

Tyler Technologies Signs ERP Contracts in Alaska and Virginia Totaling \$1.8 Million

*Alaska's Matanuska-Susitna Borough Schools and Virginia's Prince George County
Select Tyler's Munis® ERP Solution*

DALLAS – Aug. 2, 2011 – Tyler Technologies, Inc. (NYSE: TYL) has signed contracts with Matanuska-Susitna Borough Schools, Alaska, and Prince George County, Va., for Tyler's Munis® [enterprise resource planning](#) (ERP) solution. The agreements include licenses, hosting services, professional services, maintenance and support, and have a combined value of approximately \$1.8 million.

Matanuska-Susitna Borough Schools (Mat-Su), the second largest school district in Alaska with 44 schools and 17,000 students, sought to replace its legacy ERP solution. After a thorough review process that included a reference check from Munis client Fairbanks North Star Borough School District, Alaska, Mat-Su decided to purchase applications from Tyler's Munis ERP solution, including financial management, human capital management, self service and content management. Mat-Su is also a Tyler Pulse client.

Prince George County signed a three-year [software as a service](#) (SaaS) agreement for Tyler's Munis ERP solution after an intensive RFP process and review of competitive solutions. The county has made the decision to invest in a wide range of Munis applications, including financial management, human capital management and content management. Munis will be hosted and administered at Tyler's wholly owned data center in Falmouth, Maine.
