

## Tyler Technologies Plans Major Expansion of Moraine, Ohio, Building to Accommodate Growth

*Expansion will add 45,000 square feet of space*

[Tyler Technologies, Inc.](#) (NYSE: TYL) announced today it is making plans for expansion on its Moraine, Ohio, building to add an additional 45,000 square feet of space, bringing the building's total square footage to 85,000. State and local incentives will support the completion of this project.

The additional space will accommodate expected future growth within Tyler's Appraisal & Tax Division, which is headquartered in Moraine. The division's expanded space will allow for more than 200 additional hires.

"We're pleased to begin this expansion project for our appraisal and tax operations, solidifying Tyler's reputation as an employer of choice in the greater Dayton area and helping us to continue to attract top talent," said Mark Hawkins, president of Tyler's Appraisal & Tax Division. "Tyler has always been a fiscally responsible company that makes sound investment choices, and we believe it is the right time to expand our Moraine office to

accommodate planned future growth."

Tyler has been a contributor to and integral part of the Dayton area economy, first as the Cole-Layer-Trumble Company, founded in 1938, and later as part of Tyler Technologies. The division moved into its current building location in 2012. Over the past few years, Tyler has [modernized the entire office space](#) to create a positive work environment for employees and to attract leading talent in the greater Dayton area, including software development, support, and implementation positions. Tyler also has a strong relationship with the Dayton community, participating in the annual toy drive benefiting the Christmas for Kids program by For Love of Children, coat and glove drive for Target Dayton Ministries, the Making Strides of Dayton walk to raise awareness for breast cancer, and other causes that align with Tyler's vision to support vibrant, healthy communities.

Tyler has been backed by several local organizations for the building expansion, including JobsOhio; the State of Ohio; Montgomery County, Ohio; City of Moraine, Ohio; and Kettering City Schools. Tyler remains committed to the local Dayton/Moraine area, and the support of these entities allow the company to continue investing locally.

Tyler's Appraisal & Tax Division serves hundreds of taxing authorities throughout the U.S., Canada, and The Commonwealth of the Bahamas with computer-assisted mass appraisal (CAMA) solutions, tax billing and collections software, and turnkey mass appraisal services. Nationwide, Tyler serves local government offices and school districts by providing software and services in all areas of local government, including public administration, courts and public safety, data and insights, and K-12 education.

### **About Tyler Technologies, Inc.**

Tyler Technologies (NYSE: TYL) is the largest and most established provider of integrated software and technology services focused on the public sector. Tyler's end-to-end solutions empower local, state, and federal government entities to operate more efficiently and connect more transparently with their constituents and with each other. By connecting data and processes across disparate systems, Tyler's solutions are transforming how clients gain actionable insights that solve problems in their communities.
