

Tyler Technologies Acquires Radio 10-33, an Audio Capture Company

Acquisition invests in technology for enhanced radio integration with public safety solutions

PLANO, Texas (November 29, 2017) – [Tyler Technologies, Inc.](#) (NYSE: TYL) today announced it has acquired audio and digital two-way radio communications technology and related assets from Radio 10-33, LLC. Tyler expects to deploy the acquired assets in future applications for recording E-911 transmissions.

With this acquisition, Tyler is investing in enhanced capabilities that will provide added value to emergency communication centers, law enforcement, fire and EMS agencies for monitoring and responding to the regions they serve. The recordings can be used by mobile units, dispatch centers, and agency professionals for instant incident playback, and can be saved as MP3 or MP4 video files with metadata.

“We are looking forward to integrating this advanced technology with our public safety solutions,” said Greg Sebastian, president of Tyler’s Public Safety Division. “Radio integration with a public safety software system is a significant benefit, providing backup for important information and assisting neighboring agency interoperability. We are always seeking best of breed technology to continuously improve service to existing and future clients.”

During the coming months, Radio 10-33’s technology and services offerings will be integrated into Tyler operations and branding.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector – cities, counties, schools and other government entities – to become more efficient, more accessible and more responsive to the needs of their constituents. Tyler’s client base includes more than 15,000 local government offices in all 50 states, Canada, the Caribbean, the United Kingdom and other international locations. In 2017, *Forbes* ranked Tyler on its “Most Innovative Growth Companies” list, and it has named Tyler one of “America’s Best Small Companies” eight times. The company has been included six times on the *Barron’s* 400 Index, a measure of the most promising companies in America. More information about Tyler Technologies, headquartered in Plano, Texas, can be found at tylertech.com.
