

## Superior Court of California, County of San Mateo, Selects Tyler Technologies' Odyssey Court Case Management Solution

*San Mateo chooses Tyler's Odyssey software solution to simplify processes*

**PLANO, Texas – May 13, 2014** – Tyler Technologies, Inc. (NYSE: TYL) today announced that the Superior Court of California, County of San Mateo, has selected Tyler's [Odyssey](#)® court case management software system to simplify court case management processes.

San Mateo selected Odyssey to replace its existing legacy case management software solution for processing criminal and juvenile delinquency cases. To date, 13 California superior courts have announced that they have chosen Tyler's Odyssey court management solution.

The court used the state's Master Services Agreement (MSA) that gives California's 58 superior courts the ability to purchase Tyler's Odyssey integrated court case management system at pre-negotiated terms, conditions and pricing outlined in the MSA. The MSA was developed by a group of IT leaders and court managers within the California judicial system as a way for the state's superior courts to efficiently purchase a case management system.

Odyssey has been selected for use by more than 500 counties in 21 states, serving more than 75 million residents. Odyssey has been successfully deployed statewide in Indiana, Minnesota, New Hampshire, New Mexico, North Dakota and South Dakota; statewide implementations in Idaho, Maryland, Oregon, Rhode Island and Washington are currently underway.

San Mateo County is in the San Francisco Bay area just south of San Francisco. The county has a population of more of than 718,000 and is home to the San Francisco International Airport.

### **About Tyler Technologies, Inc.**

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of "America's Best Small Companies" seven times and the company has been included four times on the Barron's 400 Index, a measure of the most promising companies in America. More information about Plano-based Tyler Technologies can be found at [www.tylertech.com](http://www.tylertech.com).
