

Tyler Technologies Expands Presence in Ohio with Two Financial Management Solution Agreements

Tyler's Incode to be used in city of Zanesville and Five Rivers MetroParks in Dayton

PLANO, Texas – Feb. 14, 2017 – [Tyler Technologies, Inc.](#) (NYSE: TYL) signed agreements with the city of Zanesville, Ohio, and Five Rivers MetroParks in Dayton, Ohio, for Tyler's Incode® financials solution. These two new Ohio clients join more than 150 other Tyler clients in the state.

Tyler will provide the city of Zanesville with the Incode financial management suite, personnel management suite, and customer relationship management suite to track major business functions for the city's various departments. The city will also use Tyler's EnerGov™ permitting, land management, and regulatory suite, as well as the Tyler Content Manager™ solution. Zanesville will benefit from Tyler's Citizens Portal, which will allow the city's constituents to access their utility billing online, make payments, and review balances. Incode and EnerGov will help enhance the efficiency and accuracy of the city's financial systems.

Tyler will also provide Incode, as well as Tyler's ExecuTime™ time and record keeping solution, to Five Rivers MetroParks in Dayton. Celebrating more than 50 years of preserving green space and natural areas, Five Rivers MetroParks is a nationally renowned park system composed of natural area parks, gardens, high-quality river corridors, urban parks and a network of recreation trails. Similar to the city of Zanesville, Five Rivers MetroParks will also use Tyler's Incode financial management suite, personnel suite, and Tyler Content Manager solution. Incode and ExecuTime will help the park system more effectively track payments and personnel changes and updates, and more easily manage the park system's resources.

Both clients will benefit from access to Tyler U, Tyler's continuing education platform and online resource. Clients have access to hundreds of e-learning courses spanning the entire suite of Tyler applications and 24/7 online support. Tyler U offers unlimited access to on-demand continuing professional education courses certified by the National Association of State Boards of Accountancy (NASBA) and government compliance courses such as HIPAA compliance and workplace harassment prevention.

The city of Zanesville is about 55 miles east of Ohio's capital, Columbus, and has a population of just over 25,000. Montgomery County, home to Five Rivers MetroParks, is approximately 70 miles west of Columbus. Its county seat, the city of Dayton, is the sixth largest city in Ohio and has a population of roughly 142,000.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector — cities, counties, schools and other government entities — to become more efficient, more accessible and more responsive to the needs of their constituents. Tyler's client base

includes more than 15,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations.
