

Plano, Texas, Chooses Court Case Management Solution From Tyler Technologies

Ninth-largest city in Texas chooses Tyler's Incode® court case management solution

DALLAS – June 20, 2012 – Tyler Technologies, Inc. (NYSE: TYL) today announced it has signed a contract with the city of Plano, Texas, for Tyler's Incode® [court case management](#) solution to improve court efficiency. The agreement includes software licenses, related professional services, maintenance and support.

“Plano Municipal Court is replacing three disparate systems with Incode and this integration will eliminate manual processes and aid in helping the court meet performance measures; we anticipate that eventually we will have to raise our performance standards because of Incode's success,” said Plano Court Administrator Vicki Smith. “We're excited to work with Tyler Technologies because they are a progressive software company that provides the best service for its clients, including enhancing their software through a perpetual upgrade process.”

Under the agreement, Plano Municipal Court will implement Incode court case management, document management and [Tyler Jury Management](#), for real-time integration with its current e-citation vendors, police department and Tyler's online payment system. Plano chose Tyler Technologies after visiting three north Texas cities using Tyler's Incode solution and was impressed by the functionality of the software and the positive feedback from employees using Tyler's solutions.

“Tyler clients trust and rely on our software because we continually invest in functionality and technology enhancements, and under our perpetual license philosophy, our clients receive software updates at no additional cost,” said Brett Cate, president of Tyler's Local Government Division. “Tyler's Incode court case management solution provides flexible applications that allow Plano Municipal Court to operate at full capacity in an efficient and cost-effective way. We look forward to working with Plano to better serve its constituents.”

Plano has a population of approximately 260,000, making it the ninth-largest city in Texas, and is located in the Dallas-Fort Worth metroplex.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 10,000 local government offices in all 50 states, Canada, the Caribbean and the United Kingdom. *Forbes* has named Tyler one of “America's Best Small Companies” four times in the last five years.
