

Tyler Technologies Announces Winners of the 2012 Tyler Public Sector Excellence Awards for Appraisal & Tax Solutions

Local government entities awarded for excellence with iasWorld®, Orion and Tyler Verify solutions

DALLAS – April 12, 2012 – Tyler Technologies, Inc. (NYSE: TYL) today announced the recipients of its 2012 Tyler Public Sector Excellence Awards for its iasWorld®, Orion and Tyler Verify appraisal and tax solutions. Tyler’s iasWorld 2012 Excellence Award winner is Canada’s province of Nova Scotia, Property Valuation Services Corporation. Tyler’s Orion 2012 Excellence Award winner is the state of Montana, Department of Revenue. The 2012 Excellence Award Winner for Tyler Verify is Canada’s BC Assessment, a provincial government Crown corporation in British Columbia.

The Tyler Public Sector Excellence Awards program is open to all Tyler clients using [iasWorld](#), [Orion](#) or Tyler Verify solutions. The awards were created to recognize organizations that have demonstrated excellence in best practices for developing, deploying and maintaining Tyler solutions in new and successful ways. The awards honor innovation in organizational efficiency, productivity and responsiveness.

Award submissions were evaluated by a panel of Tyler leadership and an advisory board of judges — professional colleagues with extensive public sector and Tyler product experience. Entries were judged on business value, innovation and relevance to other public sector organizations. Additional criteria met by award winners include:

- Creating a unique process utilizing a Tyler application
- Realizing significant savings after implementing a Tyler product
- Increasing staffing productivity by implementing a Tyler product
- Empowering employees, citizens or vendors through their website’s self service modules

All three Tyler Excellence Award winners were honored Wednesday, April 11, at the Tyler Connect 2012 User Conference in Grapevine, Texas, where they were presented with the award and given the opportunity to share their best practices and lessons learned with their public-sector peers. Winners also received an expense paid trip for one to the conference.

“Tyler’s Public Sector Excellence Awards program is our chance to publicly recognize clients like Nova Scotia’s Property Valuation Services Corporation, Montana’s Department of Revenue, and BC Assessment, all of which have demonstrated leadership, innovation and excellence in developing, deploying and maintaining Tyler solutions in new ways,” said Andrew D. Teed, president of Tyler’s Appraisal & Tax Division. “We’re proud to offer a forum like the Connect User Conference where our clients can share ideas and lessons learned with their peers. Congratulations to Tyler’s Excellence Award winners for iasWorld, Orion and Tyler Verify.”
