

Tyler Technologies to Provide Odyssey Case Manager Solution to Travis County, Texas

County also uses Tyler's SoftCode civil processing and Brazos e-citation solutions

PLANO, Texas (Feb. 6, 2018) – [Tyler Technologies, Inc.](#) (NYSE: TYL) signed an agreement with Travis County, Texas, for Tyler's Odyssey Case Manager™ solution. The solution, already used by the Justice of the Peace (JP) courts, will now be used by the county's civil, criminal, and probate courts to track all aspects of case management, such as locating case information, creating dockets, generating case information, and providing advanced search features.

Travis County was looking to update its customized legacy case management system and automate processes within its courts. The county was already familiar with Tyler, since in addition to using Odyssey in the JP courts, Travis currently uses Tyler's SoftCode™ civil processing solution and Brazos™ e-citation solution, as well as the eFileTexas e-filing platform hosted by Tyler. Following an exhaustive evaluation process, the county selected Tyler to provide Odyssey Case Manager.

Travis County joins a growing list of counties of all population sizes and functional complexity that have chosen Odyssey for their courts and justice applications. Currently, about 80 percent of the population of Texas live in counties that have implemented Odyssey.

Travis County is home to the Texas state capitol in Austin, and is the fifth most populous county in Texas with a population of more than 1 million.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector - cities, counties, schools and other government entities - to become more efficient, more accessible and more responsive to the needs of their constituents. Tyler's client base includes more than 15,000 local government offices in all 50 states, Canada, the Caribbean, Australia, and other international locations. In 2017, Forbes ranked Tyler on its "Most Innovative Growth Companies" list, and Fortune included Tyler on its "100 Fastest-Growing Companies" list.
