

## Superior Court of California, County of San Bernardino, Selects Tyler Technologies' Odyssey Case Management System

**PLANO, Texas – July 15, 2014** – Tyler Technologies, Inc. (NYSE: TYL) today announced that the Superior Court of California, County of San Bernardino, has selected Tyler's [Odyssey®](#) court case management software solution for traffic and criminal case types.

San Bernardino Superior Court used the state's Master Services Agreement (MSA) that gives California's 58 superior courts the ability to purchase Tyler's Odyssey integrated court case management system at pre-negotiated terms, conditions and pricing outlined in the MSA. The MSA was developed by a group of IT leaders and court managers within the California judicial system as a way for the state's superior courts to efficiently purchase a case management system.

San Bernardino Superior Court serves the county's 2 million residents; the county's more than 20,000 square miles includes part of the Mojave Desert and is the largest geographic county in the contiguous United States. To date, 24 California superior courts have announced that they have chosen Tyler's Odyssey court management solution.

In total, Odyssey serves more than 100 million residents, a third of the U.S. population, in more than 600 counties across 21 states. Odyssey has been successfully deployed statewide in Indiana, Minnesota, New Hampshire, New Mexico, North Dakota and South Dakota; statewide implementations in Idaho, Maryland, Oregon, Rhode Island and Washington are currently underway.
