Tyler Technologies Wins Financial Management Software Contract with San Patricio County, TX

Dallas, April 15, 2009 -- Tyler Technologies, Inc. (NYSE: TYL) has signed an agreement to provide San Patricio County, Texas, with its financial management solution. The contract includes software licenses, corresponding professional services, maintenance and support.

Under the agreement, San Patricio County will become the 32nd Texas county to implement Tyler's INCODE financial management solution. In addition to deploying a variety of Tyler's financial and human resource applications, the County will enhance its reporting capabilities with Tyler GASB 34 Reporter.

Tyler's GASB 34 Reporter will ease the posting of adjustments for San Patricio County as defined by Statement No. 34 of the Governmental Accounting Standards Board. With the assistance of a wizard-type interface, which includes embedded rules for the most common entries, uncommon entries and an entry for internal service fund data, San Patricio County will expedite the reporting process.

"Tyler's ability to provide a financial management software solution that has the scalability to accommodate San Patricio County's growing needs factored into our decision to choose Tyler's system," commented David Wendel, San Patricio County auditor. "Additionally, we appreciate Tyler's GASB 34 Report Writer for its ability to facilitate and enhance reporting for the County."

"Tyler's integrated financial management solution is an excellent choice for San Patricio County. Our ability to deliver a flexible solution that will continue to meet the County's changing needs is a sign of our experience in the public sector and throughout the State of Texas," stated Brett Cate, president of Tyler's INCODE solutions. "Our strong presence in the Texas market gives us exceptional knowledge of the special requirements of our clients in the state."

San Patricio County is an existing client currently using Tyler's Odyssey Courts & Justice solution as well as its Appraisal & Tax solution. The county is home to approximately 70,000 residents, making it the 49th most populous county of Texas's 254 counties. The county is part of the Corpus Christi metropolitan area on the Texas Gulf coast, with Sinton as the county seat.

Based in Dallas, Tyler Technologies is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to make local government more accessible to the public, more responsive to needs of citizens, and more efficient. Tyler's client base includes more than 8,000 local government offices throughout all 50 states, Canada, Puerto Rico and the United Kingdom. Tyler has been named one of "America's 200 Best Small Companies" for two consecutive years by *Forbes* Magazine. More information about Tyler Technologies can be found at www.tylertech.com.
