About Lifezone Metals

Lifezone Metals (NYSE: LZM) is committed to delivering cleaner and more responsible metals production and recycling. Through the application of our Hydromet Technology, we offer the potential for lower energy consumption, lower emissions and lower cost metals production compared to traditional smelting.

Our Kabanga Nickel Project in Tanzania is believed to be one of the world's largest and highest-grade development-ready nickel sulfide deposits. By pairing it with our Hydromet Technology, we are working to unlock a new source of nickel, copper and cobalt for the global battery metals markets and to empower Tanzania to achieve in-country beneficiation.

Through our US-based recycling partnership, we are working towards applying our Hydromet Technology to the recovery of platinum, palladium and rhodium from responsibly sourced spent automotive catalytic converters. Our process is expected to be cleaner and more efficient than conventional smelting and refining methods, supporting a circular economy for precious metals.

Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and the "safe harbor" provisions under the Private Securities Litigation Reform Act of 1995. Generally, statements that are not historical facts, including statements concerning possible or assumed future actions, business strategies, events or results of operations, and any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. Forward-looking statements may be accompanied by words such as "believes," "estimates," "expects," "predicts," "projects," "forecasts," "may," "might," "will," "could," "should," "would," "seeks," "plans," "scheduled," "possible," "continue," "potential," "anticipates" or "intends" or the negatives of these terms or variations of them or similar terminology or expressions that predict or indicate future events or trends or that are not statements of historical matters; provided, however, that the absence of these words does not mean that a statement is not forward-looking.

Forward-looking statements in this press release, include, but are not limited to, statements regarding the proposed release of the H1 2026 interim financial results, and the related timing. There can be no assurance as to whether or when the release of the H1 2026 interim financial results will take place. The forward-looking statements in this press release are subject to risks and uncertainties that may cause actual results to differ materially, including market and other conditions, and risks and uncertainties that may affect the Company's business, results of operations and financial condition and future operations, and other risks that are and will be detailed from time to time in the Company's filings with the Securities and Exchange Commission (the "Commission"), including the Company's Annual Report on Form 20-F for the fiscal year ended December 31, 2025 and the Reports on Form 6-K that the Company files and furnishes from time to time with the Commission. Further, the forward-looking statements in this press release are based on the current expectations of Lifezone Metals' management. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on, by any investor as a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of Lifezone Metals and its subsidiaries. Except as otherwise required by applicable law, we disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, new information, data, or methods, future events, or other changes after the date of this communication.
