.50 - $14.75
Kensington	$900 - $1,000	-	$900 - $1,000	-
Wharf (by-product)	$950 - $1,000	-	$875 - $925	-

Capital, Exploration and G&A

($M)	Previous[1]	Updated[2]
Capital Expenditures, Sustaining[4]	$70 – $85	$55 – $60
Capital Expenditures, Growth	$40 – $45	$45 – $55
Exploration, Expensed	$37 – $43	$43 – $49
Exploration, Capitalized	$7 – $11	$7 – $11
General & Administrative Expenses	$32 – $36	$32 – $36

Note: The Company's previous guidance reflects realized prices through 1H 2020 and estimated prices of $1,650/oz gold and $16.50/oz silver as well as CAD of 1.36 and MXN of 21.00 for 2H 2020. The Company's updated guidance reflects realized prices through 3Q 2020 and estimated prices of $1,850/oz gold and $24.00/oz silver as well as CAD of 1.30 and MXN of 21.00 for 4Q 2020.
(1) Previous production, cost, capital and G&A guidance as published by Coeur on July 29, 2020. Previous exploration guidance as published by Coeur on August 11, 2020.
(2) Guidance as published by Coeur on October 28, 2020.
(3) See non-GAAP reconciliation tables in the appendix to this presentation.
(4) Sustaining capital expenditures exclude capital leases.

Impactful Results Through Teamwork

Aiming to Reduce Greenhouse Gas Emissions

COEUR MINING®

Coeur strives to increase production while using less energy over the long-term. With the support of site-specific energy leads and champions across the Company, Coeur is managing its carbon footprint and reducing greenhouse gas emissions

Recent Energy Management Highlights

ROCHESTER

Implemented improved crushing system and mining process

Results:

- Efficiencies resulted in nearly **27M kw-hrs** of electricity savings
- Energy saved is equivalent to approximately **four months** of operation
- Savings could power approximately **2,500 homes** for one year[1]
- **Awarded $435,000** from NV Energy PowerShift Program – the largest award in NV Energy's portfolio history

WHARF

In advanced discussions to source electricity from wind generated power

Results:

- Agreement **expected to begin in 2021**
- **More than 40%** of the electricity used by Wharf anticipated to come from wind generated power in 2021
- Wharf plans to increase its proportion of power generated from wind as capacity is available with a goal to eventually source **100% of its electricity from wind generated power**

These initiatives are expected to reduce greenhouse gas emissions by more than 14,500 t annually[2]

(1) According to the EIA, in 2019, the average home used 10,649 kw-hrs annually. Thus, 2,535 homes could be powered by the savings of 27M kw-hrs. https://www.eia.gov/tools/faqs/faq.php?id=97&t=3.
(2) Wharf greenhouse gas reduction estimate is based on 2019 electricity use.

Precious Metals Are *Coeur* to Everyday Life

Coeur is an important part of the supply chains for gold and silver. Due to their unique properties, gold and silver have countless innovative uses that shape the way we live today and enable a more sustainable, healthier tomorrow

Au

Coeur's Palmarejo, Rochester, Kensington and Wharf mines produce gold, which is a critical component of:

Medical Devices
COVID-19 diagnostic test kits, pacemakers, CAT scan equipment and others

Electronics
Nanotechnology and touch screen monitors

Electrification Devices
Batteries and solar panels

Transportation
GPS technology and catalytic converters in motor vehicles & electric vehicle circuit boards

Ag

Coeur's Palmarejo and Rochester mines produce silver, which is a critical component of:

Medical Devices
Bandages, pharmaceuticals and anti-microbial coating for equipment

Renewable Energy
Photovoltaic cells in solar panels

Household Items
Mirrors, clothing and jewelry

Public Health
Water purification systems

Committed to Diversity and Inclusion

COEUR MINING®

"The tragic death of George Floyd and other horrific events over the past month serve as stark reminders that, as a society, much work remains to be done to address racism and the conscious and unconscious biases that enable its existence. At Coeur, we are committed to fostering diversity and inclusion at our company and in our communities."

–Mitchell J. Krebs, President & CEO

CEO ACTION FOR DIVERSITY & INCLUSION

- First and only precious metals mining CEO to sign the CEO ACTION for Diversity & Inclusion pledge
- Hosted a Day of Understanding in early 2020
  - Created platform for open dialogue and meaningful conversations on diversity and inclusion

COEUR HEROES

- Designed to highlight and engage members of the military
- Allows service members to use the special skills developed during their time of service to help make a difference at Coeur's operations
  - Provided 87 career opportunities to current and former U.S. Military personnel

BY THE HAND CLUB FOR KIDS

- Coeur sponsored 'reading playoffs' event for four consecutive years
- Expanding partnership to include: COVID-19 response and staff diversity training
- Developing STEM After-school program for graduating Seniors

MY BLOCK MY HOOD MY CITY

- Creating relationship with My Block, My Hood, My City
  - Providing transportation after school to Coeur's headquarters in Chicago for an afternoon of exploring precious metals mining
  - Goal of exposing Chicago's Black youth to our industry and career opportunities

COVID-19 Response and Decision-Making Approach

Coeur's principal objective to help combat COVID-19 is to safeguard the health, safety and well-being of its workforce, their families and the communities where the Company operates

Guidance from key agencies

- U.S. Centers for Disease Control and Prevention
- World Health Organization
- Mexican and Canadian public health officials
- Federal, state and local authorities

Coeur COVID-19 Committee

Safeguarding the health, safety and well-being of workforce, families and communities

Minimizing business interruption

Activities to Protect People and Places During COVID-19

COEUR MINING®

People	✓ Social distancing and enhanced cleaning ✓ Multilayered testing strategy ✓ Traditional contact tracing complemented by wearable technology pilot ✓ Remote work for office employees ✓ Only essential business travel ✓ Pre-work and on-site health screenings ✓ Regular CEO communications; talking points for local leaders ✓ Sick leave policies cover bonus payments to camp employees affected by extended schedules and quarantine
Places	✓ Partner with communities in communication and response efforts ✓ Greatly reduced travel, limiting community risk of exposure ✓ Implementing company-provided testing and contact tracing organization-wide ✓ Donations, including PPE and supplies for vulnerable community members ✓ Palmarejo clinic open to the public

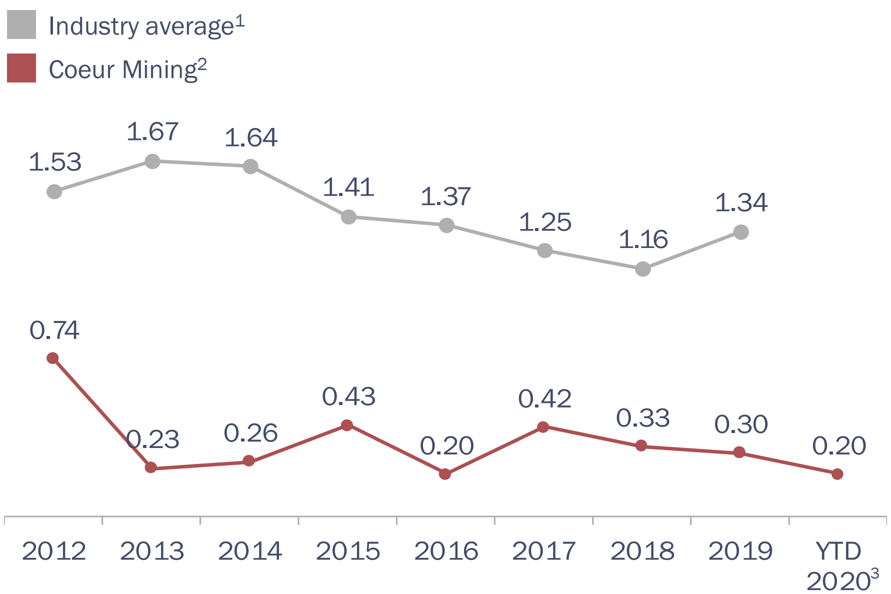
Industry-Leading Safety Performance

Coeur has held the National Mining Association CORESafety certification since 2017

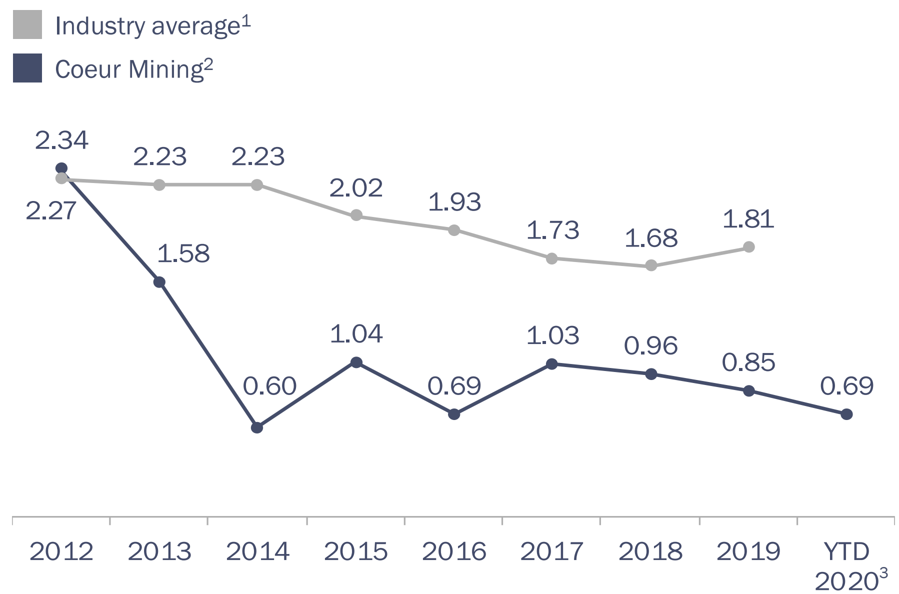
CORESAFETY® Certified

Coeur's injury frequency rate remains significantly below industry averages

Lost-Time Injury Frequency Rate



Total Reportable Injury Frequency Rate



(1) Source(s): U.S. Department of Labor Mine Safety and Health Administration: Metal Operators Mine Safety and Health Statistics. Injuries per 200,000 employee-hours worked.
(2) Includes both Coeur employees and contract workers.
(3) Coeur YTD 2020 information through September 30, 2020.

Demonstrating Our Commitment

COEUR MINING®

Governance Practices

- **Board Refreshment and Succession Planning**
  - Two new independent directors added to the Board in February 2018 and five directors – more than 50% of the Board – added in last seven years
    - Also added a new independent director in early 2019, who recently had to resign in connection with a new professional position that did not allow outside board service
  - Active Board succession planning and refreshment
- **Robust Board and Committee Evaluations**
  - Annual evaluations promote Board and Board committee effectiveness
  - Chairman's one-on-one meetings with each director promote candor, effectiveness and accountability
- **No Related Party Transactions**
  - No related person transactions with directors or executive officers
- **Board-Level Risk Oversight**
  - The Board and Board committees take an active role in the Company's risk oversight and risk management processes
- **Active Stockholder Engagement**
  - During 2019, Coeur continued its proactive and robust stockholder outreach efforts on governance, executive compensation and other matters, contacting all institutional stockholders of 0.15% or more
- **Clawback Policy**
  - Added officer misconduct to the scope of clawback policy in addition to financial restatement-driven events

Stockholder Rights

- **Annual Election of Directors**
  - All directors are elected annually for one-year terms
- **Majority Voting for Director Elections**
  - Majority voting in uncontested director elections with a resignation policy
- **Stockholder Right to Call Special Meetings**
  - Stockholders owning 20% or more of Coeur's common stock have the right to call a special meeting of the Stockholders
- **No Poison Pill**
  - Coeur does not have a poison pill or similar anti-takeover defenses in place
- **Proxy Access**
  - Proactively adopted proxy access in March 2019, which allows stockholders who have satisfied specified requirements under the Company's Bylaws to include director nominees in the Company's proxy statement and form of proxy (greater of two nominees or 20% Board seats)

Significantly Improved Corporate Governance Profile

COEUR MINING®

Corporate Governance Enhancements Since 2010	2010	2020
Independent Board Chairman	✗	✓
Entire Board of Directors is independent other than CEO	✗	✓
Gender diversity on the Board	✗	✓
Majority voting standard for uncontested Director elections	✗	✓
Proxy access allowing certain stockholders to nominate directors	✗	✓
Robust Board and Committee self-evaluation (including 1:1 discussions with Chairman and third-party participation)	✗	✓
Executive and Director stock ownership guidelines	✗	✓
No excise tax gross-up on executive severance	✗	✓
All incentive awards subject to double-trigger change-in-control vesting	✗	✓
60% of executive equity awards are performance shares and 40% are time-vesting restricted stock	✗	✓
Independent executive compensation consultant to compensation committee	✗	✓
No executive employment agreements other than CEO	✗	✓
No “related person transactions" with Directors or executive officers	✗	✓
Robust executive compensation clawback policy covering officer misconduct	✗	✓

		Three-Year Return on Invested Capital	PSUs[2,3] 35%
		Production	AIP 25%

(1) Annual incentive plan.
(2) Performance share units.
(3) The three internal performance share metrics are subject to a relative total stockholder return ("TSR") modifier that adjusts payouts +/-25% for top or bottom quartile performance compared to peers.
(4) Tied to achievement of Rochester and Silvertip expansion projects (split 20% Rochester and 10% Silvertip) and YE 2022 net asset values for Rochester and Silvertip.

Diverse Board Led by Independent Chair

- Eight out of nine Directors are independent (all except CEO); all four main committees comprised of independent directors only
- Two directors elected in February 2018 having skills and experiences that complement other directors
- Balance of newer and longer serving directors; no mandatory retirement age
- Half of independent directors are diverse (gender or ethnicity), contributing to a variety of viewpoints

Skill	
Current and Former Chief Executive	90%

(3) Excludes management fee allocated from corporate.

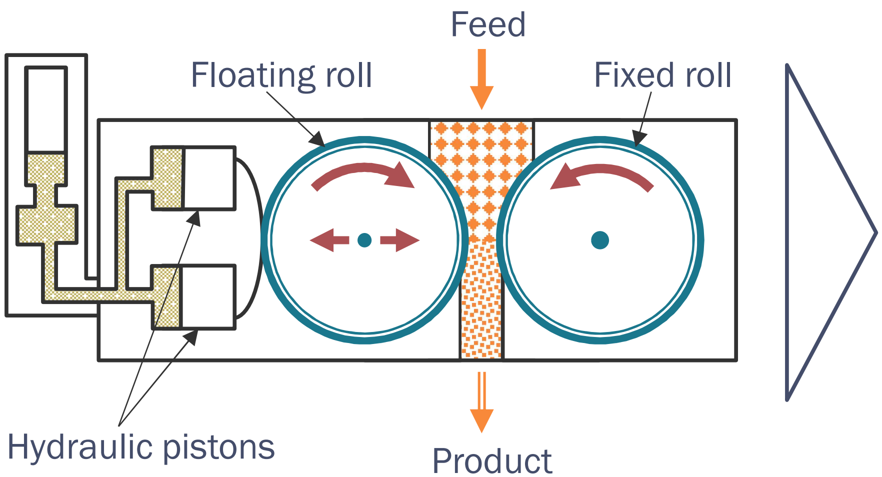
Review of HPGR Technology

HPGR technology is relatively new to precious metals mining, although it has been proven in processing other materials. The implementation of HPGR at Rochester is expected to improve silver recoveries and lower operating costs

HPGR Schematic[1]



Selected Commentary

- Feed material is subjected to high compressive force exerted by the floating roll, which is regulated by hydraulic pistons
- Counter rotating rolls draw in a bed of material, which is crushed via inter-particle comminution
- Creates micro-fractures in crushed material, allowing cyanide to flow more freely
  - Increases silver recoveries when compared to other crushers

Key Advantages

- ✓ Low operational and maintenance costs due in large part to limited moving parts
- ✓ Limited downtime for wear part replacement
- ✓ Comparatively higher comminution efficiency
- ✓ Accommodates greater mineral variability

HPGR crushing unit at Rochester

(1) Thyssenkrupp Industrial Solutions POLYCOM® Installations (2018).

Kensington

Ownership	100%
Claims	12,336 net acres
Type	Underground
Processing	Crushing, grinding, flotation processing
Metals	Gold concentrate
Mine life	~3 years

Notes to 2019 mineral reserves and resources:

(1) Effective December 31, 2019.

(2) Assumed metal prices for Mineral Reserves were $17.00 per ounce of silver, $1,350 per ounce of gold, $1.15 per pound zinc, $0.95 per pound lead.

(3) Assumed metal prices for estimated Mineral Resources were $20.00 per ounce of silver, $1,500 per ounce of gold, $1.30 per pound zinc, $1.05 per pound lead, except Lincoln Hill and Wilco at $1,350 per ounce gold and $22.00 per ounce silver, and Sterling at $1,200 per ounce of gold.

(4) Mineral Resources are in addition to Mineral Reserves and do not have demonstrated economic viability. Inferred Mineral Resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of Mineral Reserves, and there is no certainty that the Inferred Mineral Resources will be realized. The preliminary economic assessment for the re-scoped mine plan at Kensington is preliminary in nature and includes Inferred Mineral Resources, and does not have as high a level of certainty as a plan that was based solely on proven and probable reserves and there is no certainty that the results from the preliminary economic assessment will be realized.

(5) Rounding of tons and ounces, as required by reporting guidelines, may result in apparent differences between tons, grade, and contained metal content.

(6) For details on the estimation of mineral resources and reserves, including the key assumptions, parameters and methods used to estimate the Mineral Resources and Mineral Reserves, Canadian investors should refer to the NI 43-101 Technical Reports for Coeur's properties on file at www.sedar.com.

Notes to 2018 mineral reserves and resources:

(1) Effective December 31, 2018.

(2) Assumed metal prices for Mineral Reserves were $17.00 per ounce of silver, $1,250 per ounce of gold, $1.25 per pound zinc, $1.00 per pound lead.

(3) Assumed metal prices for estimated Mineral Resources were $20.00 per ounce of silver, $1,400 per ounce of gold, $1.30 per pound zinc, $1.05 per pound lead, except Lincoln Hill and Wilco at $1,350 per ounce gold and $22.00 per ounce silver, and Sterling at $1,200 per ounce of gold.

(4) Mineral Resources are in addition to Mineral Reserves and do not have demonstrated economic viability. Inferred Mineral Resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of Mineral Reserves, and there is no certainty that the Inferred Mineral Resources will be realized. The preliminary economic assessment for the re-scoped mine plan at Kensington is preliminary in nature and includes Inferred Mineral Resources, and does not have as high a level of certainty as a plan that was based solely on proven and probable reserves and there is no certainty that the results from the preliminary economic assessment will be realized.

(5) Rounding of tons and ounces, as required by reporting guidelines, may result in apparent differences between tons, grade, and contained metal content.

(6) For details on the estimation of mineral resources and reserves, including the key assumptions, parameters and methods used to estimate the Mineral Resources and Mineral Reserves, Canadian investors should refer to the NI 43-101 Technical Reports for Coeur's properties on file at www.sedar.com.

Notes to 2015 mineral reserves and resources:

(1) Effective December 31, 2015.

(2) Assumed metal prices for estimated mineral reserves were $17.50 per ounce of silver and $1,250 per ounce of gold, except for lower 76 underground deposits at Palmarejo at $15.50 per ounce of silver and $1,150 per ounce of gold, and Wharf at $1,275 per ounce of gold.

(3) Mineral resources are in addition to mineral reserves and do not have demonstrated economic viability. Inferred mineral resources are considered too speculative geologically to have the economic considerations applied to them that would enable them to be considered for estimation of mineral reserves, and there is no certainty that the inferred mineral resources will be realized.

(4) Rounding of tons and ounces, as required by reporting guidelines, may result in apparent differences between tons, grade, and contained metal content.

(5) For details on the estimation of mineral resources and reserves, including the key assumptions, parameters and methods used to estimate the Mineral Resources and Mineral Reserves, Canadian investors should refer to the NI 43-101 Technical Reports for Coeur's properties on file at www.sedar.com.

Executive Leadership

Mitchell J. Krebs – President and Chief Executive Officer. During his twenty-year tenure with Coeur, Mr. Krebs has led nearly $2 billion in capital raising and debt restructuring activities and has facilitated over $2 billion of acquisitions and divestitures. Mr. Krebs was previously Coeur's Chief Financial Officer and held various positions in the corporate development department, including Senior Vice President of Corporate Development. Mr. Krebs is a Director of Kansas City Southern and the National Mining Association, is on the Board of World Business Chicago, and was formerly President of the Silver Institute.

Thomas S. Whelan – Senior Vice President and Chief Financial Officer. Prior to joining Coeur, Mr. Whelan served as CFO of Arizona Mining Inc. from September 2017 to August 2018, when the company was acquired from South32 Limited. Previously, Mr. Whelan served as CFO for Nevsun Resources Ltd. from January 2014 to August 2017. He is a chartered professional accountant and was previously a partner with the international accounting firm Ernst & Young ("EY") LLP where he was the EY Global Mining & Metals Assurance sector leader, the leader of the EY Assurance practice in Vancouver and previously EY's Canadian Mining & Metals sector leader. Mr. Whelan graduated with a Bachelor of Commerce from Queen's University.

Michael "Mick" Routledge – Senior Vice President and Chief Operating Officer. Mr. Routledge has over 20 years' experience with Rio Tinto in various roles beginning in 1987, including as the Chief Operating Officer (2011-2012) and Vice President HSE, Projects & Operational Value (2012-2014) of the Kennecott Utah Copper mine and served as the Chief Operating Officer of Asahi Refining from 2015 to 2017. As the Senior Director of Operational Excellence at Anagold Madencilik from 2017 to 2019, Mr. Routledge designed and implemented an operational excellence program for the Copler District in Turkey. Most recently, Mr. Routledge served as the Vice President of Major Projects and Studies of Alacer Gold Corp. since 2019. Mr. Routledge currently chairs the Health & Safety Division Executive Committee for the Society for Mining, Metallurgy & Exploration board. He received an undergraduate degree from the University of Sunderland, England in Electrical and Control Engineering and received his MBA with a focus on business and strategic transformation from Henley Management College in England.

Terry F.D. Smith. – Senior Vice President and Chief Development Officer. Mr. Smith joined Coeur in 2013 as the Vice President of North American Operations. Prior to joining Coeur, he served as Vice President of Project Development and Assessments of Hunter Dickenson Inc. Mr. Smith has managed projects ranging from scoping to the feasibility level, coordinated field investigations, metallurgy laboratory testing, and engineering design. He also has significant experience in strategic project planning and due diligence reviews for potential acquisitions including environmental, metallurgical, geotechnical and mining inputs. Mr. Smith has also served as Manager of Operations Support for Barrick Gold Corporation in Toronto and as Senior Mining Engineer for Teck Cominco Ltd. in Vancouver. Mr. Smith holds a Bachelor of Mining Engineering from Laurentian University in Sudbury, Ontario.

Casey M. Nault – Senior Vice President, General Counsel, and Secretary. Mr. Nault has over 20 years of experience as a corporate and securities lawyer, including prior in-house positions with Starbucks Corporation and Washington Mutual, Inc. and law firm experience with Gibson, Dunn & Crutcher. His experience includes securities compliance and SEC reporting, corporate governance and compliance, mergers and acquisitions, public and private securities offerings, other strategic transactions, general regulatory compliance, cross-border issues, land use and environmental issues, and overseeing complex litigation.

Hans J. Rasmussen – Senior Vice President, Exploration. Mr. Rasmussen has 30 years of experience in the mining business, 16 years of which were with senior producers Newmont Mining and Kennecott/Rio Tinto; as well as serving as a consultant for senior producers such as BHP, Teck-Cominco, and Quadra Mining. From 2004 to 2013, he was an officer or served on the Board of Directors of several junior public exploration companies with gold and silver projects in Quebec, Nevada, Argentina, Chile, Colombia, Peru, and Bolivia, including serving on the Board of Directors of Atex Resources Inc. (formerly known as Columbia Crest Gold Corp.) since 2006.

Emilie C. Schouten – Senior Vice President, Human Resources. Ms. Schouten has 15 years of experience in Human Resources, starting her career in General Electric, where she graduated from GE's Human Resources Leadership Program. After 6 years as an HR Manager with GE, her division was acquired by the world's largest electrical distribution company, Rexel, and Ms. Schouten went on to become the Director of Training and Development. Ms. Schouten has her B.A. in Sociology from Michigan State University and her M.S. in Industrial Labor Relations from University of Wisconsin-Madison.

Board of Directors

Robert E. Mellor – Independent Chairman of the board of Monro Muffler/Brake, Inc. (auto service provider) since June 2017, and appointed Interim Chief Executive Officer in August 2020. Previously Mr. Mellor was lead independent director from April 2011 to June 2017 and a member of the board of directors since August 2010; Former Chairman, Chief Executive Officer and President of Building Materials Holding Corporation (distribution, manufacturing and sales of building materials and component products) from 1997 to January 2010, director from 1991 to January 2010; former member of the board of directors of CalAtlantic Group, Inc. (national residential home builder) from October 2015 to February 2018, when CalAtlantic was acquired by Lennar Corporation; former member of the board of directors of the Ryland Group (national home builder, merged with another builder to form CalAtlantic) from 1999 to October 2015; and former member of the board of directors of Stock Building Supply Holdings, Inc. (lumber and building materials distributor) from March 2010 until December 2015 when it merged with another company. He was recently named a 2020 National Association of Corporate Directors Directorship 100 honoree.

Mitchell J. Krebs – President and Chief Executive Officer. See prior slide.

Linda L. Adamany – Member of the board of directors of Jefferies Financial Group (formerly known as Leucadia National Corporation), a diversified holding company engaged in a variety of businesses, since March 2014, and a member of the board of directors of Jefferies Group Inc., a wholly-owned subsidiary of Jefferies Financial Group Inc., since November 2018; non-executive director of BlackRock Institutional Trust Company since March 2018; non-executive director of the Wood plc from October 2017 to May 2019; non-executive director of Amec Foster Wheeler plc, an engineering, project management, and consultancy company, from October 2012 until the Company was acquired by Wood plc in October 2017; member of the board of directors of National Grid plc, an electricity and gas generation, transmission, and distribution company, from November 2006 to November 2012. Served at BP plc in several capacities from July 1980 until her retirement in August 2007, most recently from April 2005 to August 2007 as a member of the five-person Refining & Marketing Executive Committee responsible for overseeing the day-to-day operations and human resource management of BP plc's Refining & Marketing segment, a $45 billion business at the time. She was recently selected as one of Women Inc. Magazine's 2018 Most Influential Corporate Directors.

Sebastian Edwards – Henry Ford II Professor of International Business Economics at the Anderson Graduate School of Management at the University of California, Los Angeles (UCLA) from 1996 to present; Co-Director of the National Bureau of Economic Research’s Africa Project from 2009 to present; taught at IAE Universidad Austral in Argentina and at the Kiel Institute from 2000 to 2004; Chief Economist for Latin America at the World Bank Group from 1993 to 1996. Currently a Member of the Board of Moneda Asset Management, an investment management firm in Chile, and Centro de Estudios Públicos, Chile.

Randolph E. Gress – Retired Chairman (November 2006 until January 2016 and director from August 2004 until January 2016) and Chief Executive Officer (from 2004 until December 2015) of Innophos Holdings, Inc., a leading international producer of performance-critical and nutritional specialty ingredients for the food, beverage, dietary supplements, pharmaceutical, and industrial end markets. Mr. Gress was with Innophos since its formation in 2004, when Bain Capital purchased Rhodia SA's North American specialty phosphate business. Prior to his time at Innophos, Mr. Gress was with Rhodia since 1997 and held various positions including Global President of Specialty Phosphates (with two years based in the U.K.) and Vice-President and General Manager of the NA Sulfuric Acid and Regeneration businesses. From 1982 to 1997, Mr. Gress served in various roles at FMC Corporation including Corporate Strategy and various manufacturing, marketing, and supply chain positions.

Eduardo Luna – Chairman of the Board of Rochester Resources Ltd., Mr. Luna has spent over forty years in the precious metals mining industry and has held prior senior executive and board positions at several companies including Industrial Peñoles, Goldcorp Inc., Luismin SA de CV, Wheaton River Minerals Ltd., Alamos Gold Inc., Dyna Resource, Inc. and Primero Mining Corp.
