

New Mexico's Santa Fe County Selects Tyler Technologies' CLT Appraisal Services

Santa Fe County to use Tyler Verify for street-level imaging services

DALLAS – July 11, 2012 – Tyler Technologies, Inc. (NYSE: TYL) has signed a contract with Santa Fe County, N.M., for Tyler's [CLT Appraisal Services](#) as part of the county's effort to improve the quality of current valuation data through a county-wide data collection project. With more than 144,000 residents, Santa Fe is New Mexico's third most populous county.

Under the agreement, [Tyler Verify](#) will be used to provide street-level imaging of municipal properties in Santa Fe County. Tyler Technologies representatives will also go door-to-door to collect additional property data.

Tyler Verify is currently used in 25 states for field property data verification.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 10,000 local government offices in all 50 states, Canada, the Caribbean and the United Kingdom. *Forbes* has named Tyler one of "America's Best Small Companies" four times in the last five years. More information about Dallas-based Tyler Technologies can be found at www.tylertech.com.
