

Tyler Technologies Announces 51 School Districts Live on Tyler SIS in Time for School Year

More than 5,000 school districts rely on Tyler's school solutions

PLANO, Texas – Sept. 5, 2013 – Tyler Technologies, Inc. (NYSE: TYL) welcomes 51 school districts across the U.S. which successfully implemented Tyler's student information solutions in time for the start of the 2013-2014 school year. These school districts join more than 5,000 school districts in the U.S. and Canada that rely on Tyler solutions.

In all, 51 school districts went live on Tyler's [Student Information System \(SIS\)](#) this summer, adding another 107,000 students and 7,000 teachers to Tyler's system nationwide. In Tyler's home state of Texas alone, 13 school districts went live on the solution including Socorro Independent School District in El Paso. Tyler's student information system software suite provides solutions for many core school district functions, including attendance, grade book, scheduling, enrollment, transcripts, GPAs, discipline, parent and student portals and more.

"Tyler has a history of providing excellent customer support and training to schools nationwide," said Chris Hepburn, president of Tyler's School Division. "We view school districts as an integrated enterprise, thus our solutions effectively meet the needs and requirements of administrators, teachers, parents and students. We're pleased to help these districts achieve success."

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of "America's Best Small Companies" five times in the last six years. More information about Plano-based Tyler Technologies can be found at www.tylertech.com.
