

## Fourth-Largest North Carolina School District to Modernize Operations with Tyler Technologies' K-12 Solution

*Winston-Salem/Forsyth County Schools selected Tyler's Munis and ExecuTime solutions*

**PLANO, Texas** (Dec. 30, 2019) – [Tyler Technologies, Inc.](#) (NYSE: TYL) announced that it has signed a software-as-a-service (SaaS) agreement with Winston-Salem/Forsyth County Schools (WSFCS) in North Carolina for Tyler's Munis® enterprise resource planning (ERP) and ExecuTime™ Time & Attendance solutions.

WSFCS serves approximately 55,000 students across 81 schools. Its selection team was looking for a vendor with deep K-12 experience and a dedicated team for software development, implementation, software upgrades, service, and support.

“Our district is a large and busy operation – with 81 schools and more than 7,000 staff members – and we needed a solution that would streamline our workflows and bring efficiency to our daily business tasks,” said Kevin Sherrill, chief technology officer, WSFCS. “We are confident in selecting Tyler to bring these needed efficiencies to our district, and we look forward to implementing its ERP solution.”

Tyler will provide WSFCS with

- Automated financial and HR workflow across the district
- Integrated timekeeping and payroll for 7,200 employees
- Streamlined purchasing
- Electronic document imaging
- Built-in business continuity planning
- 24/7 remote access with built-in disaster recovery services

“We’re looking forward to providing the Winston-Salem/Forsyth County Schools with a proven K-12 ERP solution that will improve information transparency while enabling their staff to make important data-driven decisions,” said Chris Webster, president of Tyler’s ERP Division. “Through a partnership with WSFCS, our solutions will help them reach their goals of modernizing school business operations and increase efficiencies across the district.”

WSFCS joins several other North Carolina schools who have selected Tyler’s Munis solution under the [Department of Public Instruction’s School Business Systems Modernization Program](#) this year, including New Hanover County Schools, Stanly County Schools, Chapel Hill-Carrboro City Schools, Swain County Schools, and Craven County Schools.

Munis is used by more than 550 school districts across the country. Today, one in four school districts nationwide uses a Tyler solution in their software ecosystem ensuring modern and efficient processing solutions for the enterprise, including student transportation and student information solutions.
