

## City of Pinellas Park, Florida, Selects Suite of Solutions from Tyler Technologies

*City to update technology, streamline workflow with Munis and EnerGov solutions*

**PLANO, Texas – June 11, 2015** – Tyler Technologies, Inc. (NYSE: TYL) has signed a contract with the city of Pinellas Park, Florida, to replace its current systems with Tyler’s [Munis](#)® and [EnerGov](#)™ software solutions. The agreement includes software licenses, implementation, professional services, and support.

The city of Pinellas Park sought to replace legacy in-house applications with modern solutions for financial management, human resources management, land management and infrastructure management. Pinellas Park officials specifically wanted integrated commercial-off-the-shelf (COTS) solutions that would be flexible enough to grow with the city and its future needs.

After a comprehensive review, the city selected multiple applications within Tyler’s Munis enterprise resource planning (ERP) software, and the EnerGov planning, regulatory and maintenance platform. With Tyler’s solutions, Pinellas Park can streamline business processes while enhancing customer service, including self-service portals for residents.

With more than 175 public sector clients in Florida, Tyler has a strong track record of success and industry experts who possess knowledge of the jurisdictional nuances unique to municipalities within the state. The city will also benefit from Tyler’s evergreen perpetual licensing approach that provides regular and significant, yet manageable, software enhancements without an additional relicensing or service fee, ensuring the city has continued access to evolving technology.

Pinellas Park is a progressive and growing city about 15 miles west of Tampa. In addition to serving its 49,000 residents, Pinellas Park provides neighboring communities and unincorporated areas with support such as fire services, permitting and inspections, water service, and utility billing.

### **About Tyler Technologies, Inc.**

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler’s client base includes more than 13,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. Forbes has named Tyler one of “America’s Best Small Companies” eight times and the company has been included six times on the Barron’s 400 Index, a measure of the most promising companies in America. More information about Plano-based Tyler Technologies can be found at [www.tylertech.com](http://www.tylertech.com).
