

Pennsylvania Local Government Entity Chooses Tyler Technologies' ERP Solution

Munis® enterprise resource planning solution to aid financial efficiencies at Northumberland County

PLANO, Texas – Dec. 23, 2013 – Tyler Technologies, Inc. (NYSE: TYL) has signed a contract with Pennsylvania's Northumberland County for Tyler's Munis® enterprise resource planning (ERP) solution. [Munis](#) will help the county streamline financial management processes with Web-based applications and role-tailored dashboards. The agreement includes related software licenses, professional services, training and support.

Northumberland County has a population of approximately 96,700 with 23 townships, 11 boroughs, and two cities.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of "America's Best Small Companies" seven times and the company has been included four times on the Barron's 400 Index, a measure of the most promising companies in America. More information about Plano-based Tyler Technologies can be found at www.tylertech.com.
