

Superior Court of California, County of Santa Barbara, Selects Tyler Technologies' Odyssey Case Management System

Court signs agreement for case management and e-filing solution

PLANO, Texas – July 29, 2014 – Tyler Technologies, Inc. (NYSE: TYL) today announced that the Superior Court of California, County of Santa Barbara, has selected Tyler's [Odyssey](#)® court case management software solution to increase public access to information and modernize court operations.

The court will implement multiple Odyssey applications for all case types: civil, criminal, traffic, juvenile, family and probate. The court also selected Odyssey SessionWorks® Judge and Clerk editions to present digital data on the bench via touch-screen technology.

Santa Barbara Superior Court used the state's Master Services Agreement (MSA) that gives California's 58 superior courts the ability to purchase Tyler's Odyssey integrated court case management system at pre-negotiated terms, conditions and pricing outlined in the MSA. The MSA was developed by a group of IT leaders and court managers within the California judicial system as a way for the state's superior courts to efficiently purchase a case management system.

Santa Barbara Superior Court processes more than 94,000 case filings annually. Santa Barbara County is on the Pacific coast about 90 miles northwest of Los Angeles and has more than 427,000 residents. To date, 25 California superior courts have chosen Tyler's Odyssey court management solution.

In total, Odyssey serves more than 100 million residents, a third of the U.S. population, in more than 600 counties across 21 states. Odyssey has been successfully deployed statewide in Indiana, Minnesota, New Hampshire, New Mexico, North Dakota and South Dakota; statewide implementations in Idaho, Maryland, Oregon, Rhode Island and Washington are currently underway.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of "America's Best Small Companies" seven times and the company has been included four times on the Barron's 400 Index, a measure of the most promising companies in America. More information about Plano-based Tyler Technologies can be found at www.tylertech.com.
