

Tyler Technologies Announces Opening of Campus Expansion in Yarmouth, Maine

Tyler's ERP & Schools Division adds more than 90,000 square feet

PLANO, Texas (Jan. 31, 2018) – [Tyler Technologies, Inc.](#) (NYSE: TYL) announced today it has officially opened its new 94,425 square foot building expansion located in Yarmouth, Maine, after nearly two years of renovation.

The four-story addition features

- A meeting room with theater seating for more than 175 people
- More than 30 collaboration areas
- Meeting rooms with advanced AV functionality
- Large client training and development lab
- 3,600-square-foot fitness center
- Half-court basketball court
- Expanded café
- Landscaped courtyard
- Multiple decks on all floors for outside access
- A trail head leading to the West Side Trail

The Yarmouth campus can now accommodate up to 750 employees. The space was planned to support Tyler's hiring projections in Maine; the company expects to add 55 new jobs in 2018.

“The opening of our new Yarmouth facility underscores our commitment to Maine. We believe it is a positive development for the community, as well as for our employees and clients,” said John Marr Jr., chief executive officer. “Throughout our Maine offices, we foresee the potential growth of 575 new jobs for Maine through 2025, and this building is a symbol of our pledge to the area to continue to innovate for our clients and provide a great place to work for our employees.”

Tyler's commitment in Maine began in 1962, when John Marr Sr. founded Process Inc., which later became The Computer Center and then was renamed MUNIS in the 1980s. The company was sold to Tyler Technologies in 1999 and Tyler has maintained a strong and growing presence in Maine ever since, today serving more than 215 clients in the state and employing more than 700 staff in its Yarmouth, Falmouth, and Bangor offices.

The Tyler Foundation supported numerous Maine charities last year, and its popular Maine App Challenge donates \$10,000 of college scholarship money to high school students each year. Additionally, Tyler employees are involved in many local charitable causes throughout the year.

The ERP & Schools Division, headquartered in Maine, creates public sector software solutions for cities, counties, schools, and other public municipalities. These solutions empower public offices to manage their finances and data more efficiently and effectively.
