

Tyler Technologies' Building Remodel to Accommodate Hiring in Dayton, Ohio, Metro Area

Tyler's local office to accommodate up to 200 employees

PLANO, Texas (March 6, 2018) – [Tyler Technologies, Inc.](#) (NYSE: TYL) announced it has completed major building renovations of its Appraisal & Tax Division located in Moraine, Ohio, in the Dayton metro area. The division's building remodel will support its hiring projections for 2018 and beyond, which include adding approximately 80 people to support its appraisal and tax software and services.

Tyler purchased and moved into its current building location in 2012 and has modernized the entire office space over the past few years, creating a positive work environment for employees and attracting top talent in the Dayton area, including software development, support, and implementation. The newly remodeled space is able to accommodate more than 200 employees.

“Our building remodel in Moraine underscores Tyler’s strong presence and commitment to this area,” said Mark Hawkins, senior vice president of software operations in Tyler’s Appraisal & Tax Division. “Our goal was to modernize the office by featuring state-of-the-art technology, a sleek design, and comfortable work spaces for our employees. We plan to attract roughly 80 people – many of which will be based out of our Moraine office this year – and continue to provide best-in-class solutions and services to our growing list of 465 appraisal and tax clients.”

Some features of the new space include

- Adjustable sit-to-stand desks
- Ergonomic chairs
- Conference rooms equipped with wireless connections to facilitate untethered presentations
- Semi-automated scheduling capabilities for booking one of the seven new conference rooms
- Updated fitness center, walking track, and game room

Tyler’s Appraisal & Tax Division, headquartered in the Dayton metro area, serves hundreds of taxing authorities throughout the U.S. and Canada with computer-assisted mass appraisal (CAMA) solutions, tax billing and collections software, and turnkey reassessment and revaluation services. Nationwide, Tyler serves local government offices and school districts by providing software and services in all areas of local government, including ERP financials, courts and justice, public safety, records and documents, community development, and school transportation and information systems.

About Tyler Technologies, Inc.

Tyler Technologies (NYSE: TYL) is a leading provider of end-to-end information management solutions and services for local governments. Tyler partners with clients to empower the public sector - cities, counties, schools and other government entities - to
