

Lubbock, Texas, Signs Agreement To Use Tyler Technologies' EnerGov Solution

Lubbock to integrate processes by using Tyler's EnerGov planning, permitting and licensing solution

DALLAS – Feb. 13, 2013 – Tyler Technologies, Inc. (NYSE: TYL) has signed a contract with the city of Lubbock, Texas, to implement Tyler's EnerGov planning, permitting and licensing solution. Lubbock selected Tyler's EnerGov software suite, a Web-based automation platform, to integrate processes across departments that issue city permits and licenses. The agreement includes related professional services, training and support.

The city selected a wide array of EnerGov applications, including permitting and land management, GIS, licensing and regulatory management and citizen self service. Lubbock has a population of approximately 234,000 and is home to Tyler's Local Government Division.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean and the United Kingdom. Forbes has named Tyler one of "America's Best Small Companies" five times in the last six years. More information about Dallas-based Tyler Technologies can be found at www.tylertech.com.
