

D-WAVE QUANTUM INC.

AUDIT COMMITTEE CHARTER

I. Purpose

The Audit Committee (the "Committee") of the Board of Directors (the "Board") of D-Wave Quantum Inc., a Delaware corporation (the "Company"), shall oversee:

- (a) the integrity of the financial statements and other financial information provided by the Company to its shareholders, the public, any stock exchange and others;
- (b) the Company's compliance with legal and regulatory requirements;
- (c) the qualifications and independence of the Company's independent auditor;
- (d) the performance of the Company's internal audit function and its system of internal controls and independent auditor, and
- (e) such other matters as are assigned to the Committee by the Board pursuant to this Charter or as mandated under applicable laws, rules and regulations (including the Securities Exchange Act of 1934 and the rules promulgated thereunder, as amended (the "Exchange Act")) as well as listing standards of the securities exchange on which the Company's securities are listed (the "Applicable Securities Exchange"; together, the "Applicable Requirements").

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. The members of the Committee are not full-time employees of the Company and may or may not be accountants or auditors by profession or experts in the fields of accounting or auditing and, in any event, do not serve in such capacity. Consequently, it is not the duty of the Committee to conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with Generally Accepted Accounting Principles ("GAAP") and other Applicable Requirements. These are the responsibilities of management and the Company's independent auditor.

II. Organization

The Committee shall consist of three or more directors, each of whom shall satisfy the independence, financial literacy, and other qualifications required by Section 10A-3 of the Exchange Act and any other Applicable Requirements, subject to any cure periods permitted by Applicable Requirements. At least one member of the Committee shall be an "audit committee financial expert" (as defined by the Securities and Exchange Commission (the "SEC")). Determinations of independence, financial literacy, experience and expertise shall be made by the Board as the Board interprets such qualifications in its business judgment.

No Committee member shall simultaneously serve on the audit committees of more than two other public companies unless the Board determines that such simultaneous service does not impair the ability of such member to effectively serve on the Committee and such determination is disclosed in accordance with the Applicable Requirements.

Members of the Committee shall be appointed by the Board on the recommendation of the Nominating and Governance Committee and may be removed by the Board at any time. The Committee's chair shall be designated by the Board on the recommendation of the Nominating and Governance Committee or, if not so designated, the members of the Committee shall elect a chair by a vote of the majority of the full Committee.

Effective Date: February 19, 2026

III. Meetings

The Committee shall meet at least four times per year on a quarterly basis or more frequently as circumstances require and shall review all quarterly and annual filings with the SEC. Meetings shall be called by the chair of the Committee or, if there is no chair, by a majority of the members of the Committee. Any member of the Committee may participate in a meeting by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting. Committee actions may be taken by unanimous written consent.

The Committee shall also meet periodically with management, the chief internal auditor (or the equivalent) and the Company's independent auditor in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately.

IV. Authority and Responsibilities

In fulfilling its duties and responsibilities hereunder, the Committee will be entitled to rely reasonably on (a) the integrity of those persons within the Company and the professionals and experts (such as the Company's independent auditor) from whom it receives information, (b) the accuracy of the financial and other information provided to the Committee by such persons and (c) representations made by the Company's independent auditor as to any services provided by such firm to the Company.

To fulfill its responsibilities, the Committee shall:

With respect to the engagement of the Company's independent and other auditors:

1. Be directly responsible for (a) the appointment, compensation, retention, (including termination), scope and oversight of the work of any independent registered public accounting firm engaged by the Company (including for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services or other work for the Company), and (b) the resolution of any disagreements between management and any such firm regarding financial reporting.
2. Have the sole authority to review in advance, and pre-approve (which may be pursuant to pre-approval policies and procedures) all audit or non-audit services to be provided by the Company's independent or other auditors as permitted by Section 10A of the Exchange Act and to approve all related fees and other terms of engagement. The Committee shall also review and approve disclosures required to be included by the Company in periodic reports filed with the SEC under Section 13(a) of the Exchange Act with respect to audit and non-audit services.
3. At least annually, obtain and review a formal written report from the Company's independent auditor (a) describing such firm's internal quality control procedures, (b) describing any material issues raised by the most recent internal quality control review, peer review or Public Company Accounting Oversight Board ("PCAOB") review or inspection of such firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by such firm, and any steps taken to deal with any such issues, and (c) assessing such firm's independence, including delineating all relationships and engagements that may reasonably be thought to bear on the independence of the auditor, including those between the auditor and the Company. The Committee shall discuss this report with the Company's independent auditor and shall take appropriate action to ensure

the independence of the independent auditor and to address any other matters based on such report.

4. Confirm that the “lead partner,” the “concurring partner” and the other “audit partner” rotation requirements under the Applicable Requirements, including Regulation S-X have been complied with. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the Company’s independent registered public accounting firm on a regular basis.
5. Review all reports and communications required to be submitted by the Company’s independent registered public accounting firm to the Committee under Section 10A of the Exchange Act and other Applicable Requirements.
6. At least annually, evaluate the performance of the Company’s independent auditor, including the lead audit partner. In making its evaluation, the Committee should take into account the opinions of management and the internal audit group.

9. Recommend to the Board whether the Company’s annual audited financial statements should be included in the Company’s annual report for filing with the SEC and timely prepare the report required by the SEC to be included in the Company’s annual proxy statement, if applicable, and any other reports of the Committee required by any Applicable Requirement.
10. Review and discuss with management and the Company’s independent auditor (a) major issues regarding, or significant changes in, the Company’s accounting principles and financial statement presentations, (b) analyses prepared by management or the Company’s independent auditor concerning significant financial reporting issues and judgments made in connection with the preparation of the financial statements, (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company, and (d) the type and presentation of information to be included in earnings press releases and any financial information and earnings guidance provided to analysts and rating agencies.
11. Prior to the filing of any audited financial statements with the SEC, review with the Company’s independent auditor (a) all critical accounting policies and practices used by the Company, (b) all alternative accounting treatments of financial information reported in GAAP related to material items that have been discussed with management, including the ramifications of the use of such alternative treatments and disclosures and the treatment preferred by the Company’s independent auditor, (c) any reports or communications (and management’s responses thereto) submitted to the Committee by the Company’s independent auditor in accordance with PCAOB Auditing Standard 1301, *Communications with Audit Committees*, as amended or supplemented, and (d) any other material written communications between the Company’s independent auditor and management.

12. The Committee shall discuss with the independent auditor material issues on which the national office of the independent auditor was consulted by the Company's audit team.
13. Periodically discuss with the Company's independent auditor, without management being present, (a) their judgment about the quality, integrity and appropriateness of the Company's accounting principles and financial disclosure practices as applied in its financial reporting and (b) the completeness and accuracy of the Company's financial statements.
14. Review and discuss with management the Company's earnings press releases, including the use of non-GAAP financial measures and other "pro forma" or "adjusted" presentations, as well as financial information and earnings guidance provided to analysts and rating agencies. Such discussions may be general (consisting of discussing the types of information to be disclosed and the types of presentations to be made), and each earnings release or each instance in which the Company provides earnings guidance need not be discussed in advance.
15. Review and discuss with management all material off-balance sheet transactions, arrangements, obligations (including contingent obligations) and other relationships of the Company with unconsolidated entities or other persons.
16. Review and discuss with management and the internal audit group the Company's major financial risk exposures and management's risk assessment and risk management policies.
17. Review with management the Company's assessment of threats and risks associated with the Company's supply chain, critical minerals in chips, tariffs, and weapons programs and efficiency, as well as actions the Company is taking to address such threats and risks.

made by management, in each case, as and when required by Section 404 of the Sarbanes-Oxley Act of 2002. Discuss with management, the internal audit group and the independent auditor any changes in internal control over financial reporting disclosed or considered for disclosure in the Company's periodic filings with the SEC.

23. Review with management and the Company's independent auditor any reports or disclosure submitted by management to the Committee as contemplated by the certifications required under Section 302 of the Sarbanes-Oxley Act of 2002.
24. Review with management any management letters and the steps management intends to take to address the issues raised by those letters.

With respect to the Company's compliance programs:

Oversee the implementation of and compliance with the Related Person Transactions Policy, including reviewing, approving or ratifying related person transactions, as appropriate pursuant to the Related Person Transaction Policy.
29. In collaboration with the Cybersecurity Committee, oversee the Company's compliance with legal and regulatory requirements related to cybersecurity, including reviewing and discussing with management the applicable laws and regulations, as well as significant legislative and regulatory developments, that could materially impact the Company's cybersecurity risk exposure.
