

Oregon's South Coast Education Service District Selects Integrated Financial and Human Resources Solution from Tyler Technologies

Infinite Vision software to modernize management of 69 schools across districts

PLANO, Texas – Aug. 9, 2016 – Tyler Technologies, Inc. (NYSE: TYL) signed an agreement with Oregon's South Coast Education Service District (ESD) for Tyler's Infinite Visions® financial and personnel management solution. The agreement includes project management, training, consulting and software installation.

South Coast ESD operated a legacy management solution for more than 30 years; however, it sought a new system to meet its growing needs. The district turned to Tyler's Infinite Vision solution, a predominant product for Oregon K-12 schools.

Tyler's Infinite Visions solution will provide a financial and personnel management system for South Coast ESD's 33 clients. Tyler and South Coast ESD will work closely to implement the new system throughout the districts and ensure a smooth data transition.

South Coast ESD, which will continue to provide hosting for 33 school districts throughout Oregon, will join more than 1,000 districts currently using the Infinite Visions solution.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of their constituents. Tyler's client base includes more than 14,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. In 2016, Forbes ranked Tyler on their "Most Innovative Growth Companies" list, and it has also named Tyler one of "America's Best Small Companies" eight times. The company has been included six times on the Barron's 400 Index, a measure of the most promising companies in America. More information about Tyler Technologies, headquartered in Plano, Texas, can be found at www.tylertech.com.
