

Iowa's Capital City Selects ERP Solution from Tyler Technologies

Des Moines chooses Tyler's Munis® ERP solution to modernize its financial applications

DALLAS – April 5, 2012 – Tyler Technologies, Inc. (NYSE: TYL) has signed an agreement with the city of Des Moines, Iowa, for Tyler's Munis® [enterprise resource planning](#) (ERP) solution. The contract includes software licenses, related professional services, maintenance and support.

Des Moines, Iowa's state capital with a population of approximately 203,000, needed to replace its various legacy solutions with a comprehensive ERP solution that supports functions such as finance, operations and human resources. Des Moines selected multiple [Munis](#) applications, including financial management, human capital management, employee self service and content management.

“Tyler's Munis ERP solution gives Des Moines a contemporary ERP system with progressive functions such as budget forecasting and self service. In addition, Munis' integrated applications and customizable dashboards make data retrieval easier and more accurate,” said Mark Durham, finance department project administrator at the city of Des Moines. “We expect Munis to be a valuable, long-term solution for Des Moines especially because Tyler doesn't require clients to pay for future system updates.”

“Tyler has a well-deserved reputation for advancing its solutions functionally and technologically over time due to our evergreen philosophy, which enables our clients to stay updated on Munis technology without additional relicensing expenses,” said Richard E. Peterson Jr., president of Tyler's ERP & School Division. “Additionally, our development approach ensures that clients are getting the best long-term return on investment from Tyler solutions.”

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 10,000 local government offices in all 50 states, Canada, the Caribbean and the United Kingdom. *Forbes* has named Tyler one of “America's Best Small Companies” four times in the last five years.
