

Culpeper, Virginia, Chooses ERP Solution from Tyler Technologies

Munis software to provide suite of financial and utility management applications

PLANO, Texas – May 31, 2016 – Tyler Technologies, Inc. (NYSE: TYL) has signed an agreement with the town of Culpeper, Virginia, for Tyler’s Munis® enterprise resource planning (ERP) solution. The agreement includes software licensing, implementation, project management and support. The town utilized the existing National Joint Powers Alliance (NJPA) contract in procuring Munis.

Culpeper officials decided to replace their current financial system with Munis because it provides comprehensive ERP applications, including financial, payroll and human resources management, as well as utility and tax billing.

Munis will help the town streamline workflows by leveraging Munis’ integrated financial and utility management applications to create more efficient processes.

The town of Culpeper will benefit from Tyler’s evergreen perpetual licensing approach that provides regular and significant, yet manageable, software enhancements without an additional relicensing fee, ensuring all systems are using the latest technology.

Located about 60 miles southwest of Washington, D.C., the town of Culpeper has approximately 17,000 residents and is the county seat of Culpeper County.
