Empowering people who serve the public®

Tyler Technologies Named With Top Five Best Places to Work in Maine

Tyler ranked for eighth year in Best Places to Work in Maine program

YARMOUTH, Maine – Nov. 3, 2015 – Tyler Technologies, Inc. (NYSE: TYL) announced it was recently named one of the Best Places to Work in Maine for the fifth consecutive year. This is the eighth time Tyler has been named to the list. Tyler was ranked fifth in large employer category for the second year in a row.

With locations in Falmouth, Bangor and Yarmouth, the company recently announced that it plans to build an addition at its Yarmouth campus and expects to hire more than 500 additional employees over the next ten years. Tyler offers comprehensive benefits, competitive compensation packages, and career coaching to promote opportunities for personal and professional growth. Tyler's Maine employees enjoy many onsite amenities, such as a cafeteria, fitness center, game room and walking trails.

The 2015 Best Places to Work in Maine program recognizes companies that have established and consistently fostered outstanding workplace environments. The assessment process, administered by the Best Companies Group, evaluated each company's employee policies and procedures, as well as survey responses from the companies' employees.

"It's an honor to be consistently recognized by our employees as being one of the best places to work in Maine," said Chris Hepburn, senior vice president of Tyler's ERP & School Division. "We strive to provide a challenging and enjoyable work environment for our employees, who contribute directly to Tyler's success."

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of citizens. Tyler has more than 500 employees in Maine with offices in Bangor, Falmouth and Yarmouth, and its software is used by more than 150 school districts in Maine. Overall, Tyler's client base includes more than 13,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. More information about Tyler Technologies can be found at www.tylertech.com.
