TYLER TECHNOLOGIES SIGNS CONTRACT TO PROVIDE *ODYSSEY* COURTS & JUSTICE SOFTWARE TO ROCKDALE COUNTY, GEORGIA

Dallas, December 17, 2003 -- Tyler Technologies, Inc. (NYSE: TYL) announced today that it has signed a contract to implement its *Odyssey* Courts & Justice software in Rockdale County, Georgia. The total value of the contract, which includes software licenses, professional services and hardware, is approximately \$1,000,000.

Odyssey is Tyler Technologies' new-generation courts and justice system. With a stateless N-tier architecture built on the latest Web-based technology, *Odyssey* is scalable and powerful. Rockdale County will be implementing Tyler's *Odyssey* Case Management applications, as well as new *Odyssey* Sheriff Records and Jail Management applications. The implementation in Rockdale County is expected to be completed in the fourth quarter of 2004.

Rockdale County is a fast-growing and dynamic suburban community located just east of Atlanta. It is about 130 square miles in area – the second smallest of Georgia's 159 counties – and has a population of approximately 73,000. As a growing county with a government committed to protecting and enhancing the quality of life through long-range planning and responsible management of the community's resources, Rockdale County saw the value of upgrading its courts and justice systems to the latest, most efficient technology.

“With our selection of *Odyssey* from Tyler Technologies, we bought what we determined is the most up-to-date courts and justice system available in the market,” stated Joanne Caldwell, Superior and State Court Clerk of Rockdale County. “This will put us far ahead with case management and enable us to greatly increase productivity. We are excited about using *Odyssey* and bringing its enhancements to our operations for the benefit of the citizens and the employees of Rockdale County.”

Glenn Smith, president of Tyler's Courts & Justice division, said, “Rockdale County is a long-term Tyler Technologies client that has managed its sheriff's office, jail and courts with our software for 14 years. We look forward to providing them with the state-of-the-art technology of *Odyssey*, which should serve the County well for many years into the future.”

Based in Dallas, Tyler Technologies is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to make local government more accessible to the public, more responsive to needs of citizens, and more efficient. Tyler's client base includes more than 6,000 local government offices throughout all 50 states, Canada, Puerto Rico and the United Kingdom.
