

The Supreme Court of Oklahoma, Administrative Office of the Courts, Selects Tyler Technologies for Microsoft Dynamics® AX for the Public Sector

Tyler to implement Microsoft Dynamics AX in all 77 district courts in Oklahoma

DALLAS –July 24, 2013 –Tyler Technologies, Inc. (NYSE: TYL) has signed a contract with The Supreme Court of Oklahoma, Administrative Office of the Courts, to implement [Microsoft Dynamics® AX](#), an enterprise resource planning (ERP) solution with public sector functionality that Tyler Technologies jointly developed with Microsoft®.

Tyler Technologies will implement and support Dynamics AX in Oklahoma’s 77 district courts and the administrative office of the courts. The court selected Dynamics AX for its flexible out-of-the-box features, as well as the software’s role-tailored personas with built-in security parameters, and selected Tyler for its domain expertise in public sector ERP. Beyond domain expertise, Tyler consistently delivers successful statewide software implementations across multiple government entities. Under the agreement, integration to the court’s unified case management, jury management and fixed asset/inventory systems will be designed by Tyler.

Oklahoma is the 28th most populous state in the U.S. with more than 3.5 million residents.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler’s client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of “America’s Best Small Companies” five times in the last six years. More information about Dallas-based Tyler Technologies can be found at www.tylertech.com.
