

Tyler Technologies Hosts Largest User Conference in Company History

Nearly 3,000 users attend technology conference in San Antonio

PLANO, Texas – April 22, 2014 – Tyler Technologies, Inc. (NYSE: TYL) hosted nearly 3,000 public sector clients from 54 North American states and provinces and two U.S. territories during Connect, the company’s annual educational gathering for users. The event, held at the Henry B. Gonzalez Convention Center in San Antonio, was the largest Connect conference since the meetings first began in 2008 with multiple Tyler products.

Tyler Connect is an excellent opportunity for users of Tyler products to learn about functionality, exchange ideas, and view highlights of future developments. The conference kicked off with an opening session featuring a welcome speech from San Antonio Mayor Julián Castro, followed by three days of more than 800 training sessions in 30 educational tracks. Many of the sessions included presentations and discussions on mobility, cloud solutions, paperless and citizen engagement initiatives.

In comments to clients during the opening session, Tyler Technologies President and Chief Executive Officer John S. Marr Jr. said, “The cloud, mobility, and going paperless are among today’s top priorities; however, Tyler’s long-term objective is for you to have an integrated, scalable, secure solution that runs on your premises or at one of our facilities. It’s critical that we, as your partner, deliver on those new opportunities within the Tyler applications that you use.”

Microsoft® was the platinum sponsor for the conference, with diamond and gold sponsorships by Paymentus and ExecuTime. In total, 41 preferred business partners and exhibitors participated.

Product tracks included classes for Eagle, Eden, EnerGov®, iasWorld®, Incode®, Infinite Visions®, Munis®, Odyssey®, Orion, Tyler Public Safety, Tyler SIS, Tyler Verify, Versatrans® and other Tyler products.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler’s client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of “America’s Best Small Companies” seven times and the company has been included four times on the Barron’s 400 Index, a measure of the most promising companies in America. More information about Plano-based Tyler Technologies can be found at www.tylertech.com.
