

## Tyler Technologies Recognized as the 2013 United States Microsoft Dynamics Public Sector Partner of the Year

**DALLAS – July 17, 2013** – Last week, Microsoft proudly announced the United States Microsoft Dynamics Partner Industry Award winners during an event at the Microsoft Worldwide Partner Conference in Houston, Texas.

Tyler Technologies was recognized with the 2013 United States Microsoft Dynamics Public Sector Partner of the Year award. The company was honored among the top Microsoft partners for demonstrating industry sales excellence in innovation and implementation of customer solutions based on Microsoft technology.

“Tyler Technologies is honored to be recognized as the 2013 United States Microsoft Dynamics Public Sector Partner of the Year. The Tyler team has been incredibly focused during the past year bringing our Microsoft Dynamics AX products and services to market,” said John S. Marr Jr., Tyler’s president and CEO. “We are extremely proud of our Dynamics team and we look forward to continued success helping our clients realize the value of Microsoft Dynamics AX combined with Tyler Technologies’ superior service, highly successful implementation process, and deep public sector expertise.”

“The US Partner Industry Awards gives Microsoft Dynamics the opportunity to recognize its top partners at a global event. It acknowledges the extraordinary contributions of Microsoft partners serving a strategic and targeted group of customers throughout the past fiscal year,” said Jeremy Thies, US Partner Lead – Microsoft Dynamics.

Awards were presented in multiple categories, with winners chosen based on their Microsoft Fiscal Year 2013 industry sales performance in the United States. Tyler Technologies was recognized for providing outstanding solutions and services, as well as demonstrating excellent engagement in the public sector.

“We are pleased to present Tyler Technologies with this award,” said Bob Aronson, US Industry Director – Microsoft Dynamics. “Tyler Technologies is seen as an industry leader in the area of public sector. They have built their organization by embracing the need to have unique specializations for success.”

### **About Tyler Technologies, Inc.**

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler’s client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of “America’s Best Small Companies” five times in the last six years. More information about Dallas-based Tyler Technologies can be found at [www.tylertech.com](http://www.tylertech.com).
