

City in Florida's Palm Beach County Selects Tyler Technologies' EnerGov® Solution

Jupiter, Fla., chooses Tyler's EnerGov to improve business processes and customer satisfaction

DALLAS – April 4, 2013 – Tyler Technologies, Inc. (NYSE: TYL) has signed an agreement with the city of Jupiter, Fla., to implement Tyler's [EnerGov®](#) planning, permitting and licensing solution. The agreement includes related professional services, training and support. Jupiter also uses Tyler's [Munis® enterprise resource planning](#) (ERP) solution.

The city selected Tyler's EnerGov Web-based automation platform for its comprehensive end-to-end permitting and land management solutions. Jupiter will use EnerGov to provide enhanced online constituent access to services, as well as improved reporting and logistical efficiencies. Jupiter is located in Palm Beach County and has a population of approximately 55,000.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean and the United Kingdom. Forbes has named Tyler one of "America's Best Small Companies" five times in the last six years. More information about Dallas-based Tyler Technologies can be found at www.tylertech.com.
