TYLER TECHNOLOGIES RANKED #157 ON SOFTWARE MAGAZINE'S 26TH ANNUAL SOFTWARE 500

Dallas, December 30, 2008 -- Tyler Technologies, Inc. (NYSE: TYL) announced today that it has been included in *Software Magazine's* 26th annual Software 500 ranking of the world's largest software and service providers. Tyler ranked #157 on the list.

"We are pleased to be recognized by *Software Magazine*," said John S. Marr, Jr., president and chief executive officer of Tyler Technologies, Inc. "Tyler's commitment to the public sector is unequalled in this market space. Our growth and success is the result of Tyler's focused business model and our dedication to delivering on long-range strategic goals while remaining a valuable partner to our public sector clients."

The Software 500 is a revenue-based ranking of the world's largest software and services suppliers targeting medium to large enterprises, their IT professionals, software developers and business managers involved in software and services purchasing. The ranking is based on total worldwide software and services revenue for 2007. This includes revenues from software licenses, maintenance and support, training and software-related services and consulting. The financial information was gathered by a survey prepared by King Content Co. and posted at www.softwaremag.com, as well as from public documents.

Based in Dallas, Tyler Technologies is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to make local government more accessible to the public, more responsive to needs of citizens, and more efficient. Tyler's client base includes more than 7,000 local government offices throughout all 50 states, Canada, Puerto Rico and the United Kingdom. Tyler has been named one of "America's 200 Best Small Companies" for two consecutive years by *Forbes* Magazine and one of "America's 100 Most Trustworthy Companies" by Audit Integrity, an independent research firm.
