BROWARD COUNTY BECOMES TYLER TECHNOLOGIES' SIXTH FLORIDA CLIENT FOR ODYSSEY COURTS SOFTWARE

Contract with Florida's Second Largest County Valued at $4.6 Million

Dallas, December 20, 2006 -- Tyler Technologies, Inc. (NYSE: TYL) announced today that it has entered into a contract to provide its Odyssey Case Management software for use by the Broward County, Florida, Clerk of the Circuit and County Court. The total estimated value of the contract, including software licenses and professional services, is approximately $4.6 million.

Tyler's Odyssey system is a new generation Web-based court case management solution for the state and local government market. The Broward project will include implementation of the Odyssey Case Management software for all case types, including civil, criminal, juvenile, probate, family, domestic violence and mental health cases, along with electronic document management for all court documents filed in these cases. The software will also manage judicial assignment and scheduling. As part of the project, Tyler will also interface the Odyssey system to various other state and local justice systems.

Broward County is the second most populous county in Florida and the fifteenth largest county in the United States. The city of Fort Lauderdale is the seat of Broward County, which has more than 1.8 million residents.

"We are excited that Broward County has joined the other progressive counties, both in Florida and across the nation, that have chosen to modernize their courts systems with Tyler's Odyssey software," commented Dustin Womble, Executive Vice President of Tyler Technologies. "With the addition of Broward County to the existing Odyssey customers in Miami-Dade, Lee, Clay, Monroe and Manatee counties, Tyler has established a clear leadership position providing technology to Florida courts. In addition, we now count six of the nation's 25 largest counties as Odyssey clients."

Based in Dallas, Tyler Technologies is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to make local government more accessible to the public, more responsive to needs of citizens, and more efficient. Tyler's client base includes more than 6,000 local government offices throughout all 50 states, Canada, Puerto Rico and the United Kingdom. *Forbes* Magazine named Tyler one of the "200 Best Small Companies" in America in 2004.
