

## Multnomah County, Oregon, Selects Tyler Technologies' Tax Software Solution

*Oregon's most-populous county chooses Tyler's Orion appraisal and tax administration software solution*

**PLANO, Texas – Sept. 9, 2014** – Tyler Technologies, Inc. (NYSE: TYL) has signed a contract with Multnomah County, Oregon, for Tyler's [Orion](#) appraisal and tax software solution. The agreement, valued at approximately \$5.5 million, includes software licenses, related professional services, maintenance and support.

Orion will help the county increase assessment capabilities, improve the management of collecting revenues, aid employee training through use of a modern software interface and improve customer access to data. Additionally, Orion will provide the tools necessary for in-field management of data using mobile devices integrated with a GIS utility for accurate mapping and efficient reporting.

Built on stateless n-tier architecture, Orion is a [computer-assisted mass appraisal](#) (CAMA) solution that delivers powerful scalability, extensive availability and flexible deployment options.

Multnomah County has about 760,000 residents making it Oregon's most-populous county; it's also home to Portland, the state's largest city. Multnomah County's Division of Assessment, Recording and Taxation maintains assessed values for more than 340,000 parcels and billed more than \$1.3 billion in tax revenue in 2013.

### **About Tyler Technologies, Inc.**

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler's client base includes more than 11,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of "America's Best Small Companies" seven times and the company has been included four times on the Barron's 400 Index, a measure of the most promising companies in America. More information about Plano-based Tyler Technologies can be found at [www.tylertech.com](http://www.tylertech.com).
